Another Year Begins

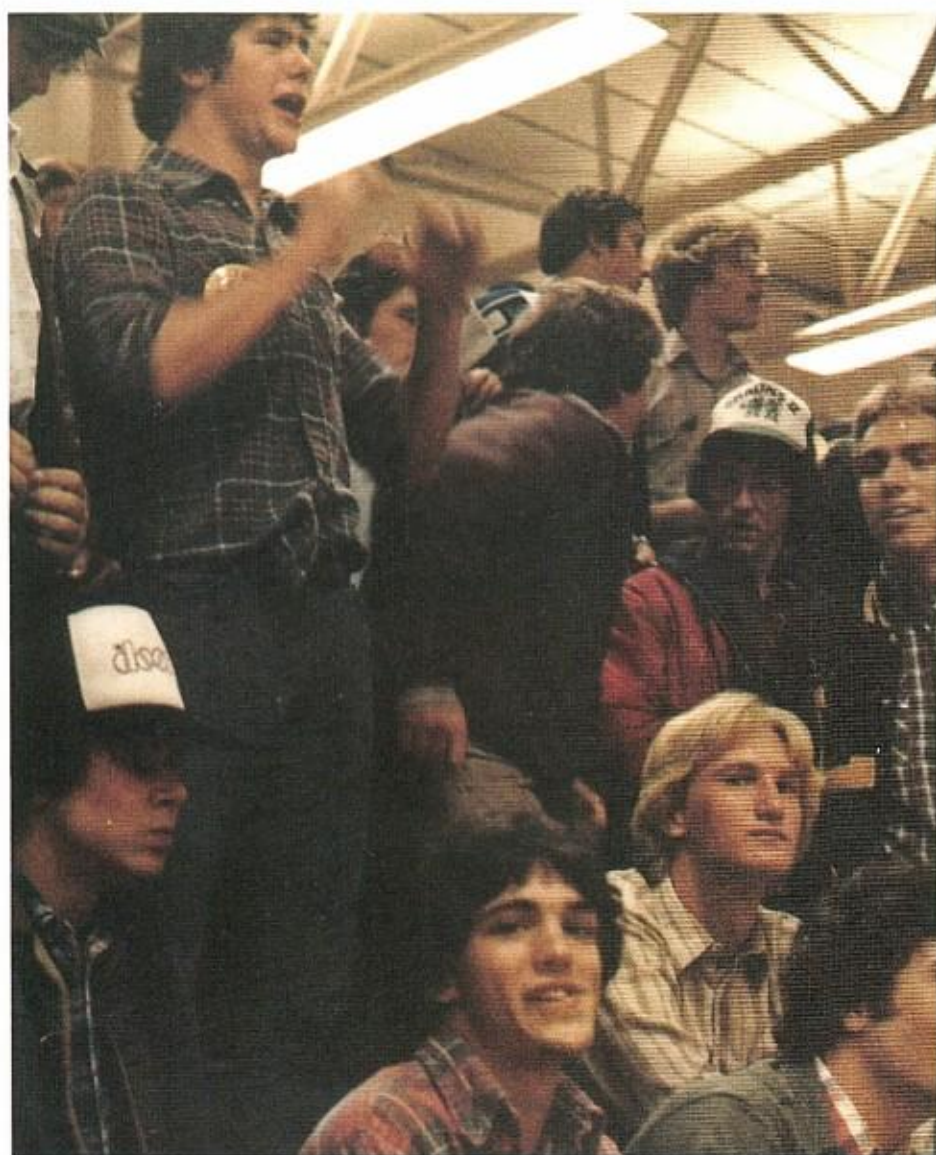

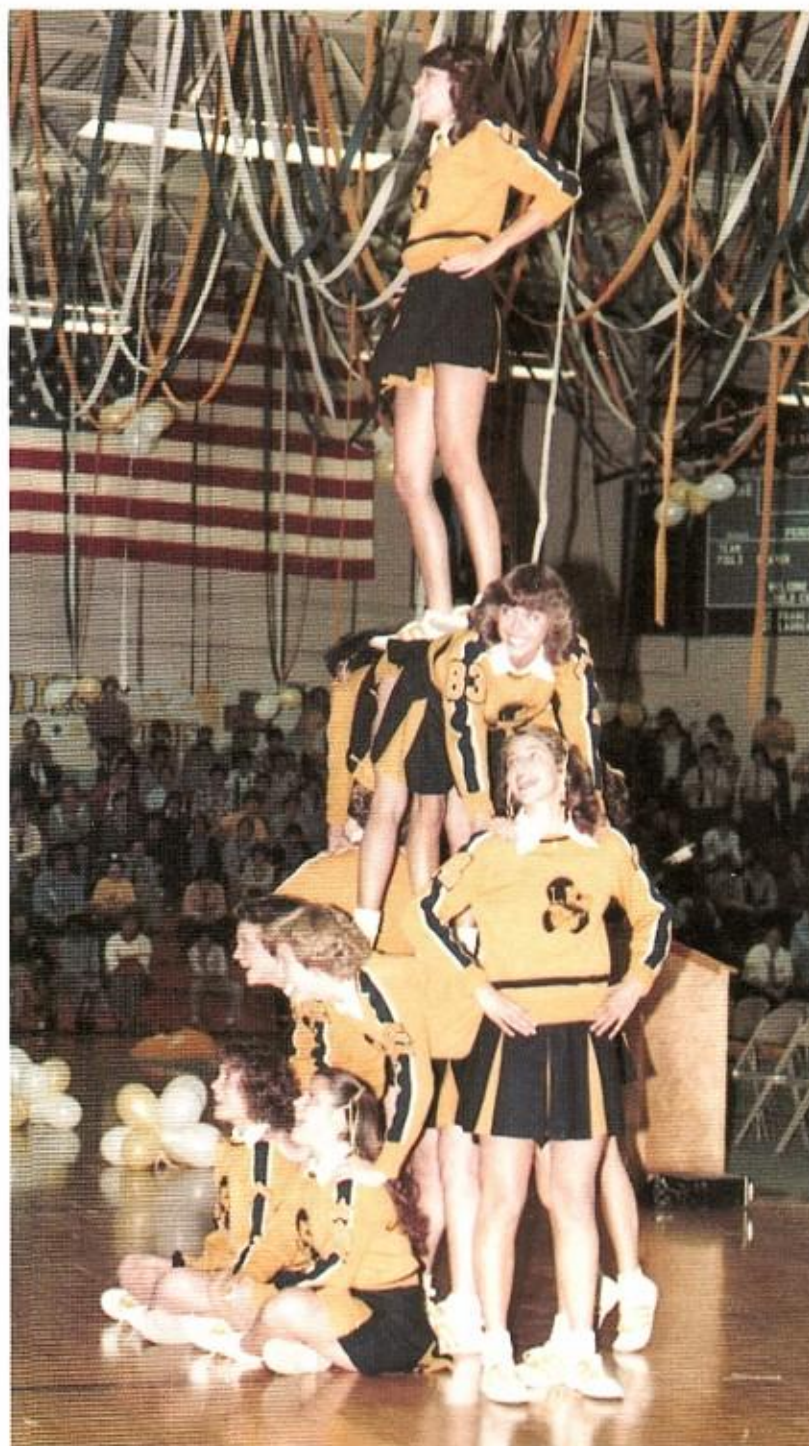

Every year, come late August, several hundred Vikings come from near and far, all over Chicagoland, to return to their beloved Valhallan St. Laurence. Also, as the ritual goes a few hundred new Vikes (Bennies) hop aboard the Viking ship and weather the year's storms for the first time.

That first day of school, despite it's traditional connotations, is really for most people a day to renew old friendships severed by the summer break and hopefully one to start friendships that will last forever.

But for the people who have not seen the likes of the nine o'clock hour in three months, they will have to settle with walking the halls half asleep, dreaming of the day they can count on one hand the days until Christmas.

Life at Sea

An ordinary school day began long before eight fifty in the morning. Before school, wrestlers, swimmers, and football players were in the weight room working-out. Many students arrived for zero period classes.

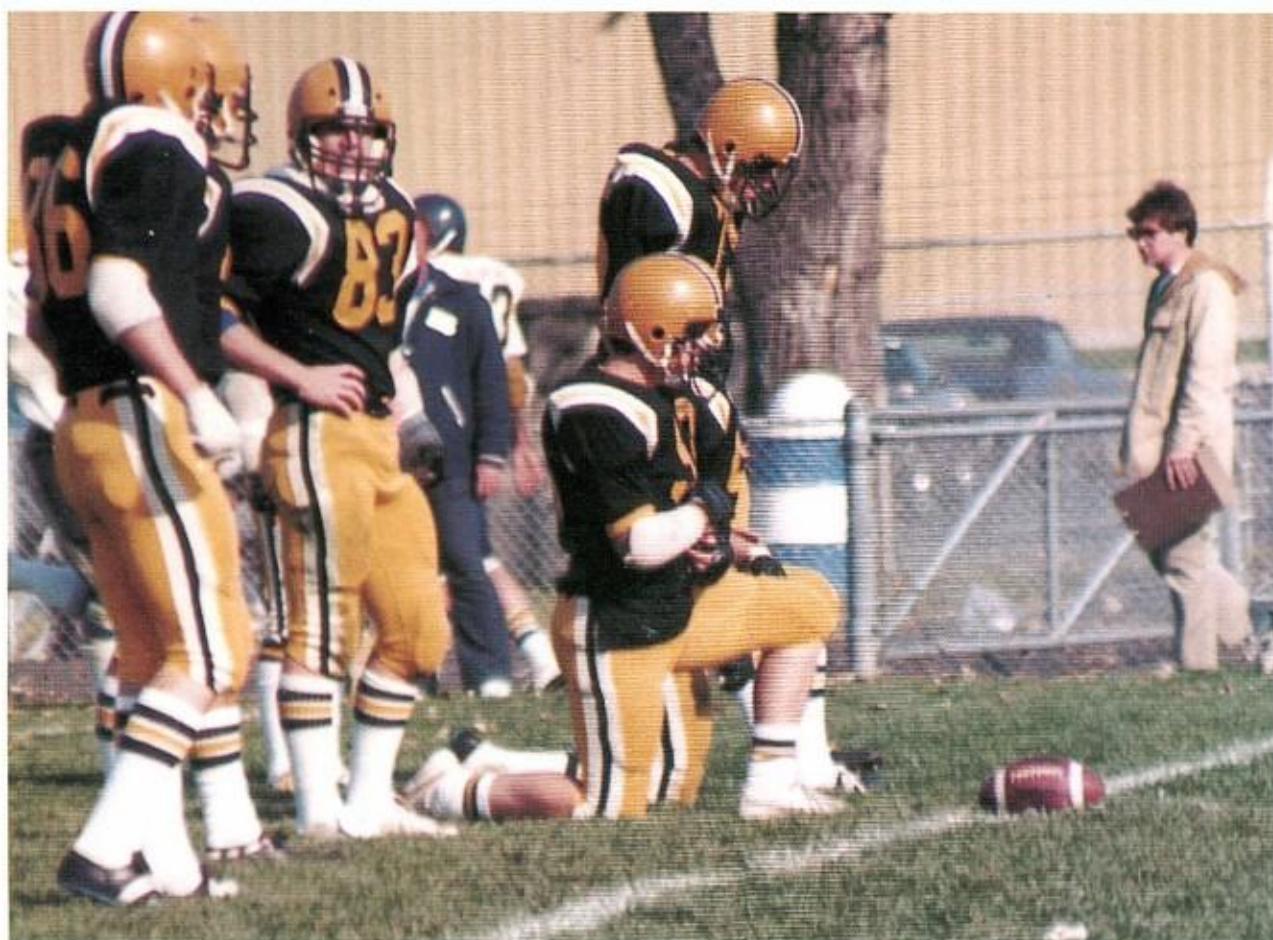

A typical student's day began by walking, driving, taking a bus or a bike to school. After arriving in school, students entered the crowded foyer, where friends were copying forgotten homework, reading papers, playing guitars, or just catching up on sleep. Many other popular pre-school activities were playing frisbee outdoors (summer), aimlessly wandering the

halls (most common), or for the lucky picking up girls at Queen of Peace.

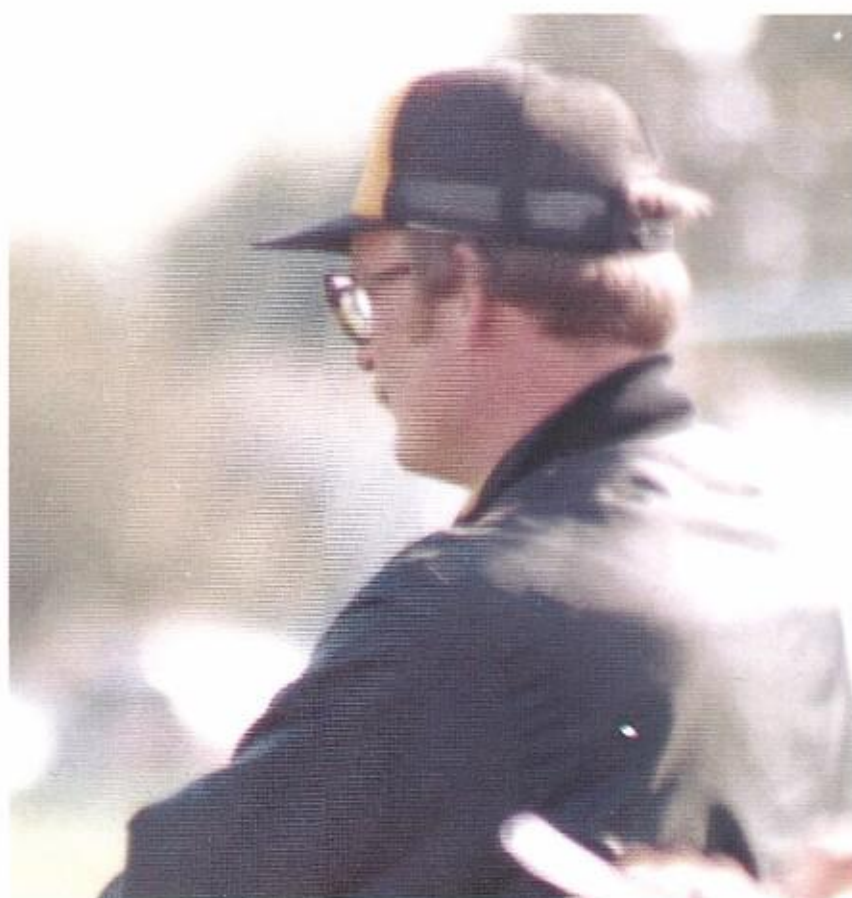

Within academic hours students fed their minds with vast reservoirs of knowledge. Every forty-one minutes clatter and yells were heard in the wings as the students changed classes. After school students moved into the world of extra-curricular activities. Clustered in the gym foyer, on the track, in the weightrooms, publication offices, and just about everywhere else imaginable, they displayed through their relentless dedication a true sense of Viking pride and tradition.

Homecoming Win Highlights Season

Perhaps the most exciting time of the Viking year is Homecoming Season. What other time of year do you see so many people, here for so long, doing so much?

The biggest part of the Homecoming festival is the hope and anticipation that surrounds it and humbles the event itself.

Assisted by Student Activities Moderator Mr. Scott, the Homecoming Committee headed up by Jim Valek and John Kelly organized the numerous activities of the week that made everything work.

The pep rally is traditionally the high point of the week's festivities and this year proved to be no exception. The infamous pep-rally skit was much better

than previous years but even that is not saying much.

At high noon on the second Saturday in October the ritual began with the parade of Vikings through the streets of Burbank. After that the Vikes took to the field to prove that all this ado was not about nothing. St. Francis DeSales, well, they went home empty-handed, trying to figure out just exactly what hit them. In their 21-20 overtime victory the St. Laurence squad proved they were a force to be reckoned with in the powerful Catholic League.

The after-game festivities were quite up to par with the rest of the week. The dance was held afterwards in the Gym and a splendid time was had by all in attendance.

Band Makes Big Moves

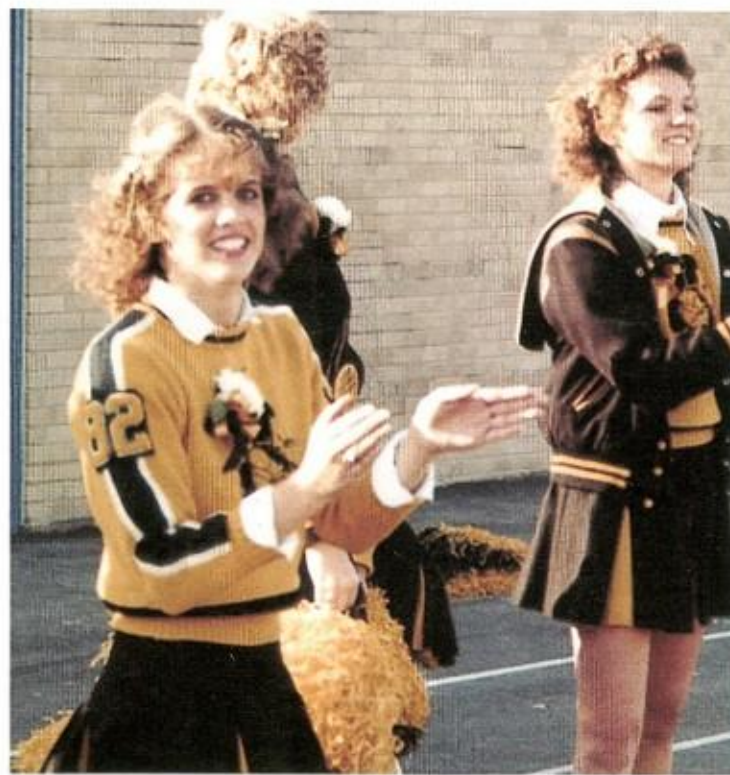

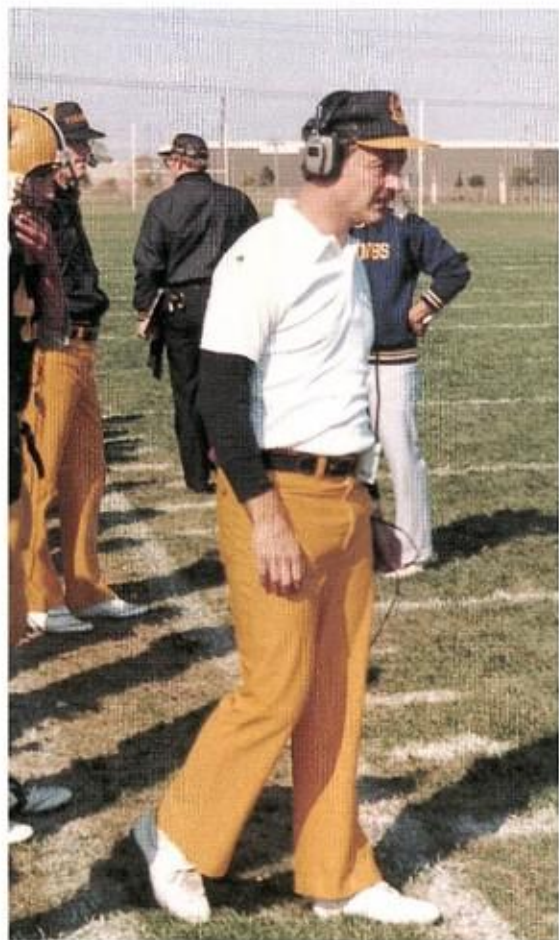

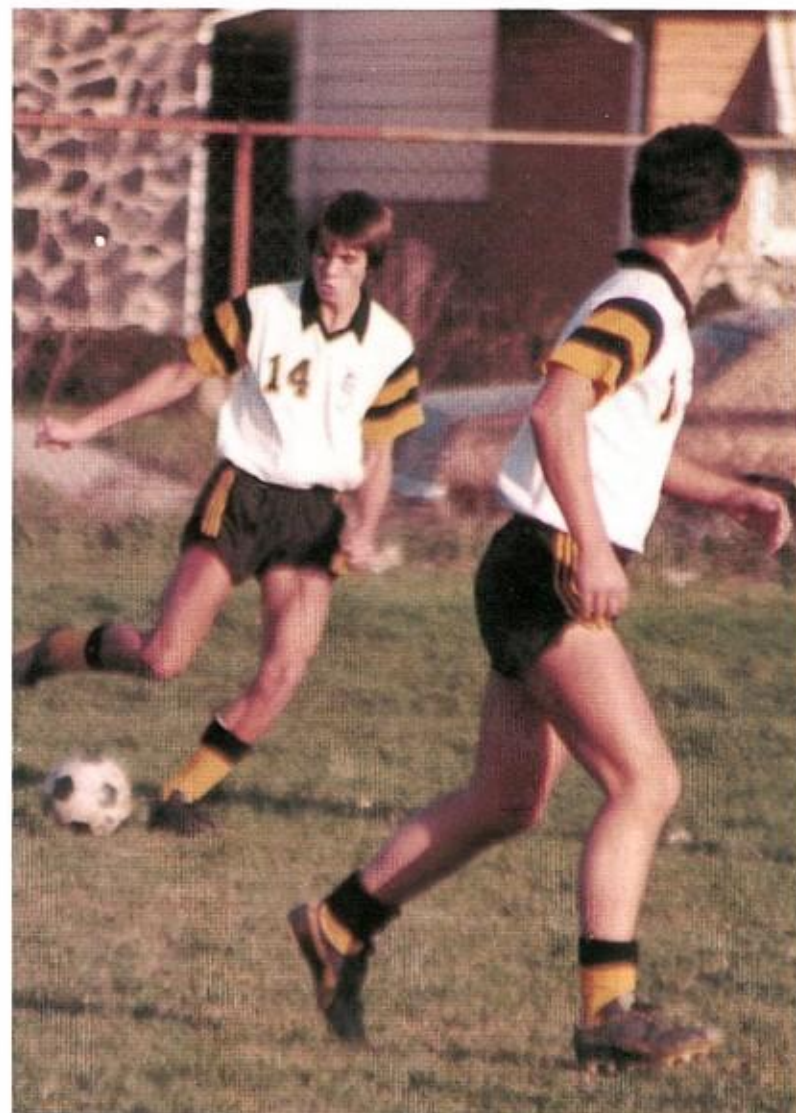

One of St. Laurence's greatest things to be proud about over the past few years has been the band. Under the direction of Leo Henning, and his son Patrick Henning the band has taken great steps to being recognized as a force in statewide competition.

The Band administration aided by Br. May (moderator) put together quite a show, "one of the most prestigious marching bands in the state of Illinois" as the Helm described it.

Competing in the Second Annual Music Bowl at Soldier Field and finishing a respectable thirteenth was just one of the big moves the Marching Gold 100 made. They, also as another feather in their cap, finished fifth in an outstanding field of competition at A.A. Stagg High School in similar competition.

In Memoriam

Brother D. L. Phillips

One of the truly sad events of the year was the passing of the beloved Br. D. L. Phillips.

You could feel the sadness all around you it seemed that Monday morning when we arrived to the sad news. Br. Messick perhaps put it best when he said of the late brother that his death was a victory, and how it deeply affected him so much personally. It is difficult to write of Br. Phillips life in retrospect, because it seems that everybody who was old enough to know him loved him.

Bro led a deeply extraordinary life, born in Montana, moved to Florida at a young age. The rumors that surround the life of Phillips are so many that you have to wonder if they are all true, but the people that he told them to seem to believe them as if they were the word of God itself.

It seems as a young man, Bro worked in a speakeasy during the "roaring Twenties." He used to have

to swim out in the ocean to retrieve illicit alcohol delivered by ship.

Finally, Bro decided to change his evil ways. One story has it that his dead girlfriend came to him in a dream and told him to join the Bros.

Well, whether or not his girlfriend ever came to him or not, Phillips did decide to become a brother. It was very difficult for this born Protestant to give up all that was his and join the Christian Brothers, but Bro Phillips made the holy sacrifice and answered his call.

He was, to say the least, ostracized from everything and everybody he knew and loved. But he had a new family now. The Christian Brothers of Ireland, and what better family could he have had.

Bro Phillips was at one time assigned to Vancouver, where, as legend has it, he became a renowned director and dramatist. When he questioned the brothers as to whether

they would pay for college so he could further enhance his knowledge of the art, he became quite distraught at the fact that they would not. So distraught, they say, that he would never direct another play again. This type of stubbornness was part of that Bro Phillips' hallmark that many would grow to love.

He used to, they say, keep live birds free in his room. You can imagine that was hard to clean.

With a legacy as rich as his, and for what he left us, we should not curse God for his death but praise Him because he lived.

It is not an occasion to mourn, but one to rejoice. For he was old and we should be so lucky to live so long. And he had it together, altogether till the day he died.

— the Editor.

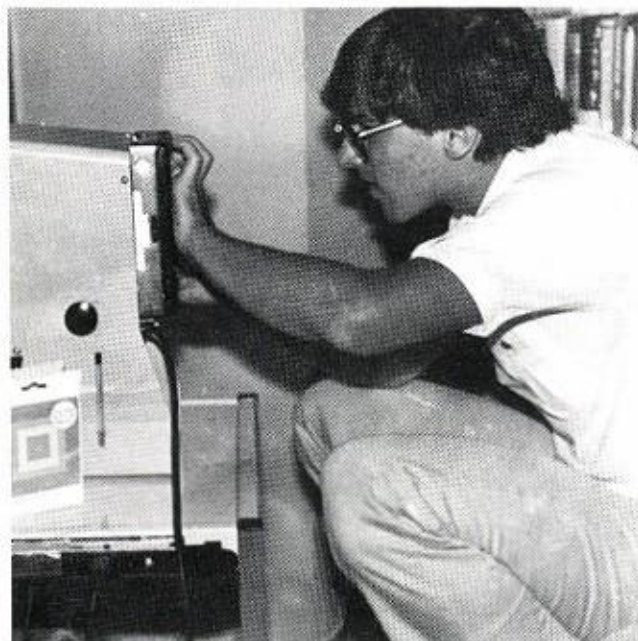

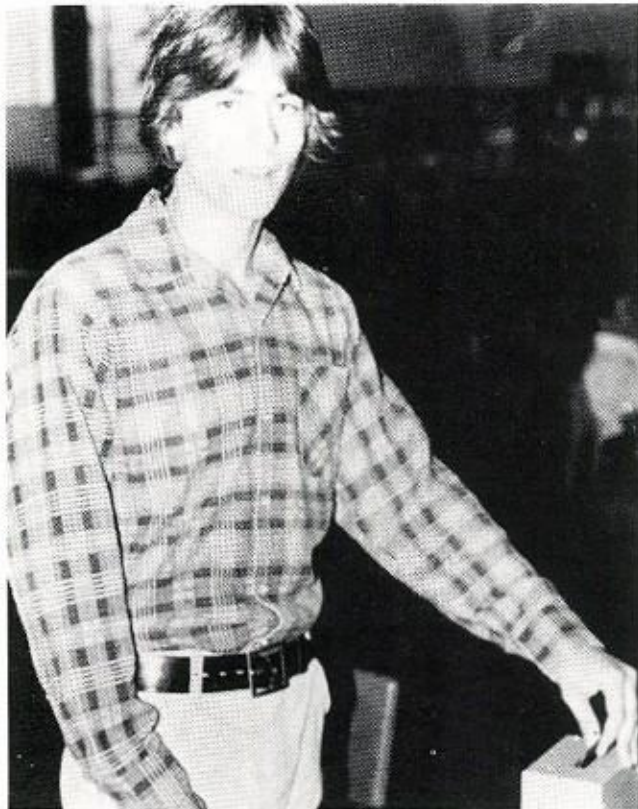

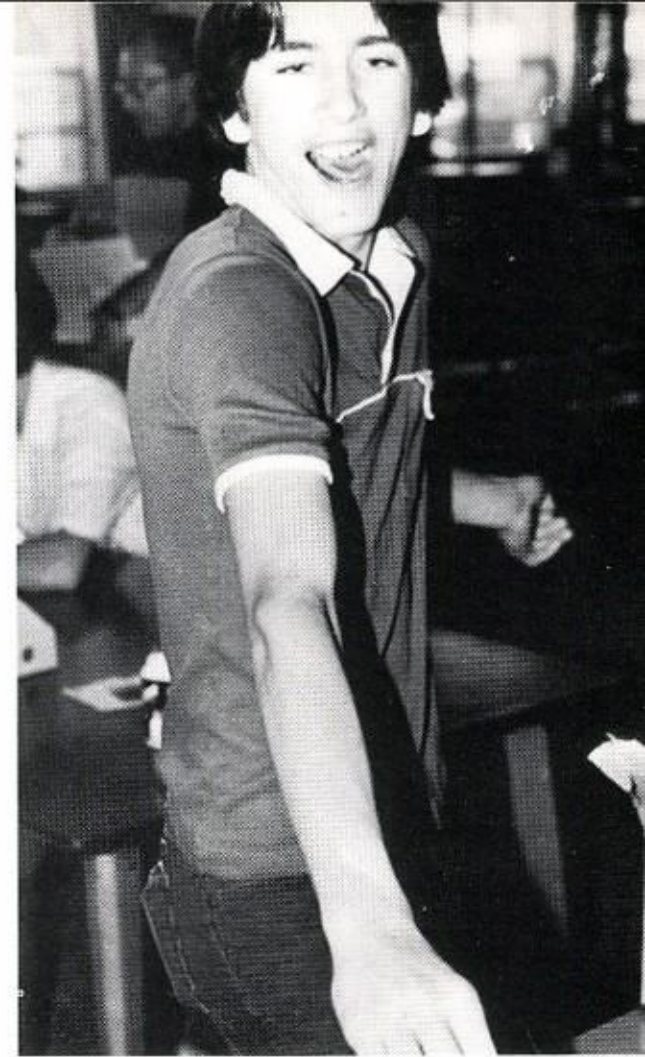

First Day at Sea

The first day of school is like the first day returning to sea after being on land oh too long. It is a wonderful day whether we really want to believe it or not.

The day all Vikings return from their summers elsewhere, gather together, board the ship of St. Laurence and sail another year together. It is great to see those ship-

mates whom you have not seen all summer, there is so much to talk about.

Of course opening day for some people is the beginning of a year long sentence for some crime you have unknowingly committed. But for most it is that day you renew old friendships you say you should have never broken.

Top: The Excitement of opening day overwhelms some students as is shown here. **Middle:** Br. Messick assists a student who cannot find his classroom. **Far Left:** A student gets his I.D. picture coated with a

plastic seal. **Bottom Left:** One of the many students who assisted the faculty in getting the I.D. pictures taken.

Vikes Run for School

One of the new and unique events of the school year was the compute-a-thon (jog-a-thon).

Headed up by Mr. Wozniak, the drive was designed to alleviate the cost of fixing the leaky roof and paving the pot-holed parking lot.

It was a confusing process that had most Vikes confused until it all fell together on the day of the run.

The goal of 100,000 grand was reportedly smashed and we received the most cherished prize of a school free day.

Top: Two Vikings run for bucks. **Middle Right:** Some runners pack up while they run. **Middle Left:** Some runners push themselves for prize points. **Bottom:** Mr. Wozniak also runs to help raise school funds.

Intramurals Instill Sportsmanship

Intramurals were enjoyed as in all years before here at St. Laurence.

Everyone must join intramurals for at least one year at St. Laurence. Well, they do not have to but it seems that they do. All enjoy the touch football, soccer, speed ball, volleyball, basketball (lunch and evenings) and softball.

The intramural basketball attracts many, as it is divided into the levels of Frosh-Soph and Junior-Senior.

All other activities were conducted at lunchtime and this allowed many who could not participate after school to have a chance at an activity.

Photo Taking

The photography staff is an intricate part of the St. Laurence yearbook. It is comprised of skillful young men under the Guidance of moderator Br. Hennessey and Paul Krupowicz.

They handle along with the Yearbooks pictures, the pictures for the Homecoming program.

Preserving the Year

The 1982 Valhallan staff was a staff who had nobody with more than a year's experience. Under the commanding leadership of their beloved Editor-in-Chief, E. Reilly Tierney, the staff managed to put out 111 pages in one month, a rather unbelievable task.

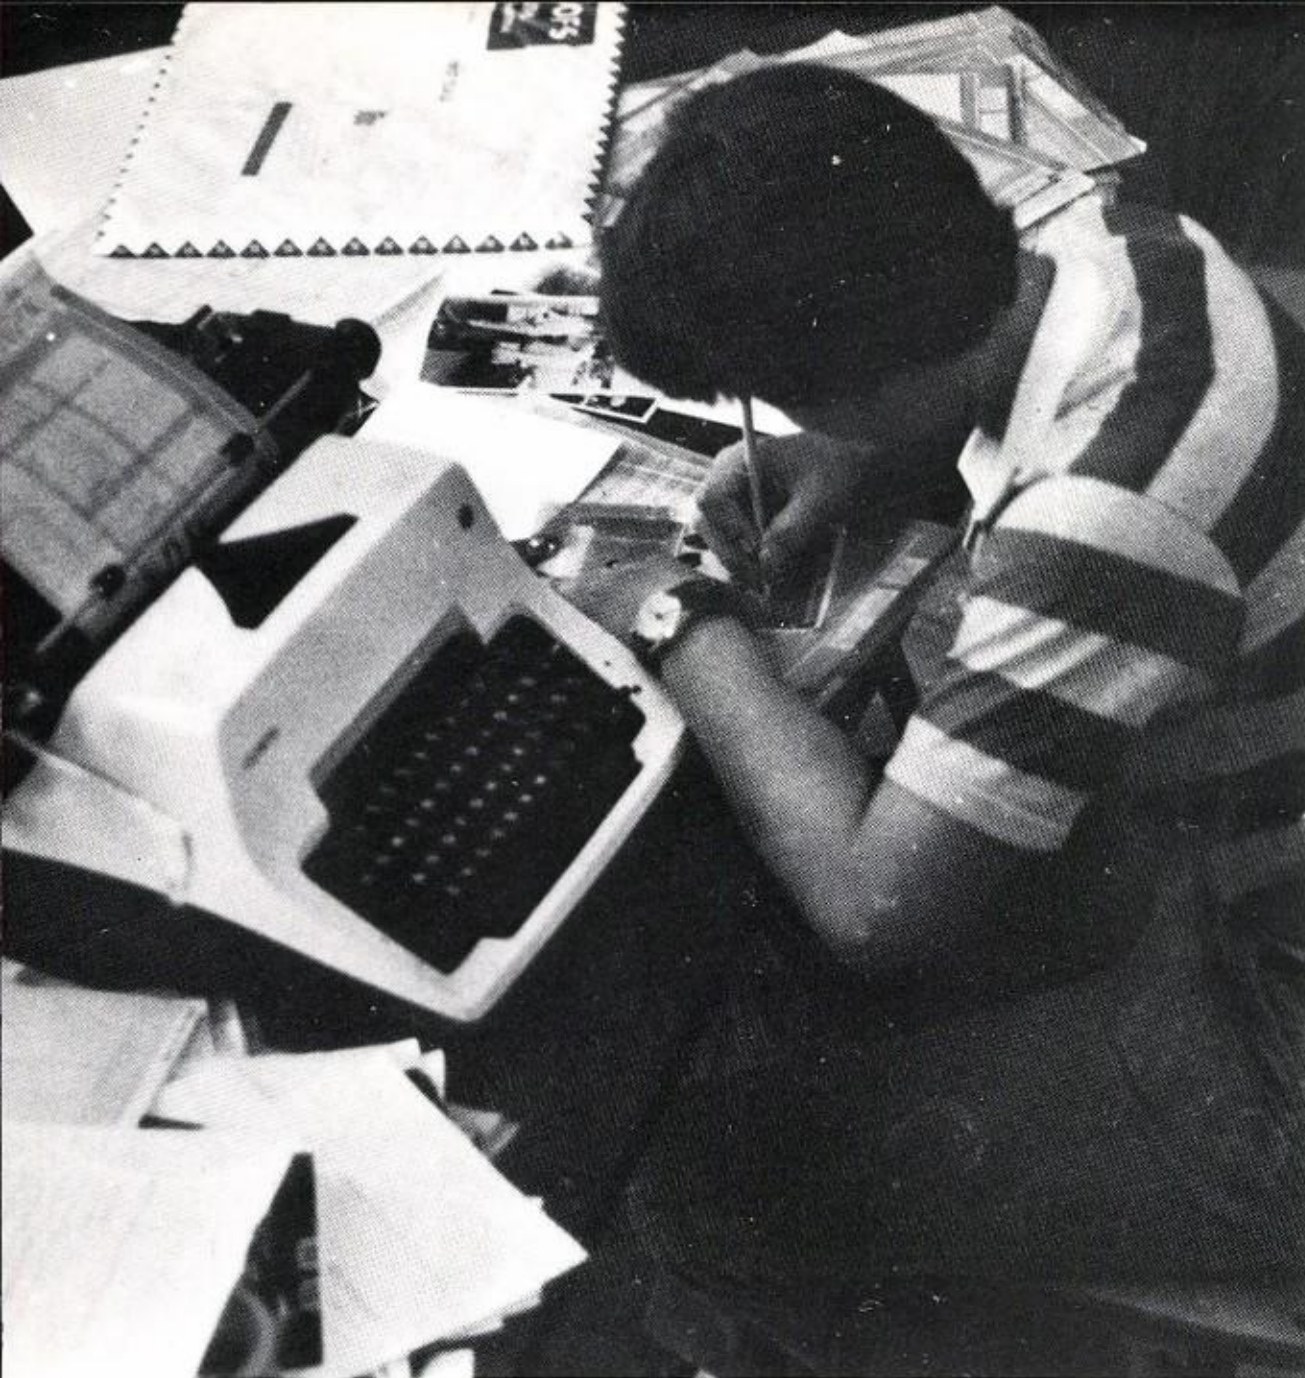

Other staff members included Kevin Boyle, Dave Ford, John Wlodarski, Rich

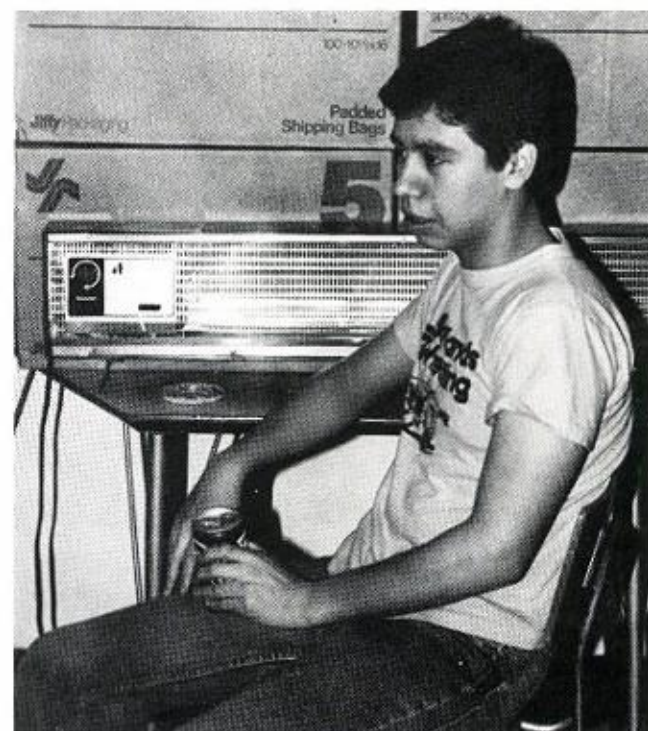

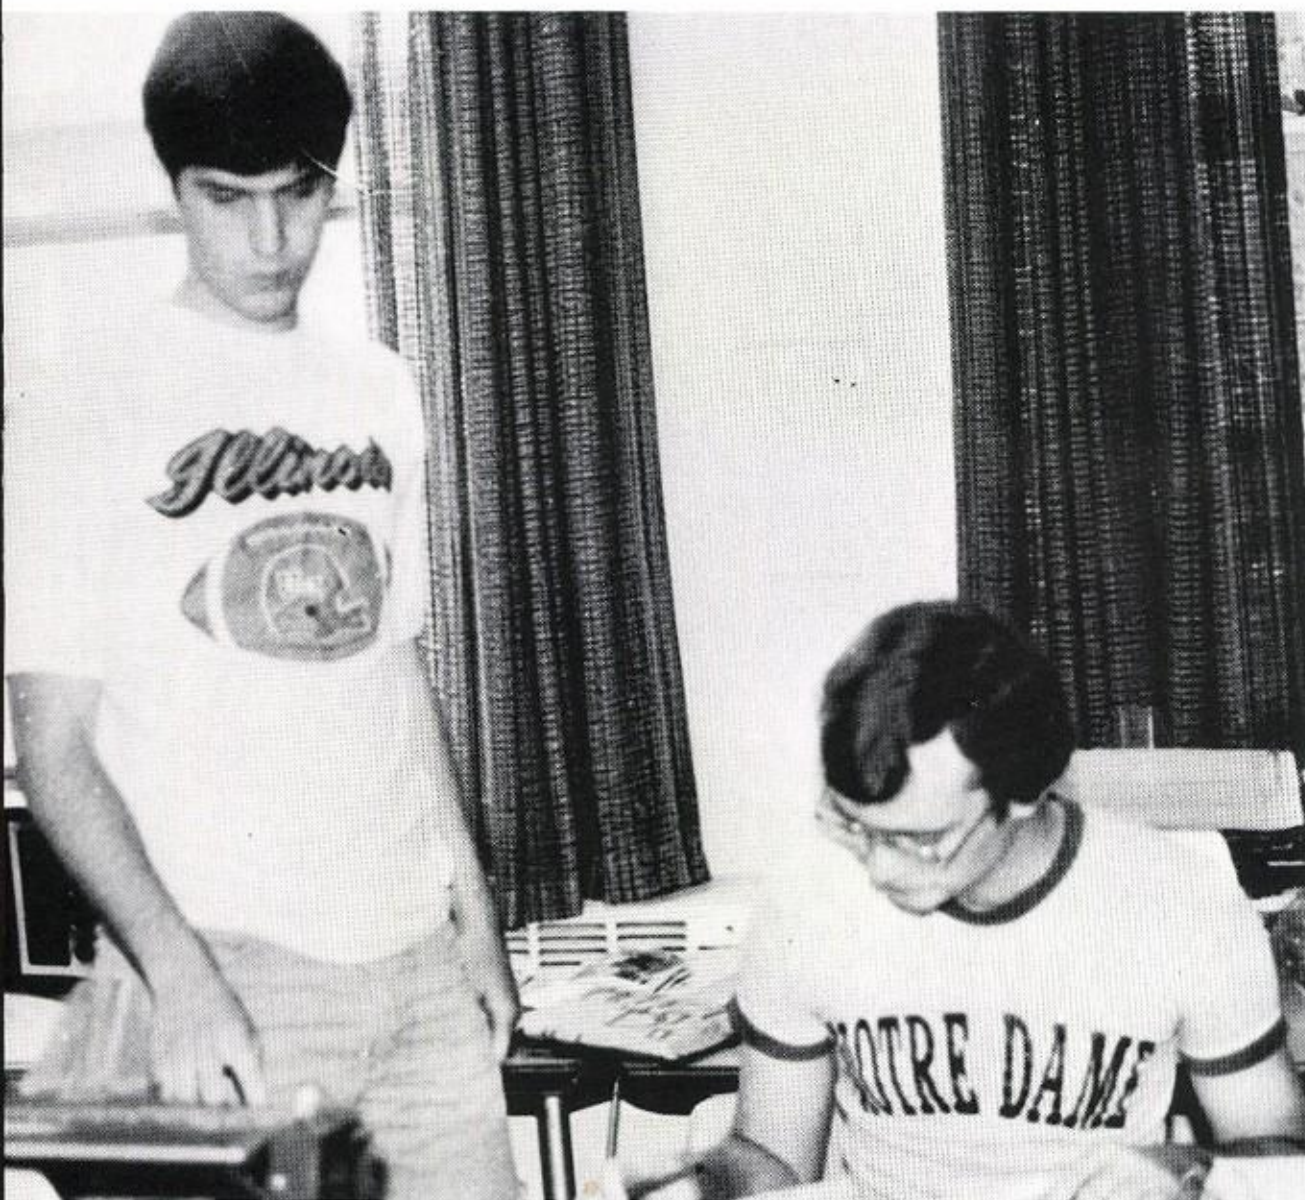

Addari, T. Anthony Zuro, Witold Ziarno, Steve Tokarz, and Mike Jasso.

Helm Informs the Students

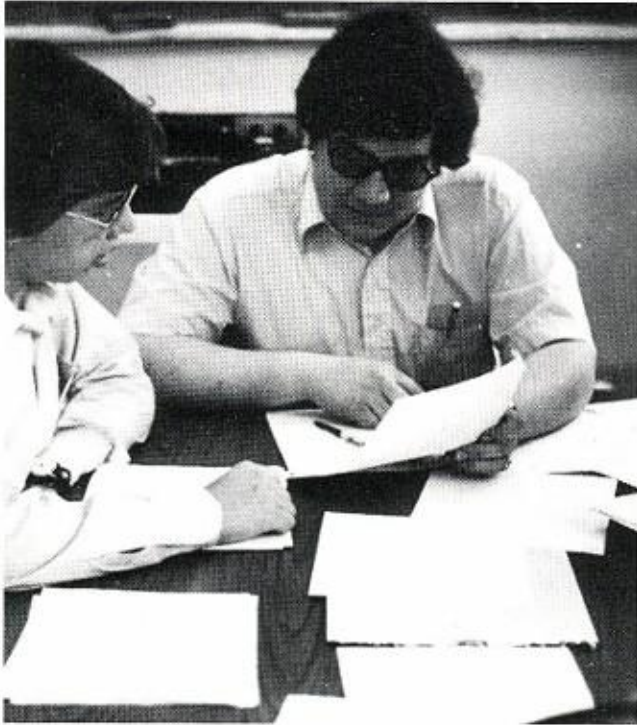

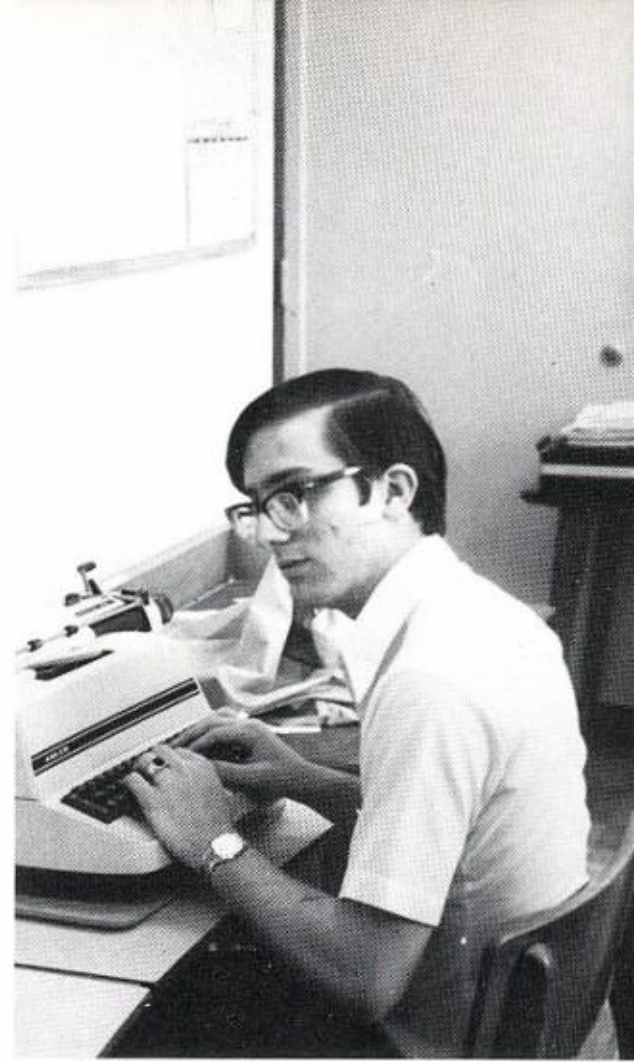

One of the most important things in the school is the school newspaper, the Helm.

Under the direction of first year moderator Mr. Koziel, the Helm pulled together to put out several well thought out, thought provoking issues. (example the "Stern")

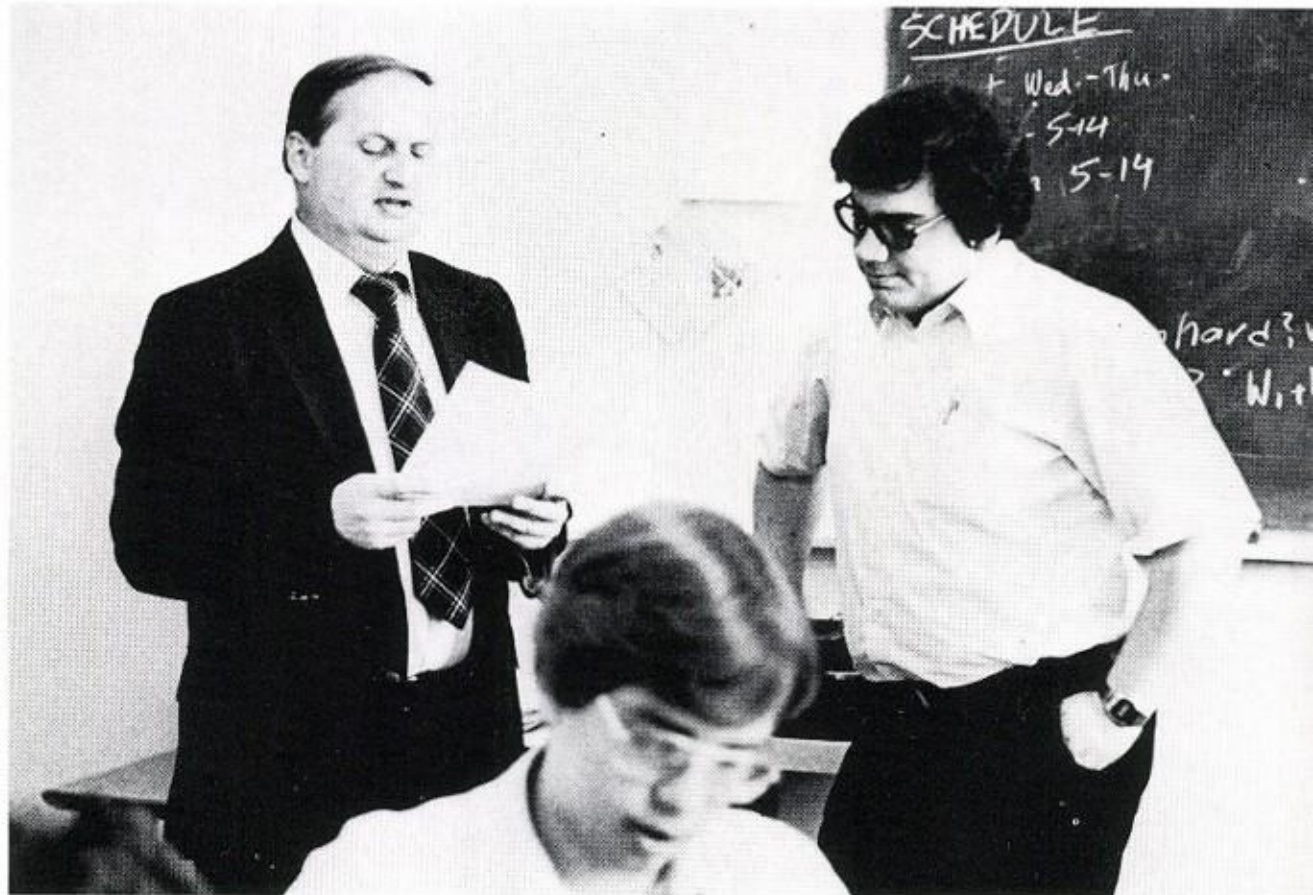

Mike Pontillo and Mike Pesice were the decision makers, however they were aided greatly by Mike Pavlic, Kevin Connolly,

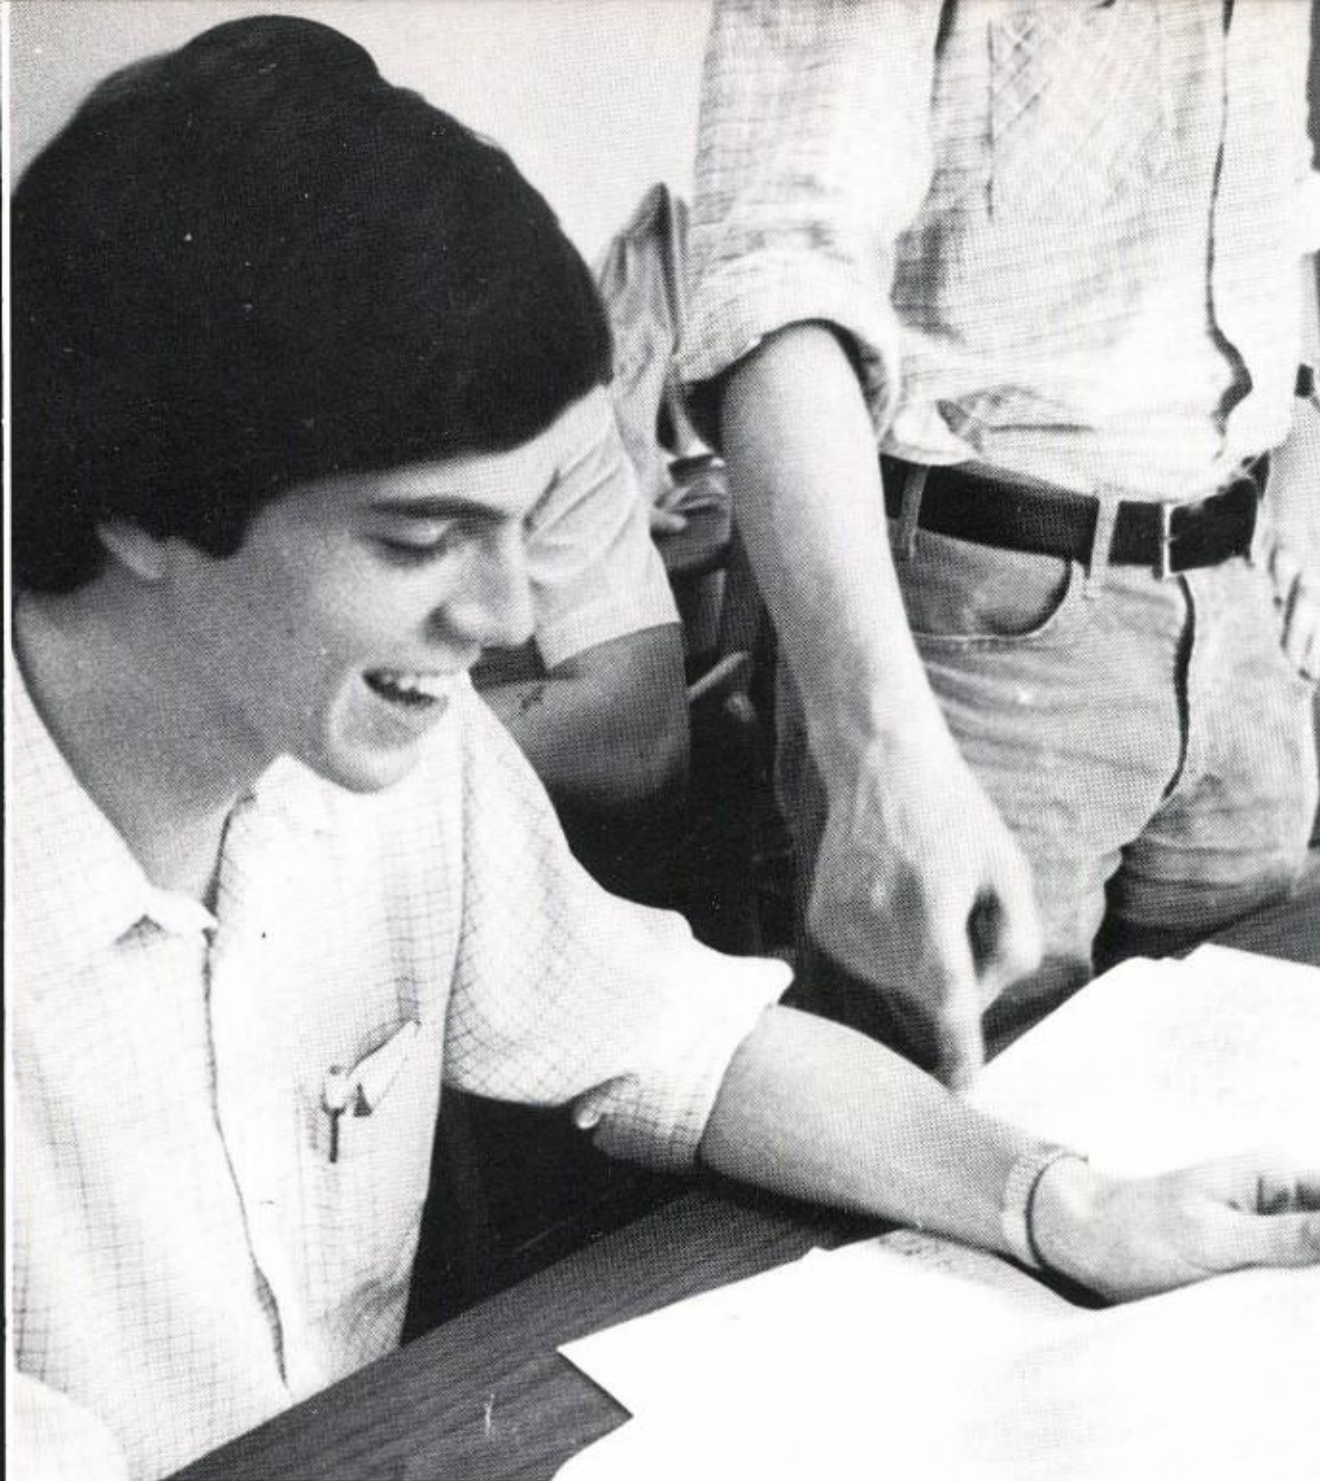

Matt Zagorski, and Eric Szulczewski. The Helm is a great example of what can happen when you get some of the best minds in the school together to work for a common goal.

Although heavy criticism was brought against the Helm for being a less than serious journal, everybody had a good time and serious ideas were presented along with the jovial.

Alumni Mothers Give Hand

The association of Alumni mothers at St. Laurence is called the Laurenta club.

The club aids the school in many ways. There are about 125 mothers who give their time even though they have no true personal stake in St. Laurence at this time. They are one of the least recognized yet most important groups.

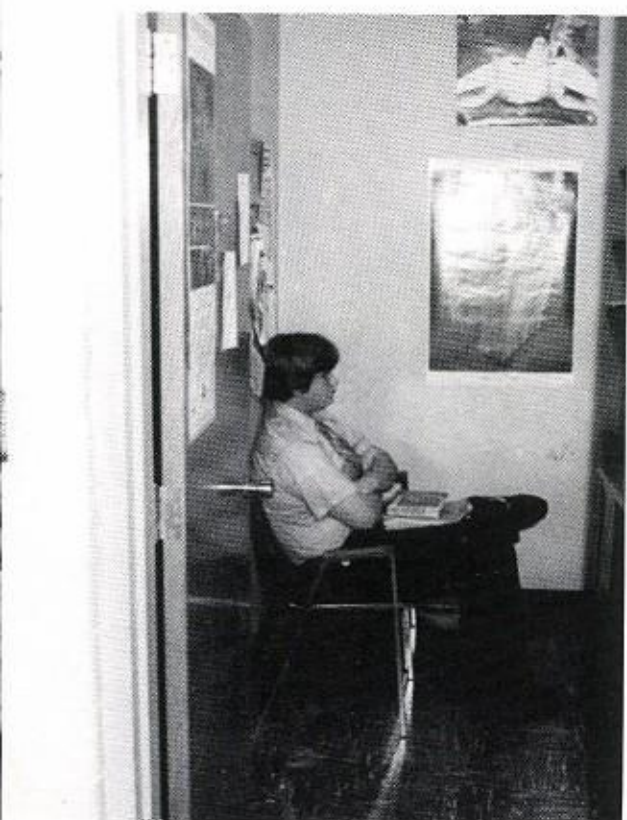

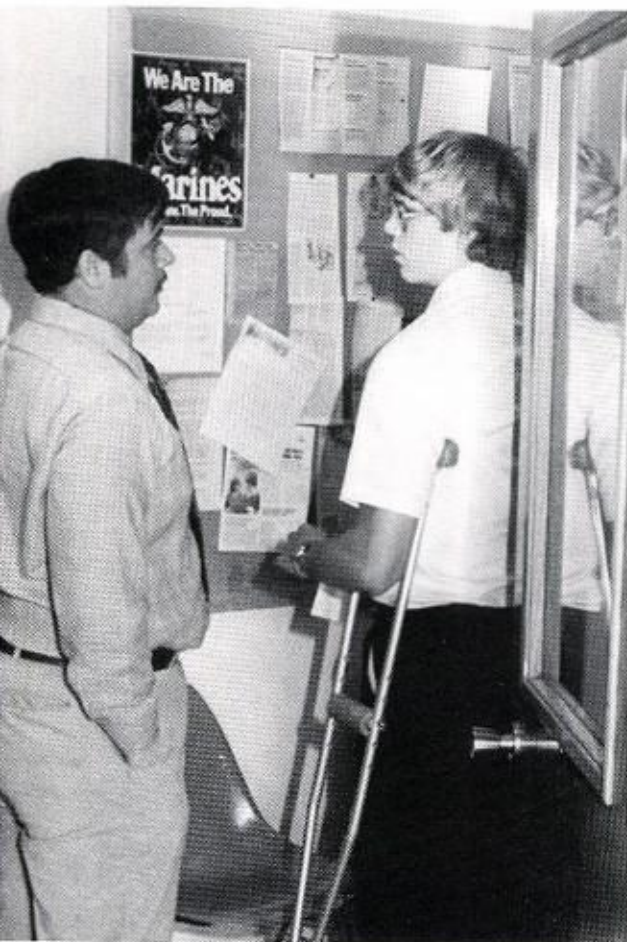

The main way the club gets money is through the selling of taffy apples which they do two or three times a year. The funds go to help educate future Christian Brothers.

Guidance Guides

Among the most valued things at St. Laurence is the Guidance Department.

The Department is divided into individual levels according to year. The Freshman guidance counselor was Mr. Kocher. He also headed up the job placement department.

The Sophomore guidance counselor was Mr. Kearney. He aided the students with individual problems that arose during the year.

The Junior guidance counselor was Miss Anita Erazo. She was especially valuable to those juniors who were considering college at an early time.

The Senior guidance level was headed up by Br. Jackson. He aided the prospective college students greatly and provided help for those who chose not to go on to college and enter the working world.

Mothers Help Out

The Mother's Club demonstrated how parents take active roles in their son's education. Led by Br. McNamara, the group's moderator, the mothers got a chance to get together to discuss matters of importance as well as just to have a good time. The mothers met at meetings which covered how they could better assist in their son's education to fund raisers. The mothers were also quick to take advantage of the Club's most useful purpose, a chance to just get out and have a good time.

Top Right: Br. McNamara sits and talks with the women. **Middle Left:** A student helps out by filling coffee cups. **Center:** A lady enjoys some punch. **Middle Right:** The ladies pass the time by talking and eating. **Bottom:** Some women do their part by pouring punch.

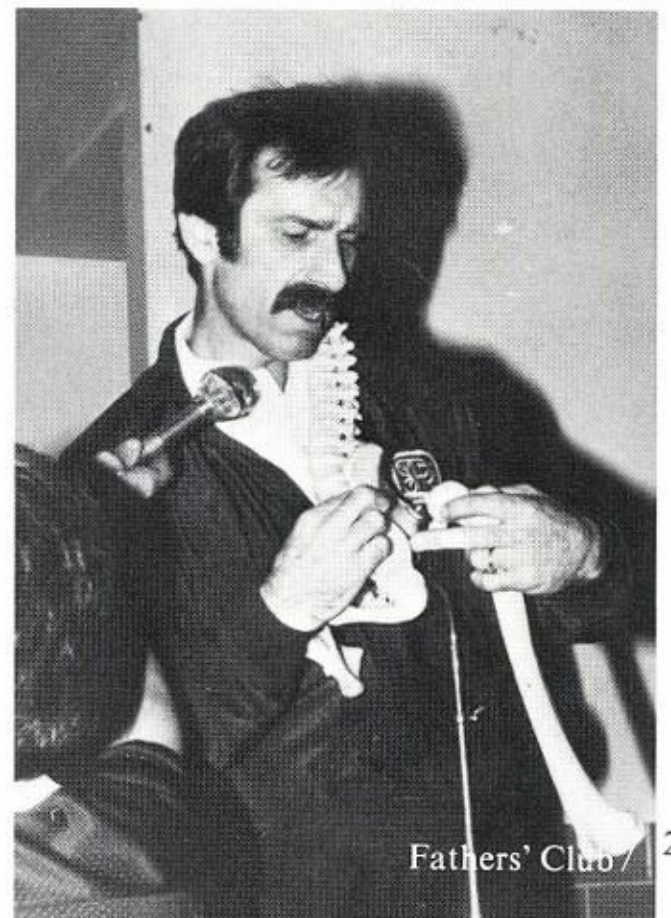

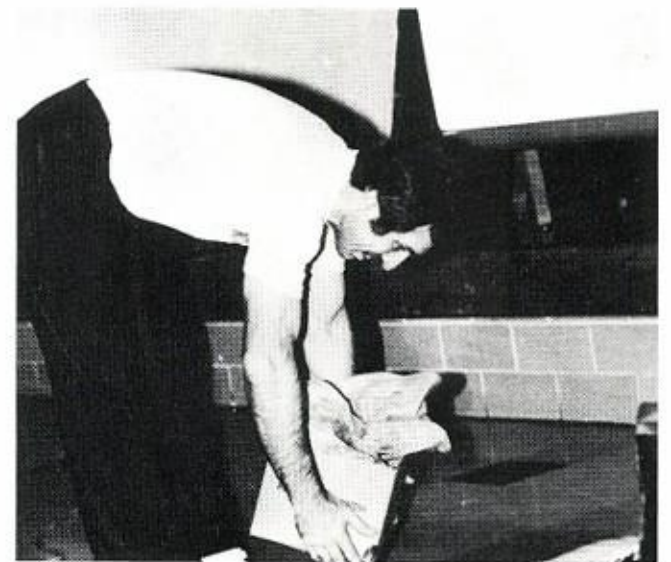

Fathers Help the School Out

Club meeting. Middle right: Mr. Gadja demonstrates an exercise. Bottom right: Mr. Gadja speaks about the bone structure for the Fathers' Club.

Assuming the tuition obligation of a student whose father or guardian died while a member of the organization, the Fathers' Club aided the school in many ways. The club's meetings were held on a monthly basis to assure smooth organization. Moderator Br. Jackson and President Mr. Walter Schiesl directed and supervised the

meetings. The agenda for most meetings included minutes from the previous meeting, as well as treasury, membership, and usher reports. Following the reports, various forms of entertainment largely depended on the time of the year. At the Father and Son Night, the guest speaker was alumni basketball star Kevin Boyle.

Freshman Night

One of the highlights of freshman year is the Freshman Overnighter. At the overnighter the freshmen spend the night in St. Laurence, get together with their friends, and have a chance to meet and get to know some of their new teachers and Brothers. They also try to meet some new friends that they are about to spend their next four years with. All together, the overnighter was a success and a good time.

Reilly explains to some Freshmen the events to take place later that evening. **Below Right:** Several Freshmen enjoy conversing about their new experiences in the school.

Retreats Instill Faith

During Junior year, all students are required to attend a retreat at the LaSalle Manor in Plano, Illinois.

Though some were reluctant to go at first, all began to feel at home in the friendly surroundings. The Bros and lay people that staff the retreat home were professionals and all began to let loose with their inner feelings.

Most people that experienced the retreat at LaSalle Manor will most assuredly speak quite favorably of the good times, good friends, and yes, even good food.

Upper Left: A view of the LaSalle manor. **Middle Left:** As student prays intently at retreat. **Middle Right:** Father sits down and prepares for mass.

Snides

One of the most colorful characters here at St. Laurence for the past eight or nine years, has been Charles Snyder, or just Snides.

Among his numerous maintenance duties, he takes care of the locker room, the gym, and helps with the cafeteria.

Snides also helps out with the teams themselves and just gives everyone a hand. He is one of the least recognized, yet most utilized, people at St. Laurence. We would just like to say "thanks Snides."

Top: Snides mops the cafeteria. **Above:** Snides wipes down the court after a Laurence victory. **Right:** The

Father's Club made Snides an honorary member this year.

Diverse Clubs

Many clubs were begun this year at St. Laurence. There are great hopes that many more will be begun next year.

Among the clubs that were at St. Laurence this year were the Math Club (on three levels), the ski club, and the Vikings for Christian Service.

Top: The Sophomore Math Club. **Left:** The Senior Math Club. **Below Left:** The Junior Math Club. **Bottom Right:** The Vikings for Christian Service help out around the school. **Below:** The Ski Club gives the students a chance to get to the slopes. **Bottom Left:** Many Clubs perform charitable tasks around the school.

Religious Life Grows in School

Of St. Laurence's mental aspects learning and education are tops. But even more important than them are the spiritual aspects that the school so faithfully instills on the students.

The Theology program and retreats help, but the most outward sign of St. Laurence's spiritual unity is shown at the frequent school masses.

Holy Day's masses were celebrated at the school and it was a good time for everyone to meditate or pray.

The last mass of the year was especially inspirational as a choir of girls from Mt. Assisi aided us in song and we listened to Fr. Barton's fiery homily.

Girls Get Things Going

The cheerleaders were one of the most important aspects of the sports program here at St. Laurence. They were the ones who went to all the sporting events that we did not have time to go to. They were the ones who went to all the Basketball games on school nights we could not make, they were the ones with the most spirit and pep even if we lost.

Top Left: The cheerleaders do one of their famous routines. **Middle Left:** Andrea, Julie, and Carol cheer on the team during a time out. **Middle Right:** The cheerleaders do a routine on the sideline. **Far Bottom:** Cheerleaders (BACK ROW) Cathy Sowa, Karen Sowa, Carol Dimonte, Sandy Childs, Patty Bos. The end of the year means the arrival of the annual St. Laurence play. This year was no exception, and audiences were delighted with our production of "Our Town," the American classic by Thornton Wilder.

After months of rehearsal, under the direction of Mr. Duslack, assisted by Chris Maceyak, the show was ready for performance. The story of George Gibbs (enjoyably portrayed by Joe Kalas) and Emily Webb (finely portrayed by Coleen Knight and Jackie Russo) was astutely narrated by Jim Valek and Greg Mucha as the Stage Manager. Other major roles were played by Ray Kay (Dr. Gibbs); Doreen Calderon and Danielle LeGould (Mrs. Gibbs); Maria Shannon and Jean Van Tuyle (Mrs. Webb); and Gerry Hammarlund, this year's gold medal winner (Mr. Webb).

The play garnished praises from all over, including the former chairman of Loyola University's Theater Dept., who, once again, wrote some recruiting letters. Br. Oehrle, a veteran of high school shows, said, "Because acting ability and fresh character interpretation of your cast, a most difficult work was brought to life and its message skillfully presented."

As in the past, the sets and lighting were designed by Owen Patrick Kerwin, a professional artist and designer. Br. Vranka was moderator and box office manager.

This year is noteworthy because it witnessed the professional debut of some of our members — Mr. Duslack, Gerry Hammarlund, and Joe Kalas in such productions as "Chicago Story" for NBC, and "Bessie Smith" at the Kuumba Theater. Congratulations go out to them and all the cast and crew.

The Library, as usual, was one of the most important parts of the school for many people.

Br. Messick again assumed the task of head librarian. He was aided greatly by assistant librarians, Mrs. Glavis, Mrs. Owens, and Mr. Koziel. Of course the Media staff, which actually staffs the library helped bro do his job too.

The library is special because it serves so many different purposes. It can be used to aid the student in doing a complex report, looking up an old magazine, or just reading the morning newspaper. But for some people it's main claim to fame is that it can serve as a place of refuge for those who do not want to go outside for lunch on sub-zero days.

Student Council Raises Big Bucks

The Student Council, like always, performed well beyond expectations.

Led by first year moderator Mr. Scott, the council headed up numerous dances, drives and other events that helped the school.

President Jim Valek pulled his team of John Kelly, Dan Paterno, Jim Dore, Bob Lahey, and all the other reps together to make for a better and more organized year

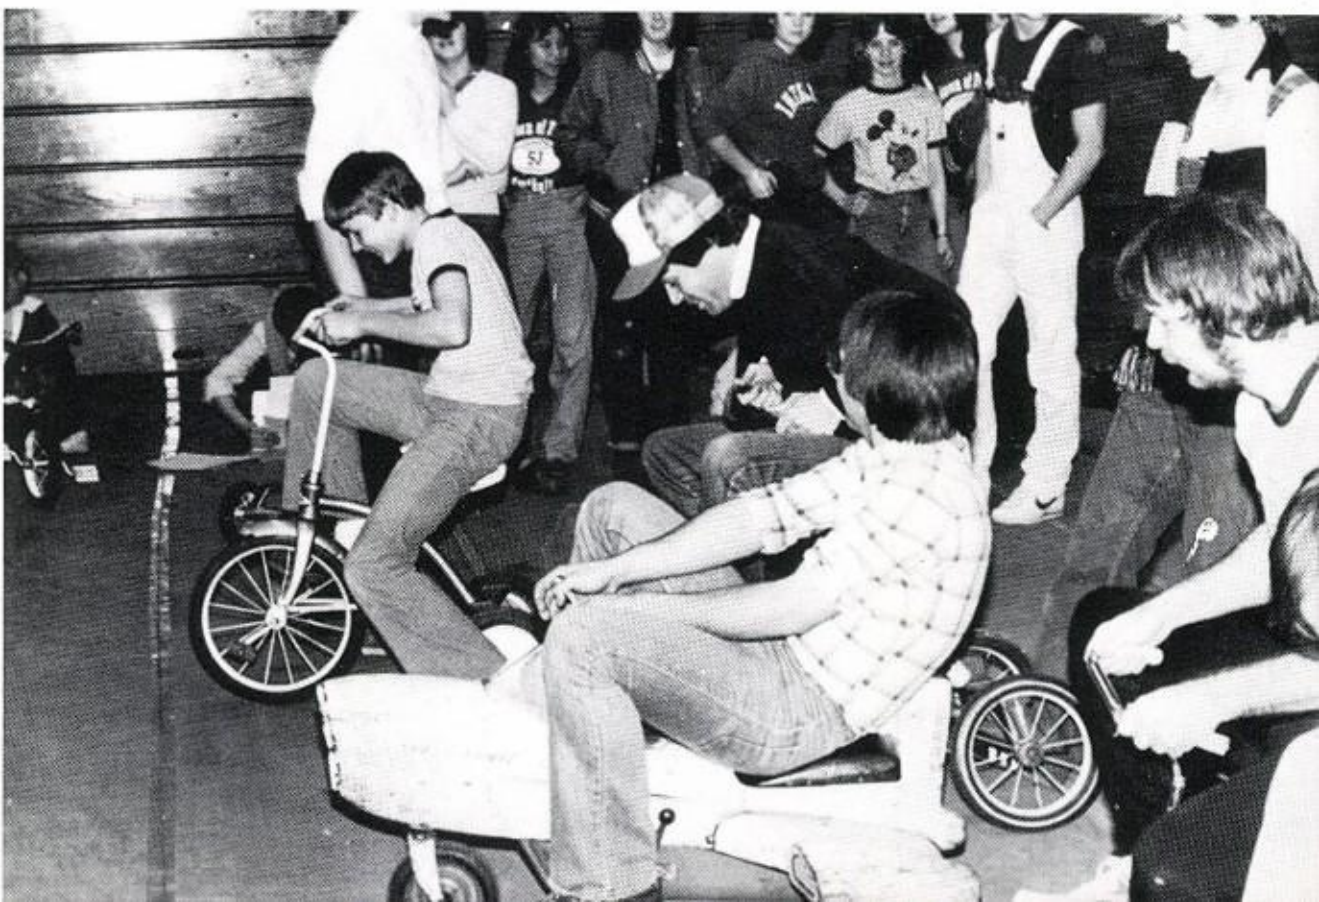

of extra-curricular activities for the students at St. Laurence.

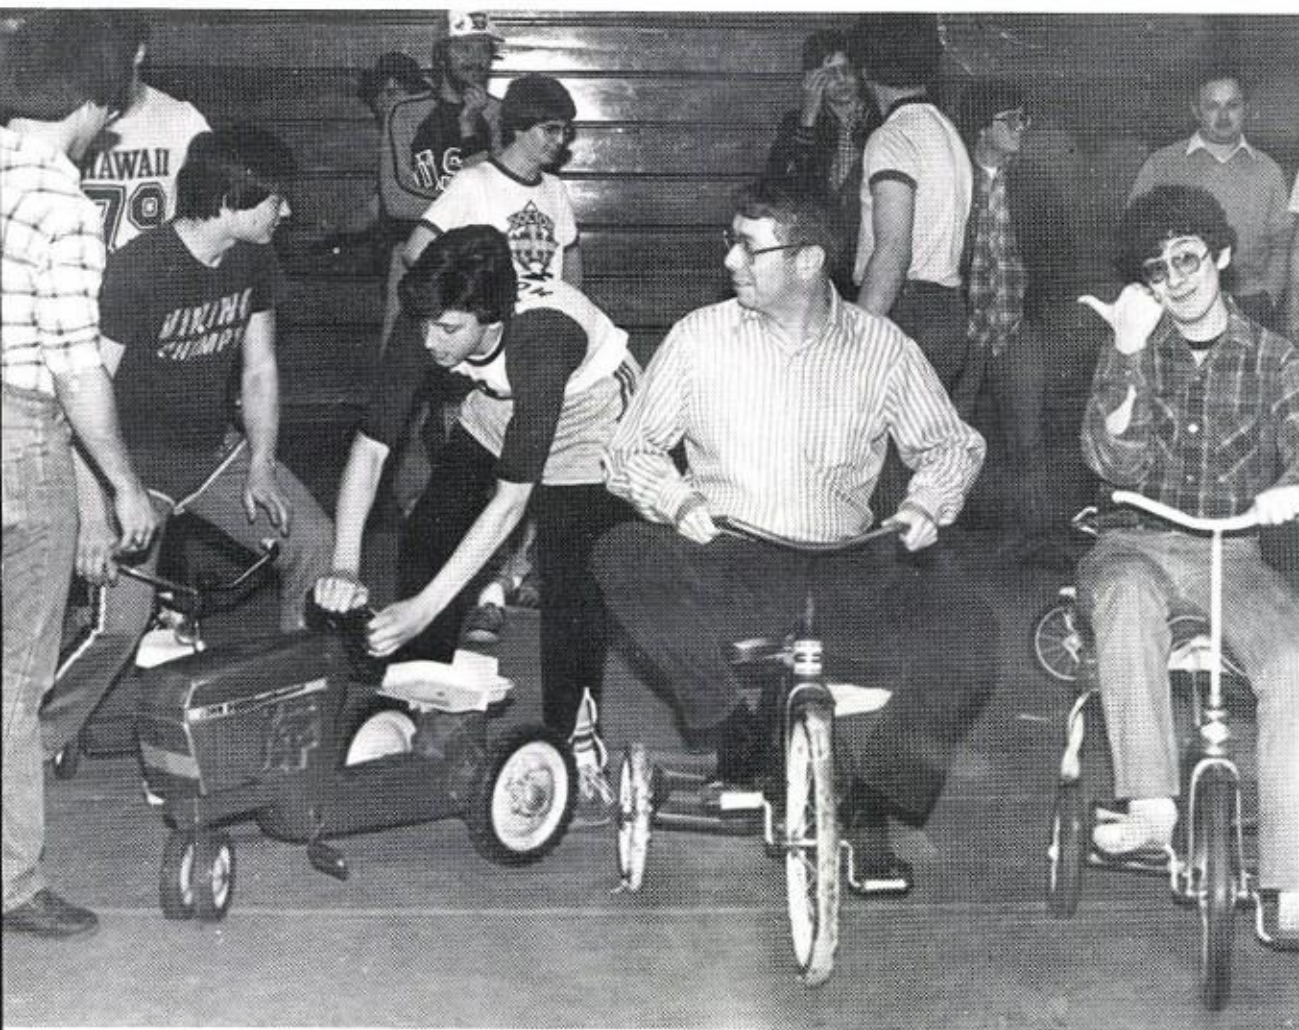

The Muscular Distrophy Drive, as always, was one of the high-points of the year. The school has won several awards for money raised in the name of that cause. It took on new face in the form of a Trike-a-thon. (That is a race for Tricycles).

All in all, the council had a marvelous year.

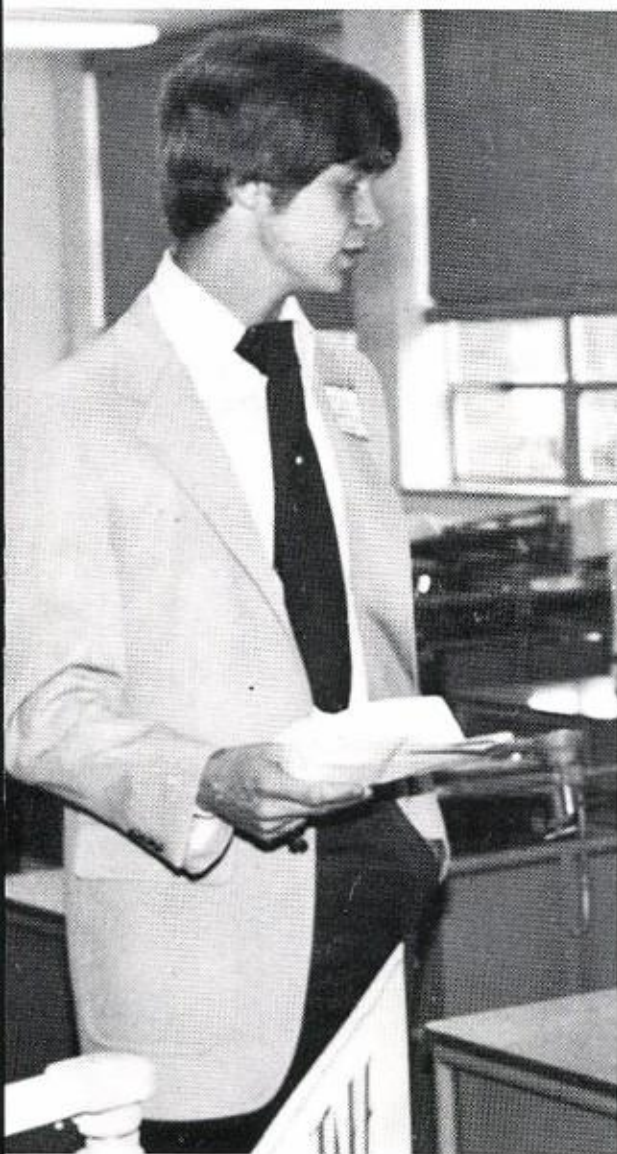

Bottom Right: The first annual Trike-A-Thon was a big success. **Middle Right:** The Student Council Officers (Front row) John Kelly (Vice President), Mr. Mark Scott (Moderator), Jim Valek (President); (Back row) Jim Dore (Treasurer), Bob Lahey (Parliamentarian), Danny Paterno (Secretary). **Top:** Paul Westman gives some of his precious blood. **Middle Left:** Two brave Vikings bear the pain of the blood drive.

The School Braintrust

St. Laurence was able to pull across with its finest academic year ever in its history with the announcement of seven National Merit Scholars. The National Honors Society, moderated by Miss Anita Erazo, was able to accomplish many school functions. From their meetings once a month came the NHS help in the Muscular Dystrophy Drive and also tutoring for their fellow students. In January the members of the National Honors Society were recognized in the Honors Convocation and the National Honor Society Induction Ceremony.

The program for the evening included the awarding of Superior Honor Certificates, Savings Bonds for Academic Achievement, Illinois State Scholarship Certificates, National Merit Certificates and Letters of Commendation.

First Time for Sophs

One of the most exciting moments here at St. Laurence is the night of the Sophomore Date Dance. It is the first dance, you were no longer a child you were a big guy now.

This year's dance was run by Chris Cook and Mr. Kearney, with of course the cooperation and sponsorship of the student council.

All who went had a good time here at the school dancing to the music of the band Dream.

Juniors Have Big Night Out

The Junior Prom was a gala night for the Juniors to come out in style.

It was held at Chateau Boucher and was another student council sponsored activity. It was held under the moderation of Mr. Mathew. And run in a quite organized style by Ed Davis and Jim Dore. A splendid time was had by all.

After Four Years the Night Comes

Held at the Fontana D'Or on Chicago Northwest side, the day finally came that the seniors had all been waiting for. On May 7th the senior prom took place wonderfully under the directorship of president Jim Valek. The evening began at 7:00 with the receiving line. Between 7:30 and 8:00 couples had photos taken and prepared for dinner which began at 8:00.

The dinner consisted of prime rib and also during that time music was provided by the Revolutionary Swing Orchestra. After dinner couples rocked to the music of Horizon. The theme song was Bob Seger's hit "We Got Tonite." The night ended at 12:30 at which the seniors were given a mug and a time glass for their dates.

Upper Left: Jim Bonomo chats with his girl friend. **Above Left:** Mike Pavlic poses with his girlfriend for the photographers. **Above Middle:** Kevin Lyne, always the gentleman, pulls out the chair for his date. **Above Right:** Other things are done at the Senior Prom that are not so conventional. **Left:** President-elect T. Anthony Zuro and Principal Br. McKenna greet the promees as they arrive. **Right:** The Prom King and Queen, Bob Belczak and Debbie Nidos, enjoy the crowning festivities.

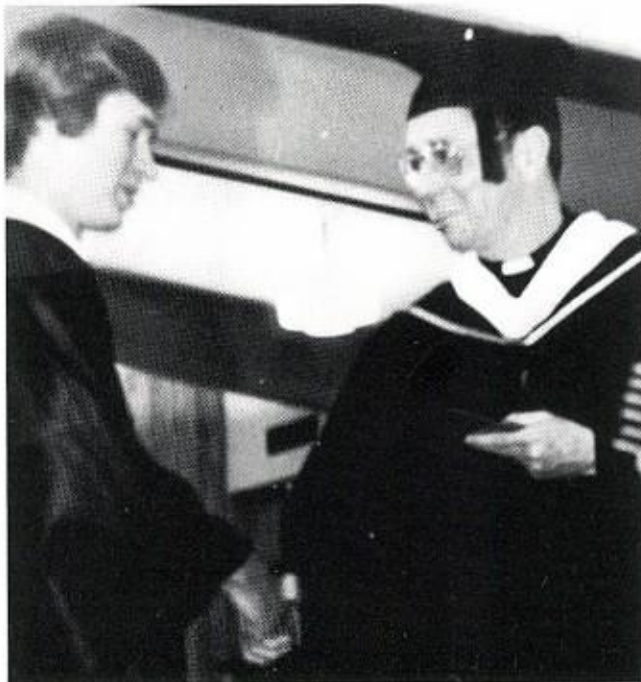

Wikes Leave for Last Time

The highlight of highlights, the moment of moments, the reason you did all that work for four long, drawn out, and at the same time exciting years, all came on the same night — graduation night.

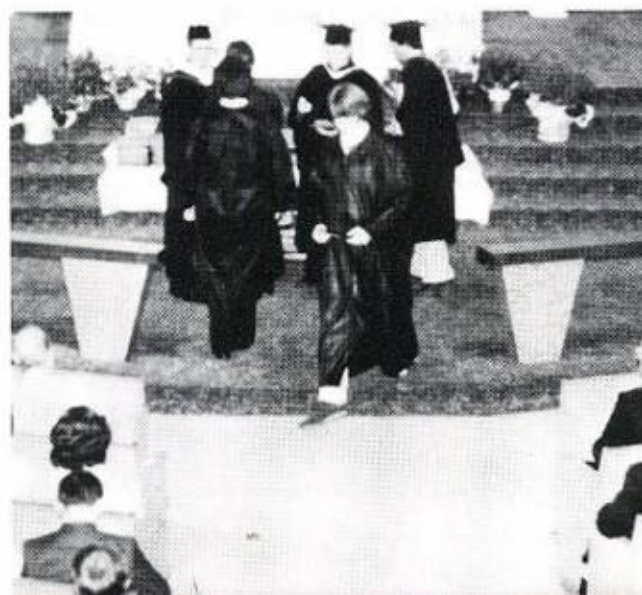

Tickets were nearly impossible to get for most people, and some people were turned away at the door of St. Albert's as the graduation exercises commenced.

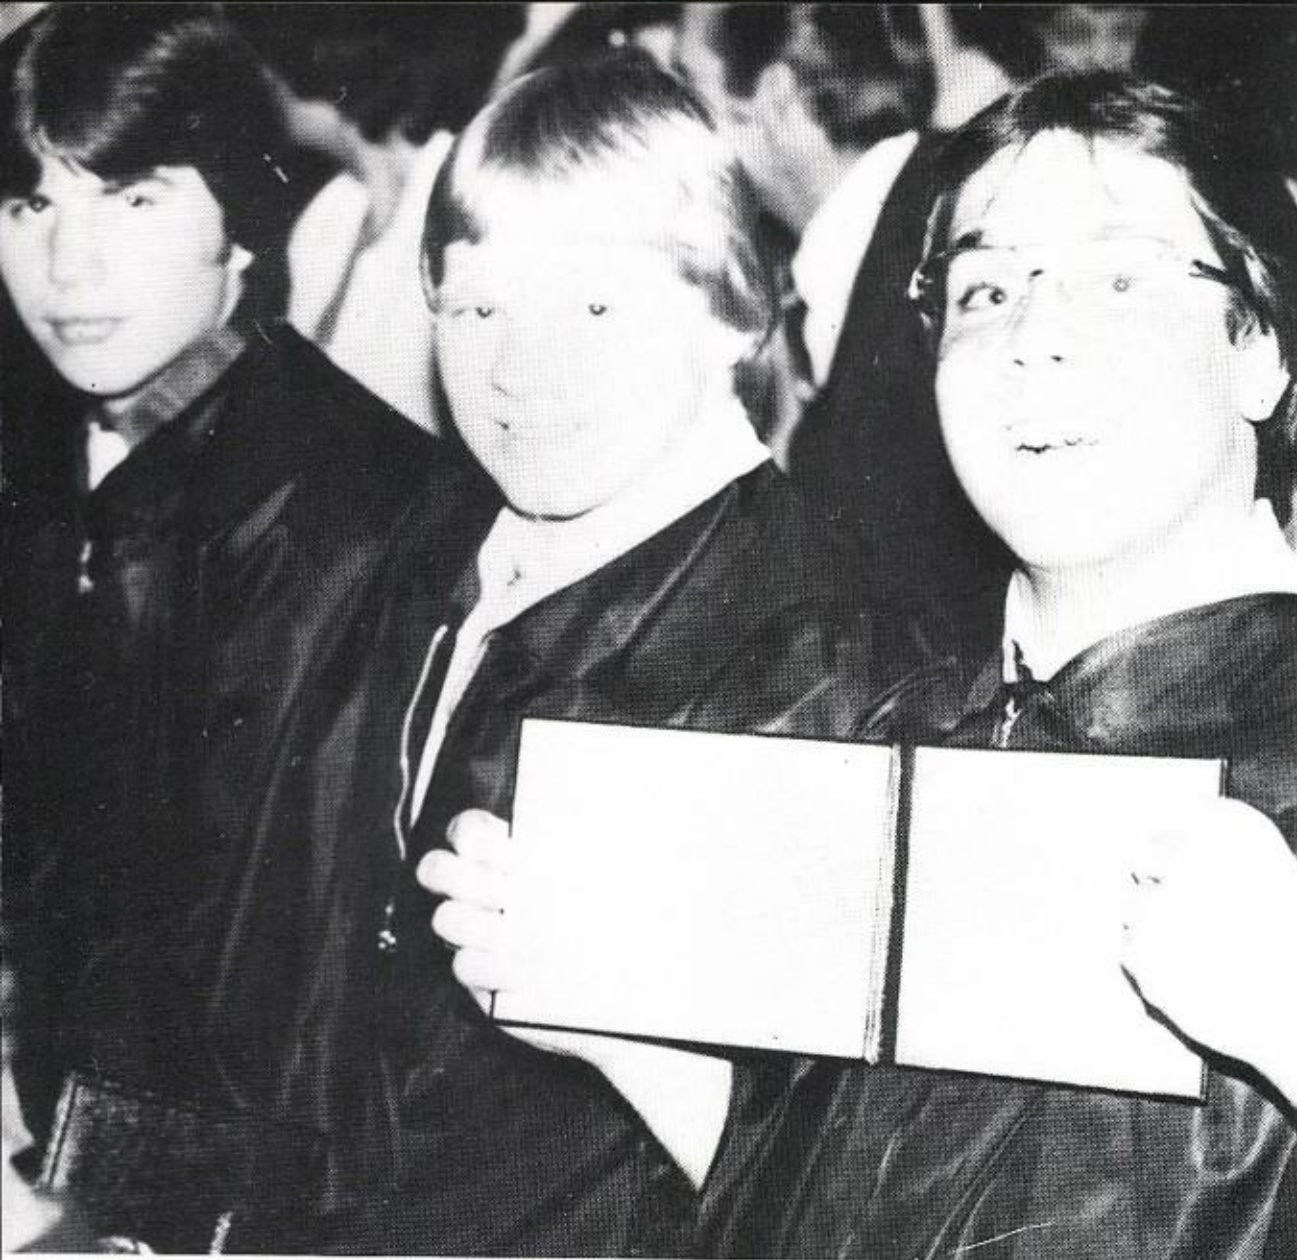

After four years of hard work, the night

proved especially nice for John Kelly and Jim Valek who had earned the honor to speak as Valedictorian and Salutatorian respectively. Their speeches were inspirational to all those who had worked perhaps as hard but not as successfully as these two. It was the culmination of long hours, endless weeks, infinite months, and somehow only four years of work.

Top: President Jim Valek gives an inspiring address. **Middle Right:** Jim Valek and John Kelly look on as their fellow seniors graduate. **Middle Left:** Dave Meron receives his diploma from Brother McKenna. **Bottom:** Seniors proceed to get their diplomas.

Upper Left: A happy graduate proudly displays his diploma. **Bottom Left:** Mr. Mahony reads off the graduates names. **Bottom Middle:** Don DeSousa proudly accepts his diploma from Bro. McKenna

Running the School

Running the school is a very difficult job, and it could never be done without the dedication of those who work in the offices around the school.

The people in the main office were there every day to handle any complaint or problem you might have, they were always willing to listen to whatever you had to say and were more than ready to help you.

Br. MacNamara has the arduous task of handling the schools complex financial affairs. Mrs. McCarthy and Mrs. Eggert were assistants to Bro in the running of the school Treasury.

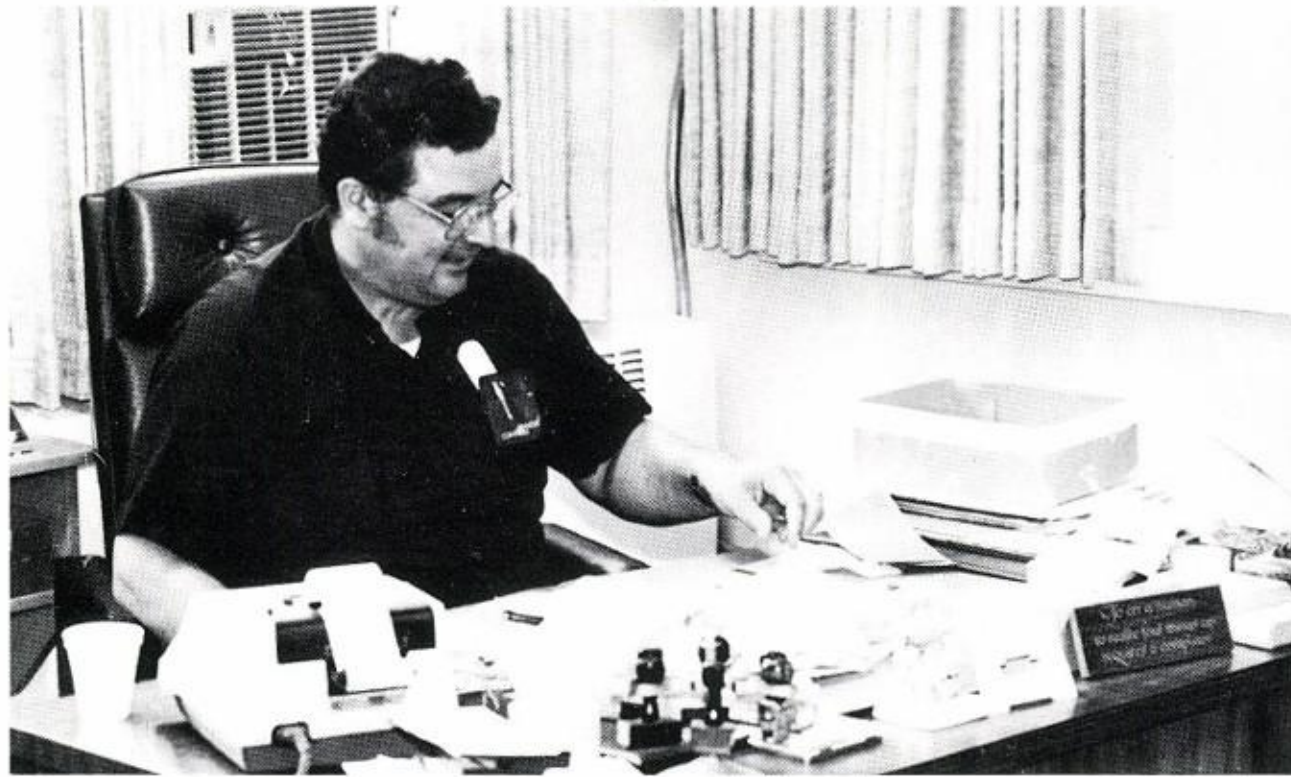

Mrs. Kelly was that friendly face that greeted you every morning in the main office. She also handled the receptionary work. Mrs. Dreyer was administrative secretary who assisted a number of people from Bro. McKenna to the Deans.

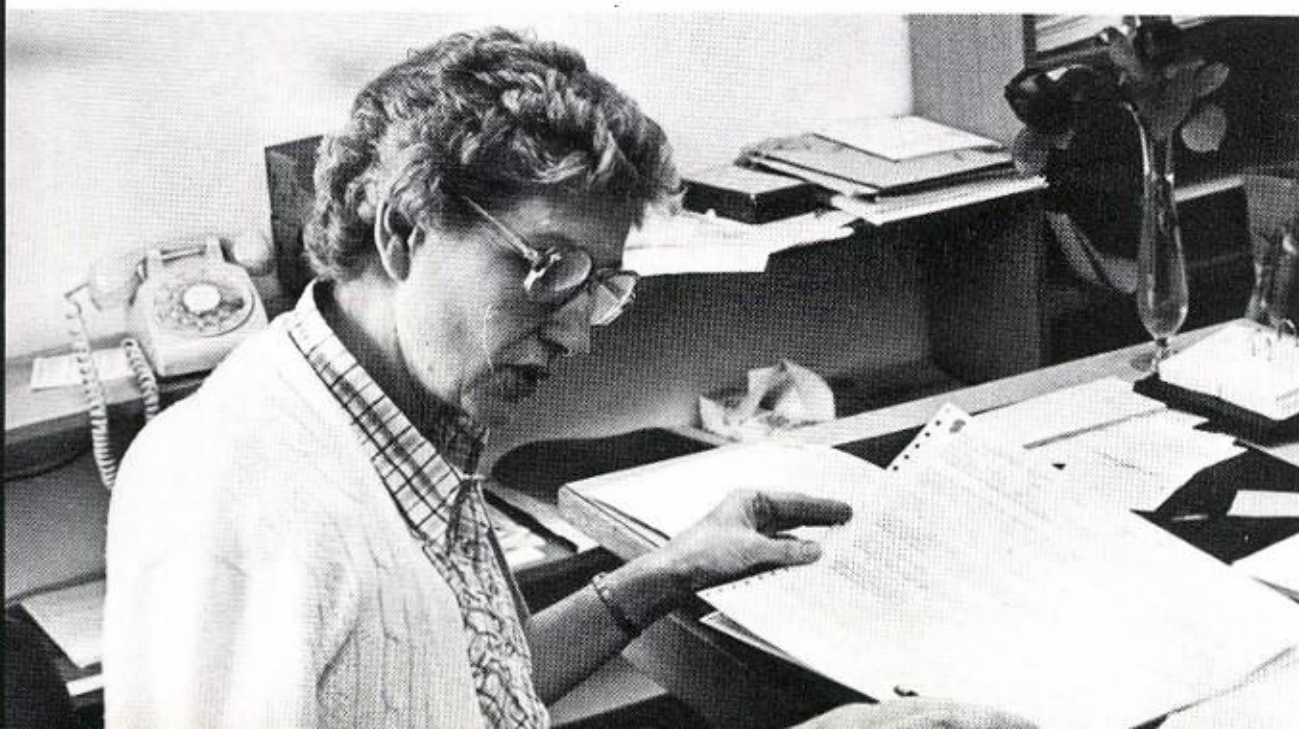

Mrs. Nowicki and Mrs. Statkus worked in the AV center and made possible many things we take for granted.

Mrs. Cegielski served once again as our school nurse. She was the one you really appreciated if you have ever been sick in school.

And finally we had Br. McKenna and Mr. Mahoney. They made all the decisions about how the school is run, but all the people mentioned above helped them see all the much clearer.

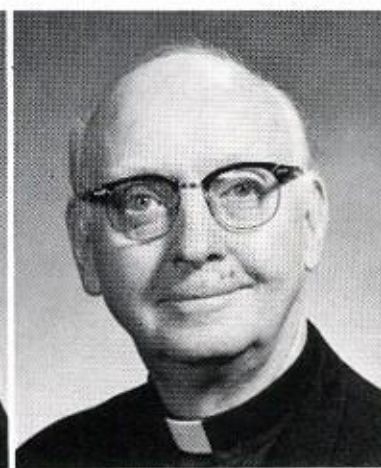

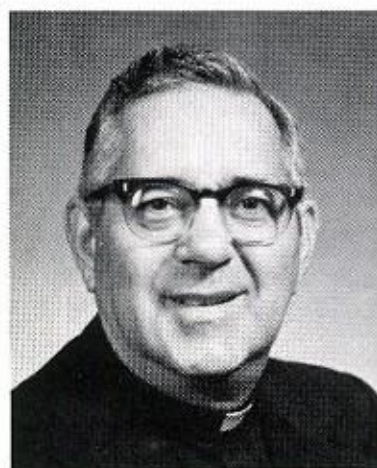

Top Left: Mr. Mahoney prepares the morning announcements. **Top Right:** Br. McNamara figures the months tuition returns. **Middle Left:** Nurse Cegielski checks what days a student was absent. **Middle Right:** Br. O'Donnell reads some letters left in his mailbox. **Bottom:** Mrs. Dreyer does some paperwork in the office.

Top Left: Mr. Mahoney makes the morning announcements. **Top Right:** Mrs. McCarthy speaks on the telephone with the nurse. **Middle Left:** Mrs. Kelly looks for something to do in the office. **Middle Right:** Br. McNamara gets ready to speak at a meeting. **Left:** Mrs. McCarthy looks over a computer printout.

Scholars

Our Anglo-Saxon Tongue

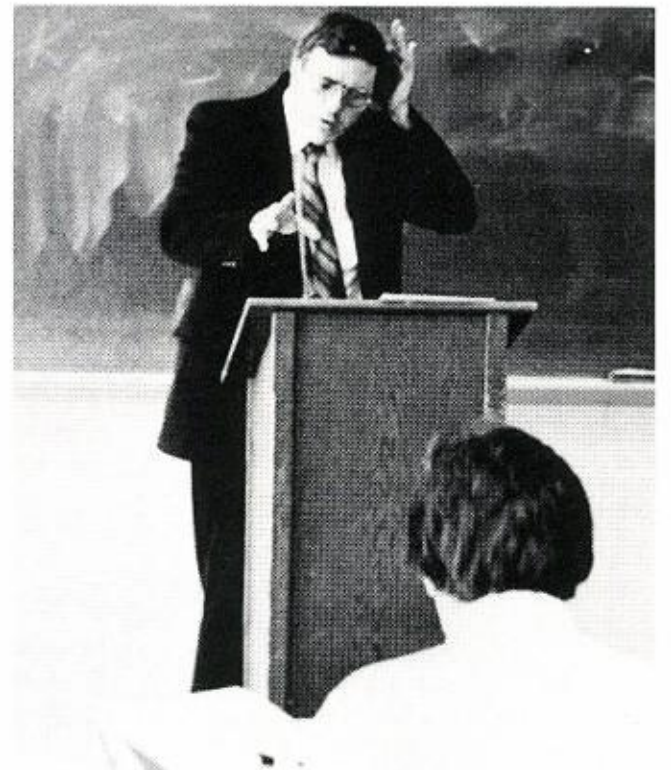

English is the only course, with the exception of Theology, that is required all four years at St. Laurence. With the difference in the individual tracks, each teacher is left pretty much to his own discretion on what he will teach, but it follows a general pattern.

Freshman English was usually heavy on grammar, and offered a basic introduction to literature. While Sophomore English goes off heavily on grammar the Honors program, grammar is given equal emphasis on other levels. Junior English is survey of American Literature, however on levels other than the Honors level, some grammar is taught. Senior English is a survey of Literature written in the English Language with emphasis on that of Great Britain.

Top: Mr. Mahoney personally assists Kevin Boyle with a complex grammar problem. **Above Left:** Br. Mahoney returns a big exam to his class.

Above Right: Mr. Harty jokes with his class about their results on a crucial exam.

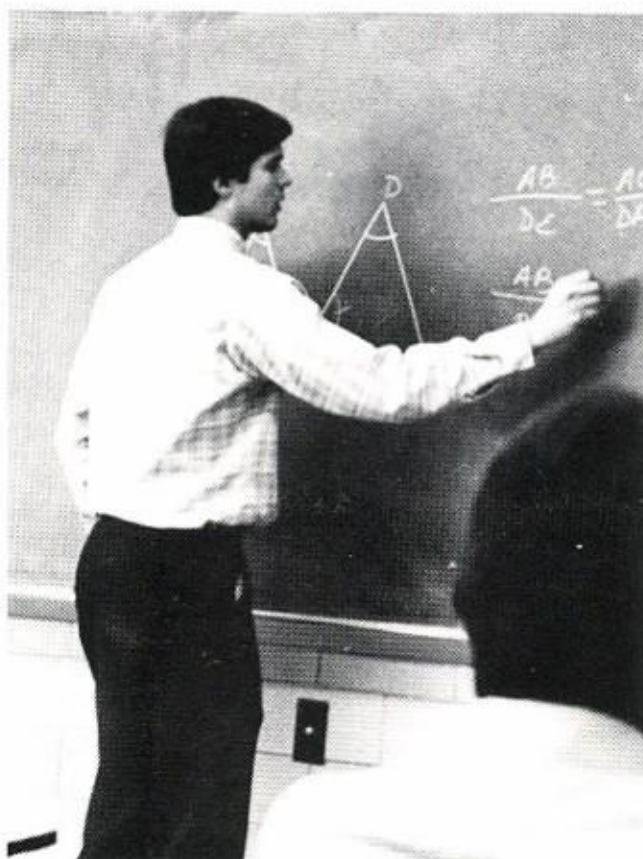

Top: Mr. Koziel returns test papers to an anticipating class. **Top Right:** Mr. Lynch addresses his class from Hamlet. **Above Left:** Br. Guzman goes over a short story with his class. **Above Right:** Mr. Kroc shows

dismay at his class' failure to get the "jokey." **Left:** Mr. Tarjan briefly explains the complex symbolism Jackson uses in "the Lottery."

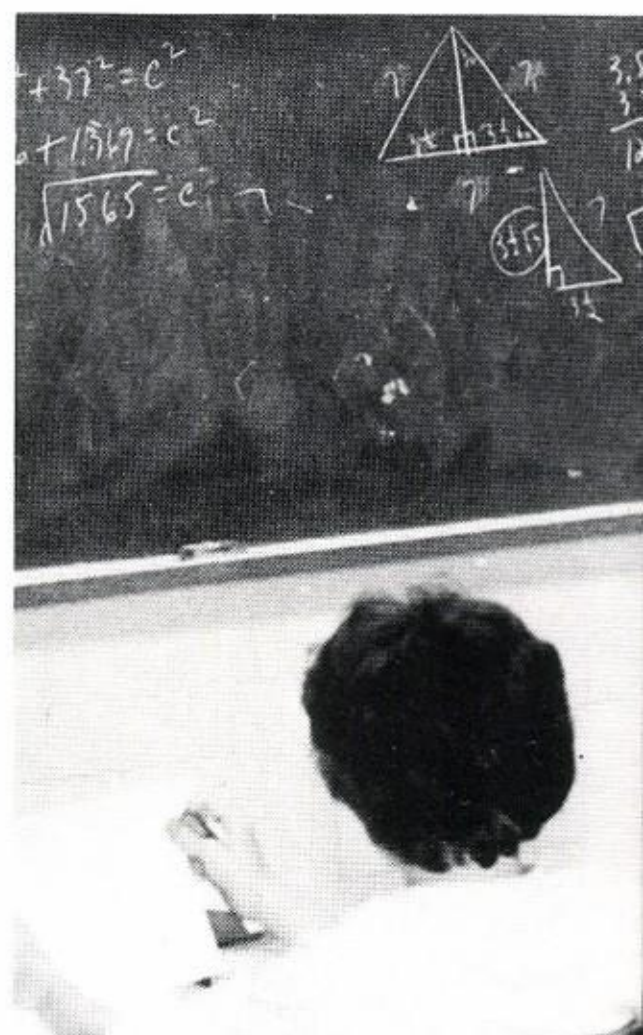

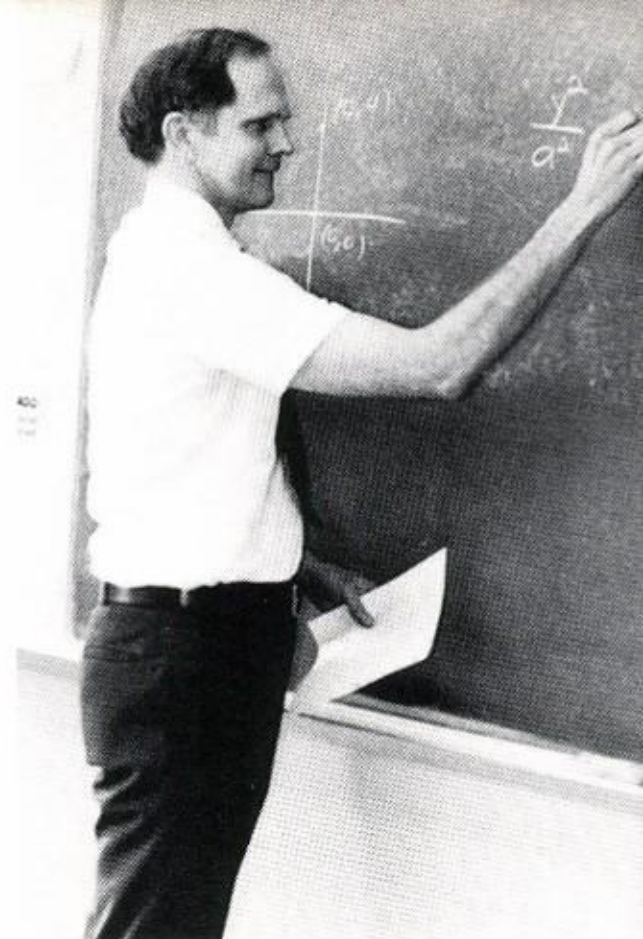

Wikes Learn About Numbers

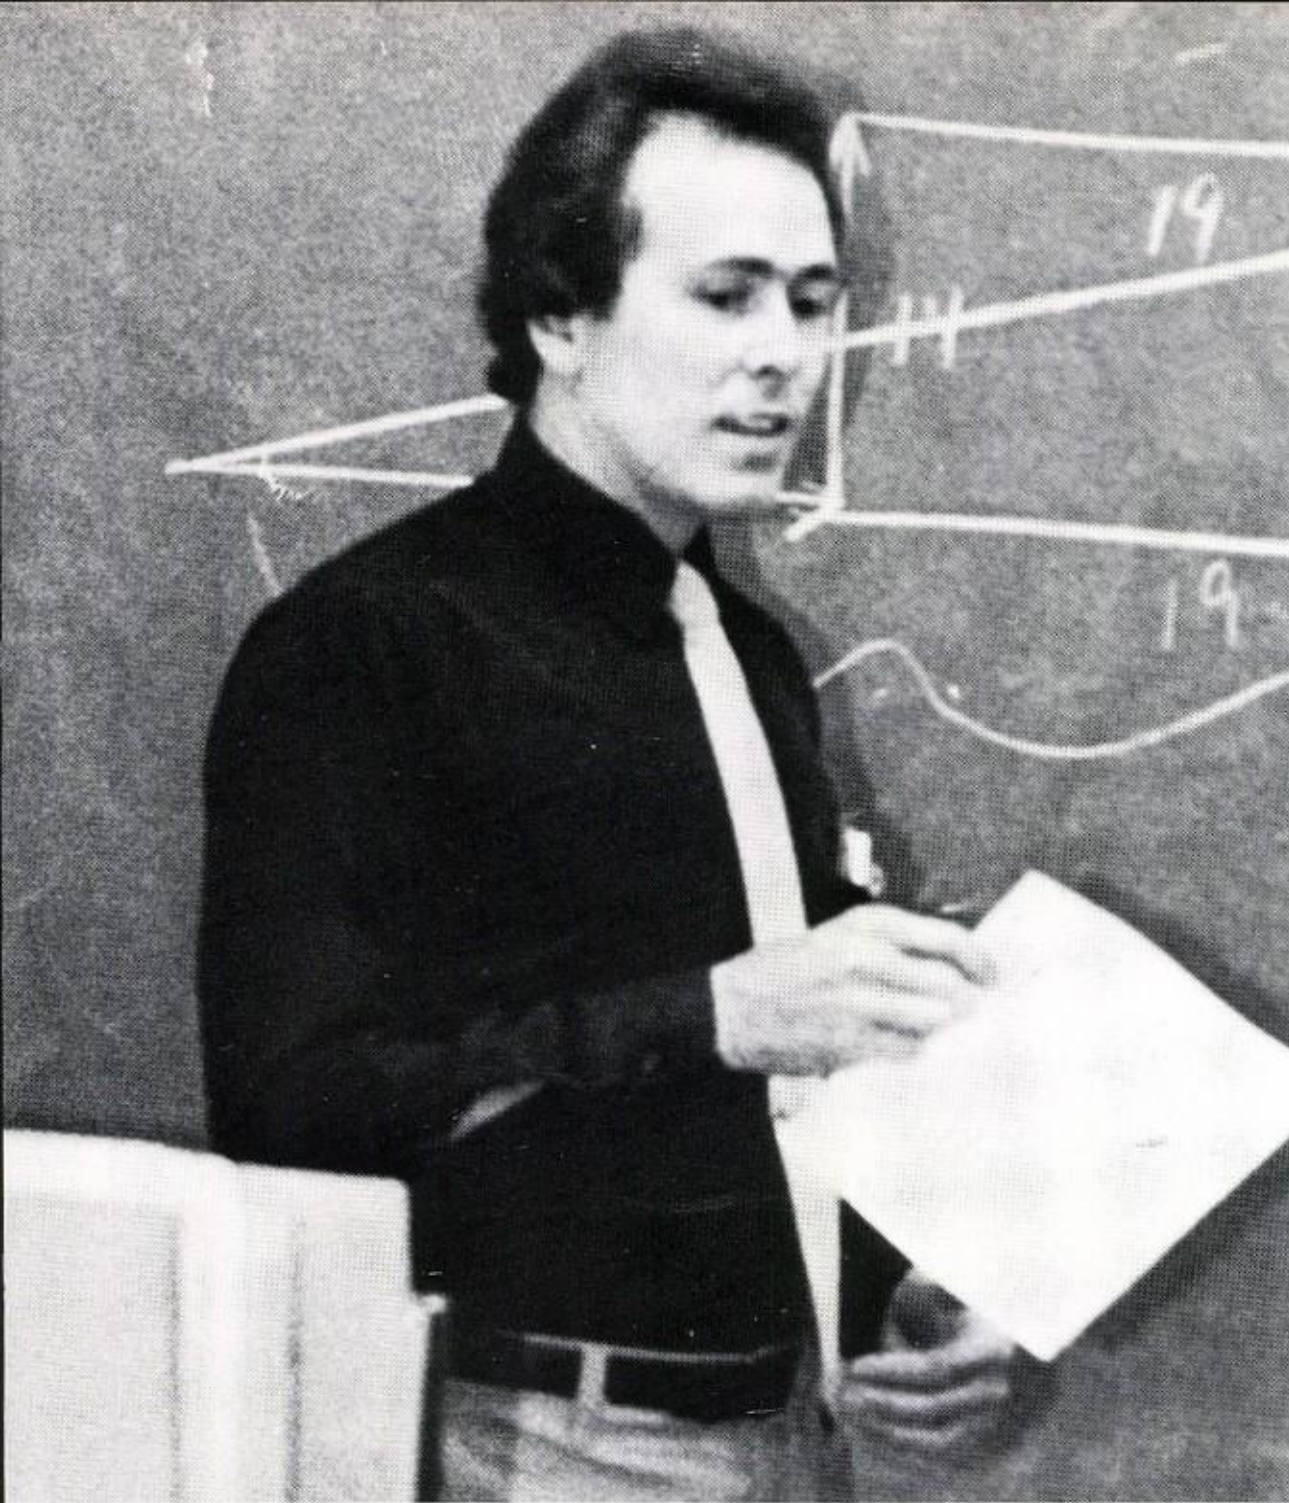

St. Laurence's Math Department again offered a wide variety of interesting courses. From freshman Algebra I to the complex Calculus II, every student was offered an opportunity to challenge himself to his fullest extent. Although Algebra I and Geometry are required for freshman and sophomore students respectively, Algebra II and Trigonometry and Math

Analysis are offered as electives to further brighten and expand the student's interest in mathematics. Other electives included Math Topics and Calculus I which is a prerequisite to Calculus II. Overall, the knowledge of parabolas and complex numbers to hyberboles, ellipses and calculus applications were taught successfully.

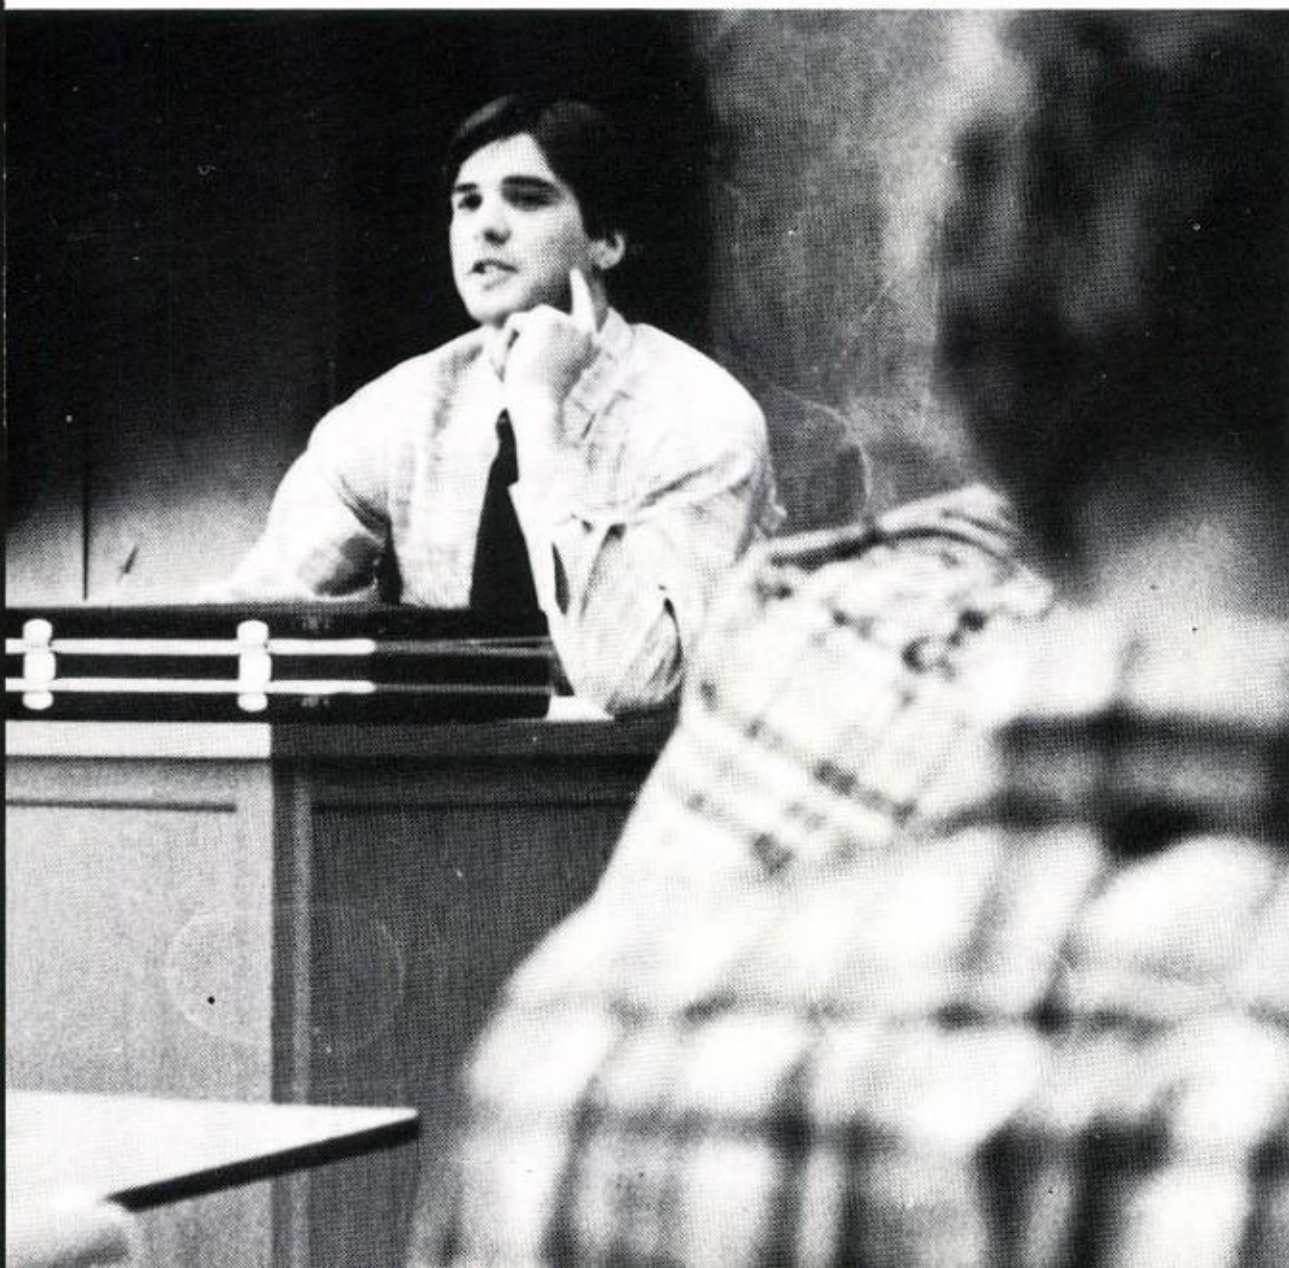

Upper Right: Mr. Fowler explains a problem on the board. **Far Right:** Mr. Pivarunus's class gets back an exam. **Middle:** Mr. Fowler ponders over a tough question. **Far Left:** Mr. Kruska demonstrates a geometry problem. **Bottom:** Mr. Pivarunus collects a homework assignment.

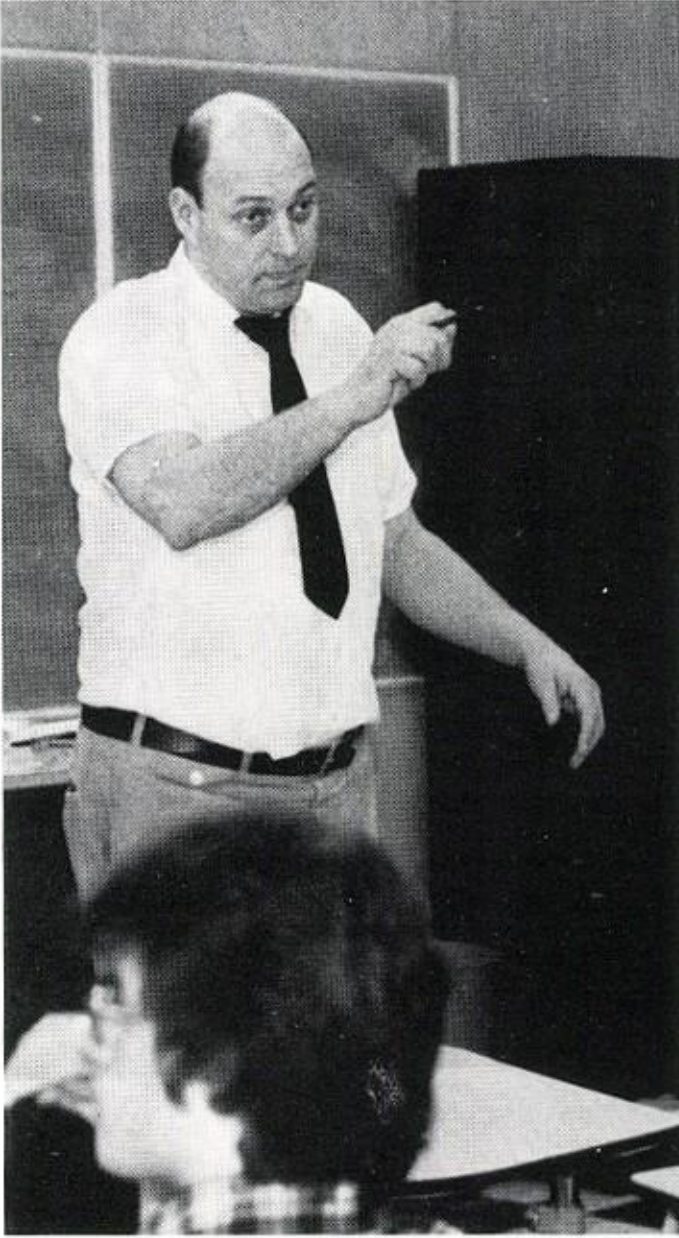

Upper Left: Mr. Pivarunus speaks to his class. **Middle Right:** Students collaborate on their homework. **Bottom Left:** Mr. Kruska listens to a question from one of his students.

Learning From Past Mistakes

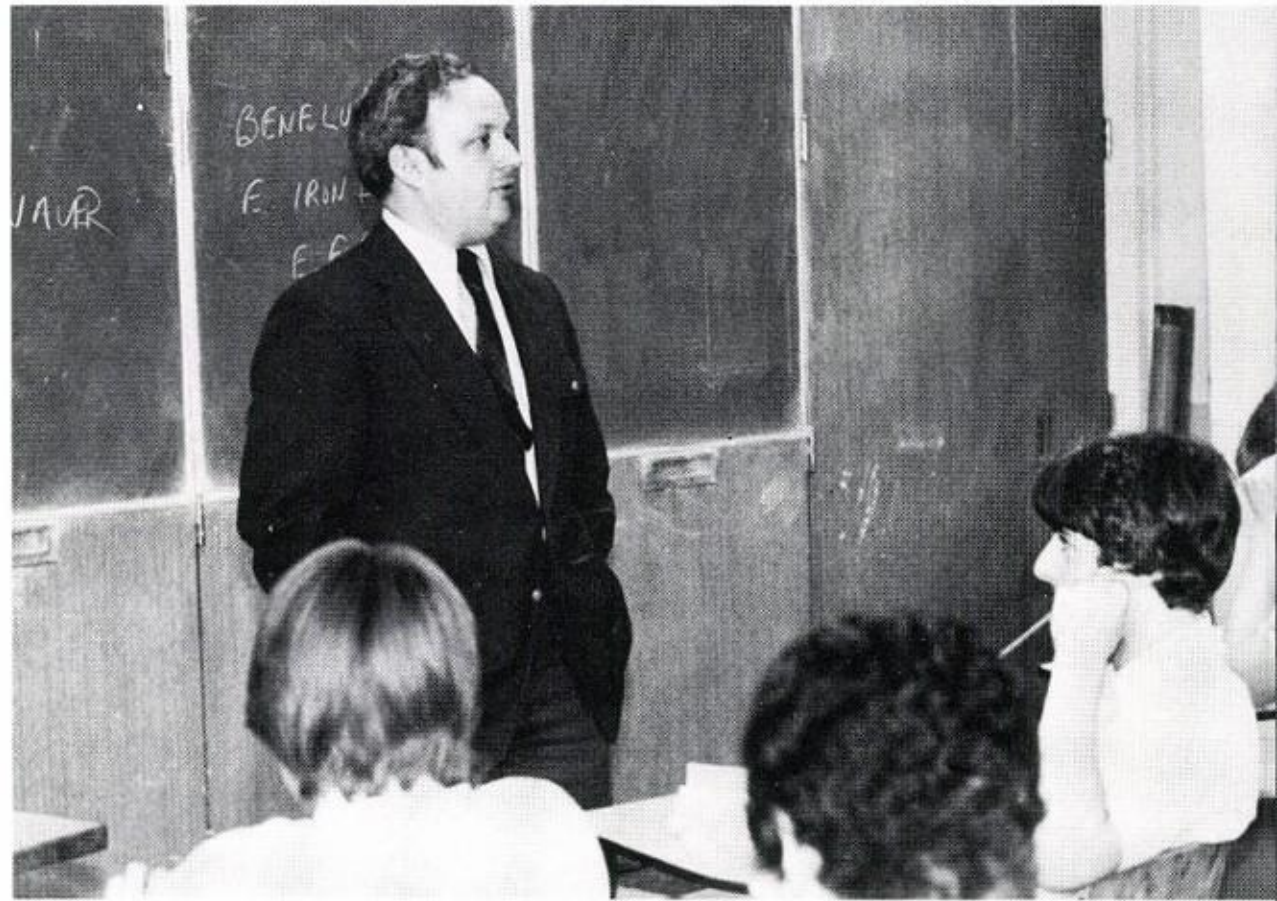

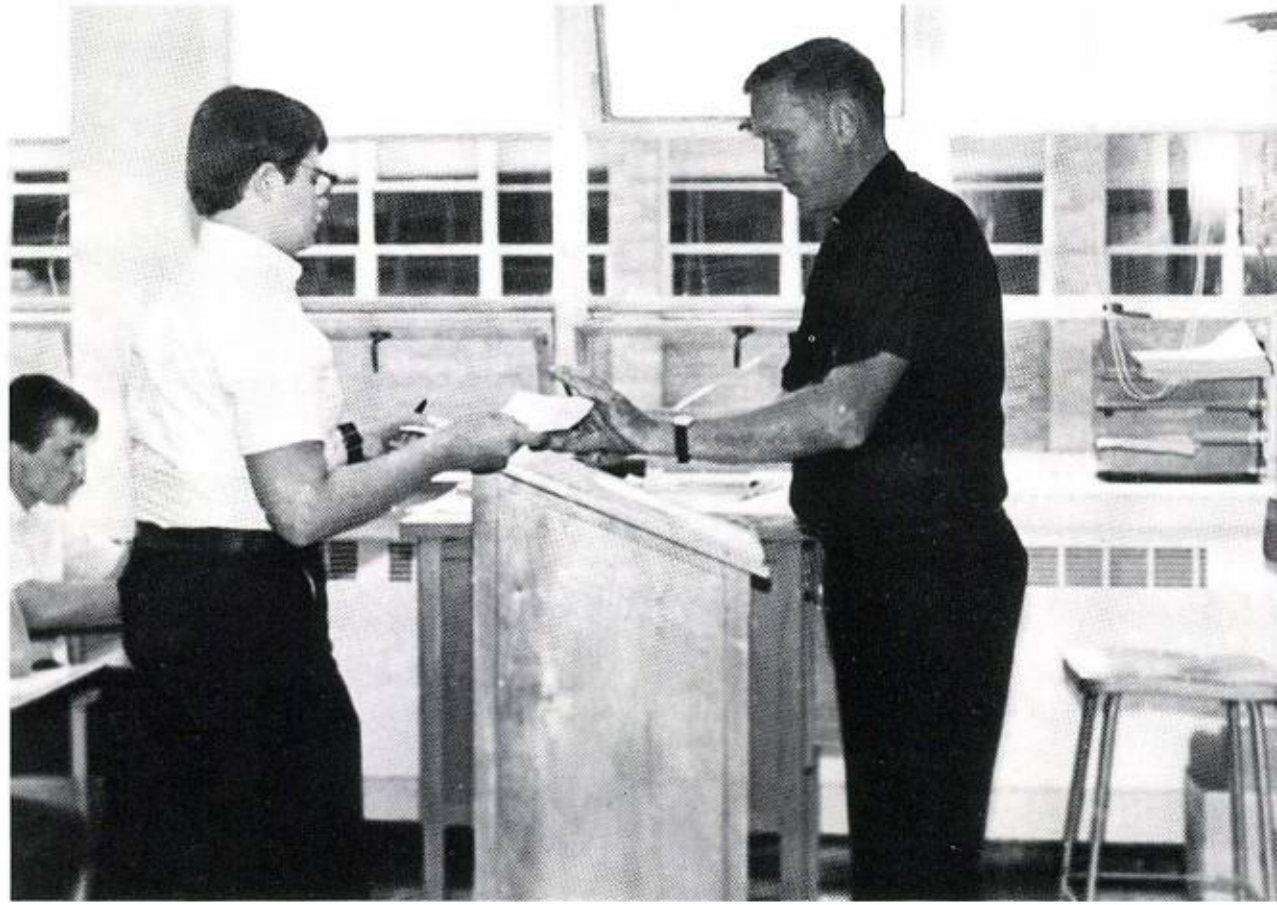

Perhaps the most important course offered at St. Laurence, or for that matter anywhere else, is History.

Five different courses of History are offered to the student at St. Laurence, World History is the Freshman course of study. It is a brief outline of World history from the pre-historic times until now. Modern European History is an elective taught by Mr. Ondrla for Sophomores.

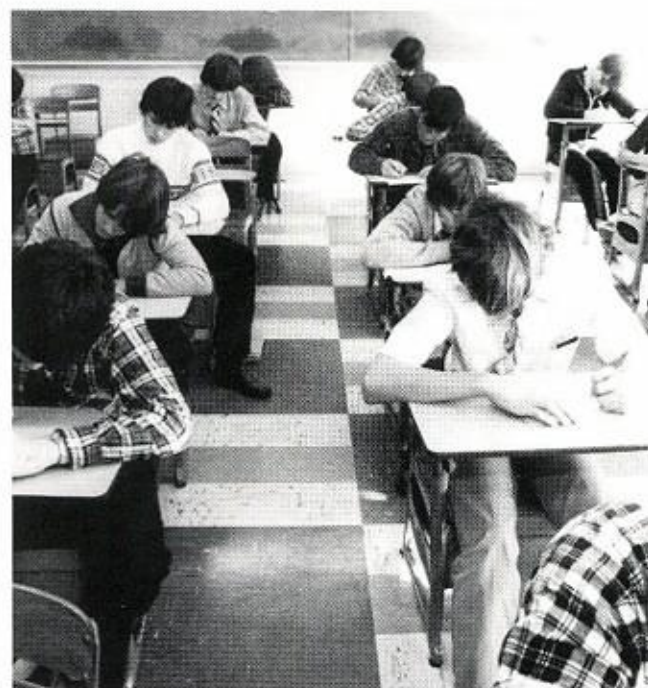

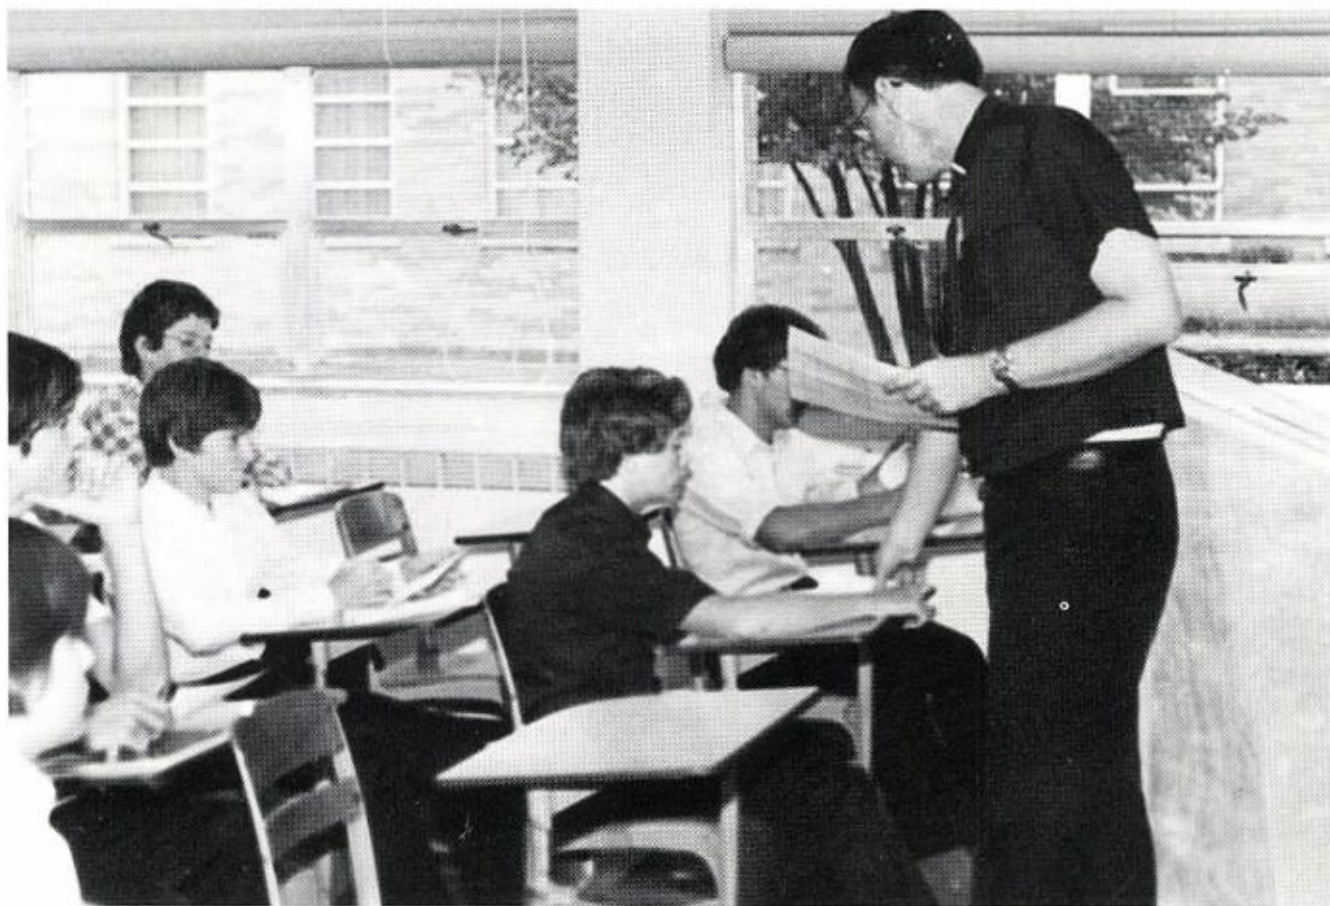

Junior year the compulsory American History is given. Many students are lucky enough, well perhaps the word is not lucky, to have, perhaps the strangest and most unusual course in the school. Mr. Rezek's enlightening course in United States History.

Recently added to the Laurence curriculum are the Senior courses Current Events/Chicago History taught by Mr. Ondrla and Departmental head Mr. Rezek.

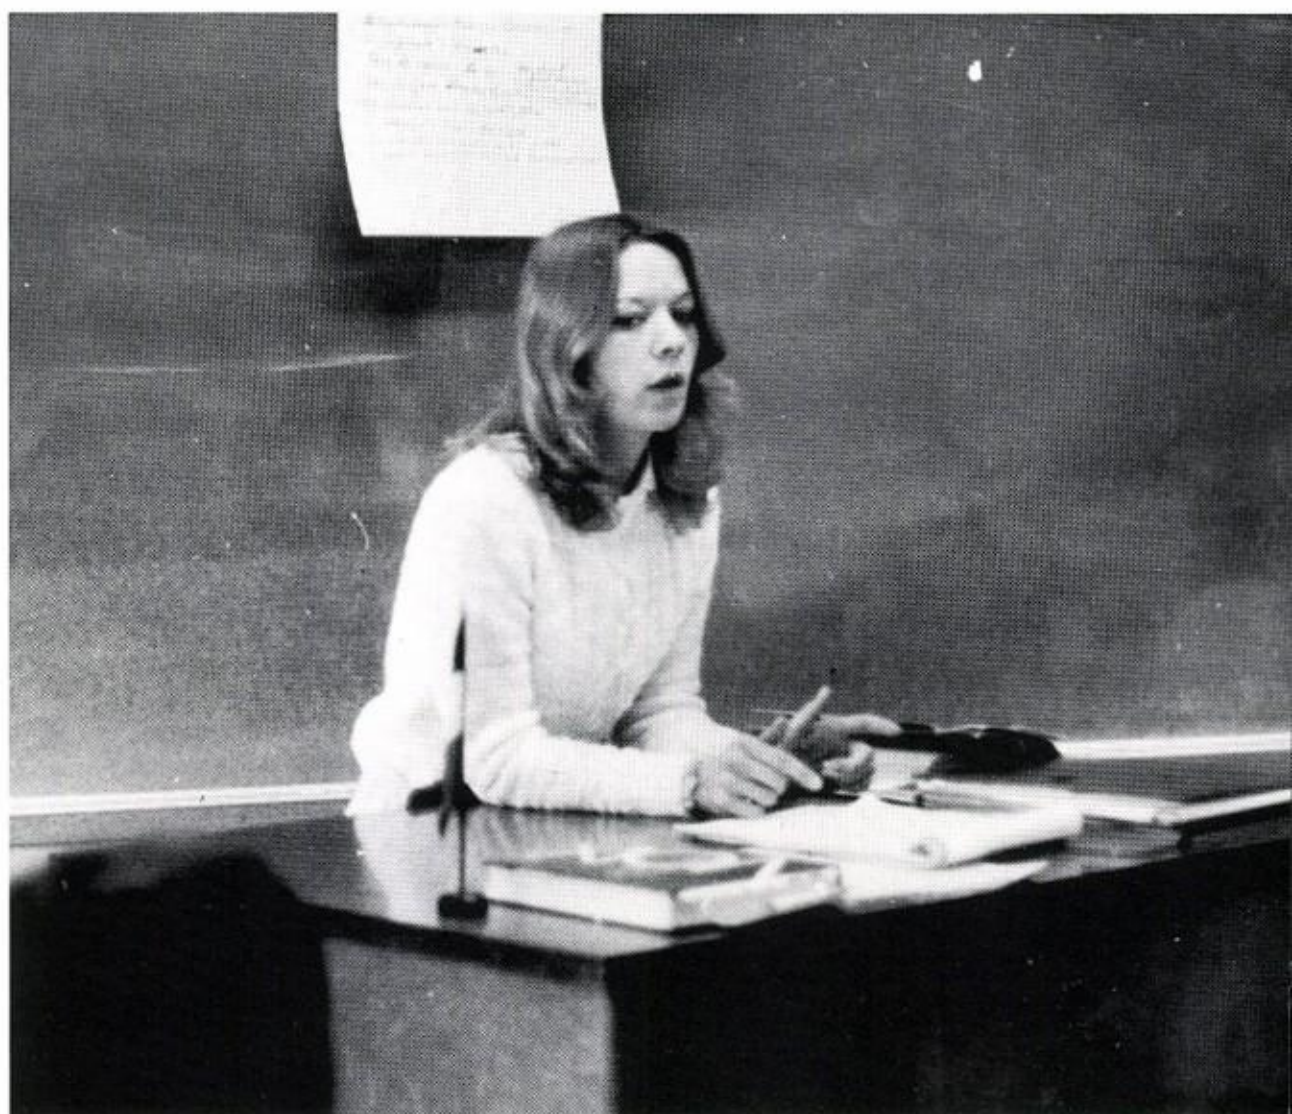

Above Left: "Point." **Above Right:** Students turn in history assignments to Br. Granitz. **Bottom**

Right: Mr. Ondrla teaches a group of curious history scholars.

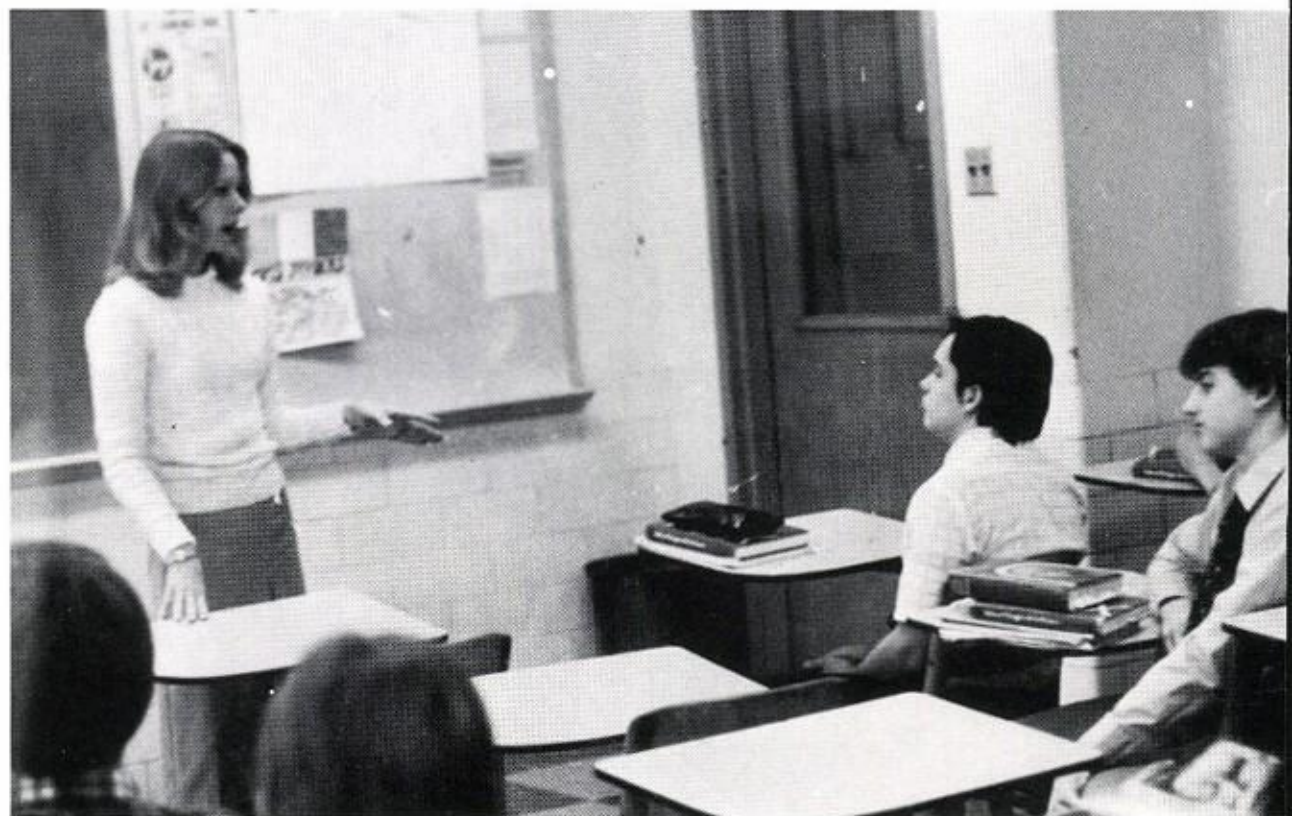

Above Left: Mr. Trombetta teaches his students all they'd ever want to know about world history. **Above Right:** Students are intrigued by Br. Beeckstrom's history lessons. **Bottom Left:** Mr. Rezek helps a student with a temporary mental block. **Bottom Right:** After studying all night students attack a history test.

La Vie Française

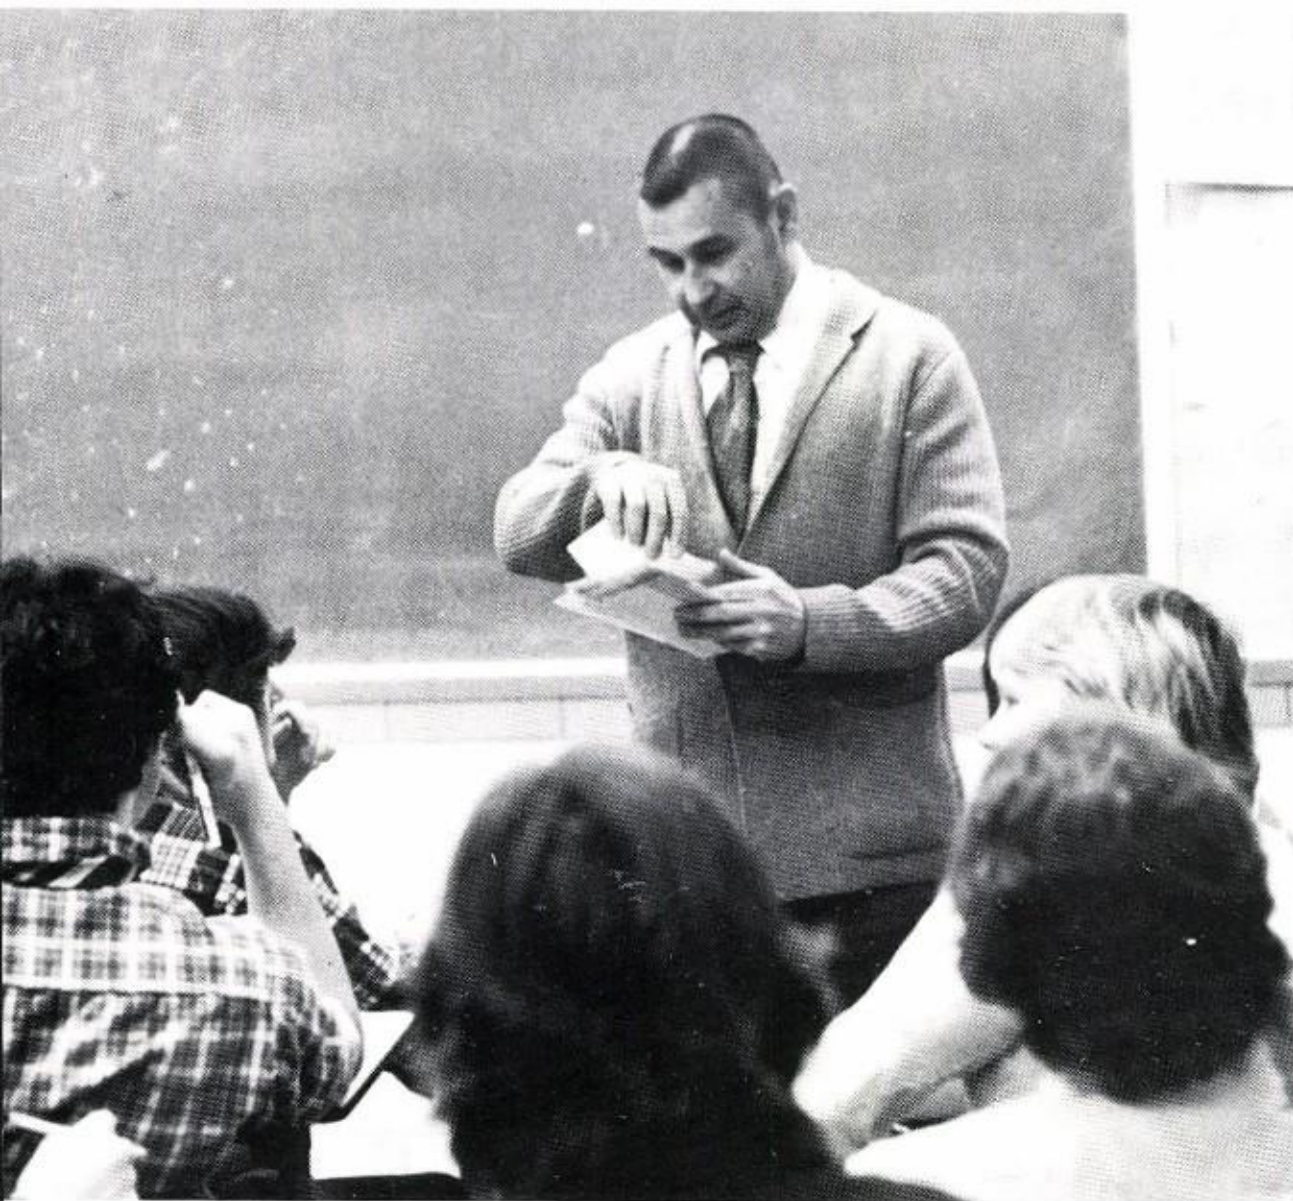

Under the directorship of Mrs. Meryl Handrick, French I-IV students were given the opportunity to partake of the newly created French club. Students from the junior and senior classes elected Dan Divicenzo as president. During the duration of the club, members were able to visit The Art of Chicago as well as conduct meetings once a month.

The French program consisted of freshman thru senior classes. Freshman French included elementary introduction into the language with emphasis on grammar and writing skills. Sophomores continued on with grammar usage in the past tense as well as stronger readings in French about French culture. The juniors took on a more structured schedule with emphasis on speaking and French grammar conclusion in the imperfect, conditional and passe simple tenses. Seniors were able to develop speaking skills, grammar usage in the subjunctive and passubjunctive tense and finally comprehensive readings by famous French authors.

Far Left: Mrs. Handrick answers a question about yesterday's test. **Far Right:** Mrs. Handrick makes sure the pronunciation of her students is ade-

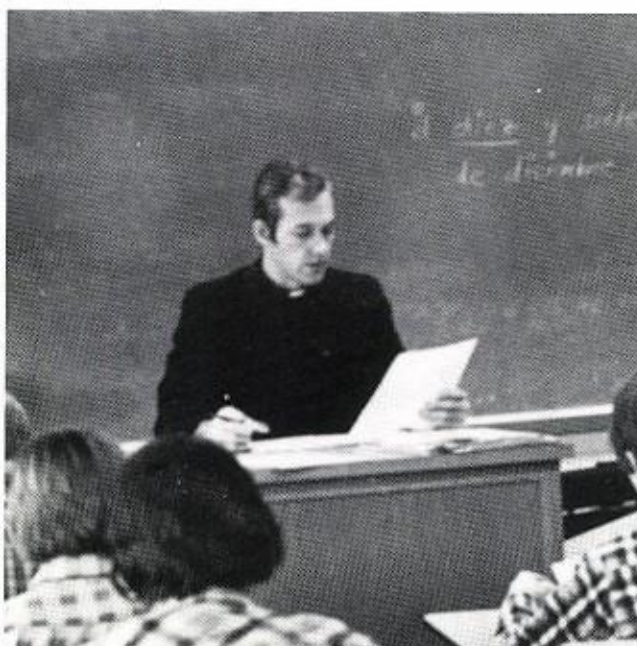

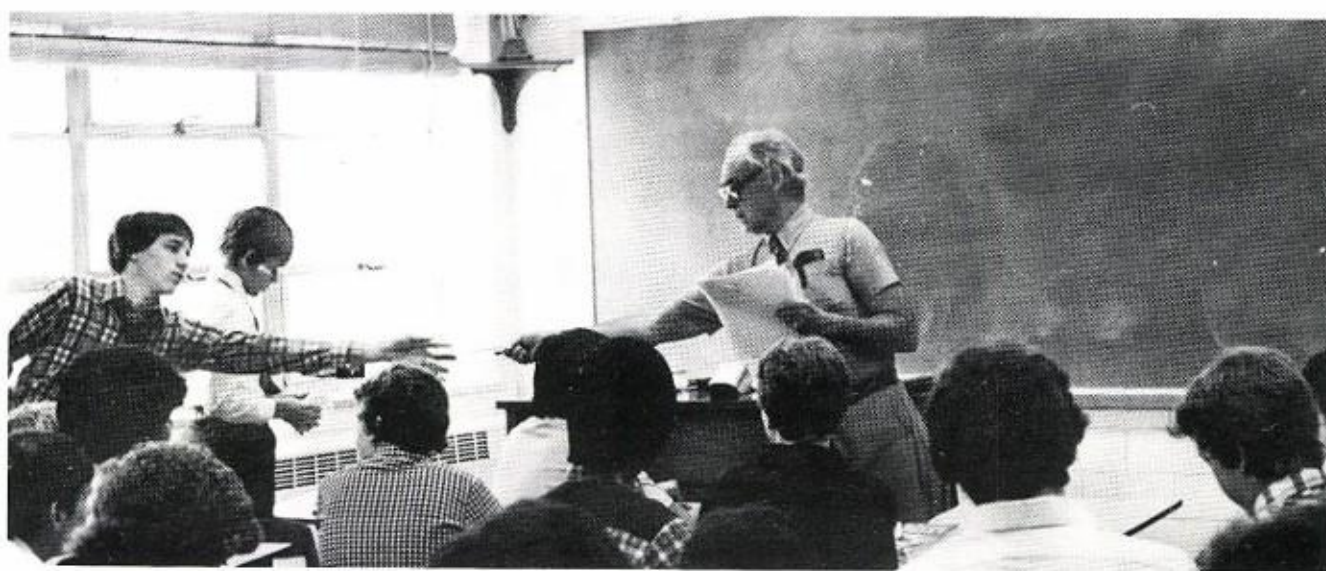

quate. **Above:** Mrs. Handrick explains the inner workings of the French verb to her students.

Wikingos De Español

One of the foreign languages offered here at St. Laurence is Spanish. The Spanish course included translating, writing, reading, and learning the cultural aspects of the Spanish language. Not only were students expected to learn the Spanish language but things such as Spanish agriculture, government, and history were briefly touched upon.

In Spanish I, II, III, and IV the student was taught speaking, reading, translating, and writing, and were highly stressed in later years.

Latin German and Russian

Among the many languages offered at St. Laurence are those that may be uncommon to most high schools, Latin, German and Russian.

Taught by Mr. McNicholas, German is presently being offered on all four levels. High interest is shown at this language. It deals not only with the German language and basic grammar, but with the complex German culture as well.

Russian is another language that the multi lingual McNicholas speaks. It is quite an honor for us to be able to offer the complex language here at St. Laurence.

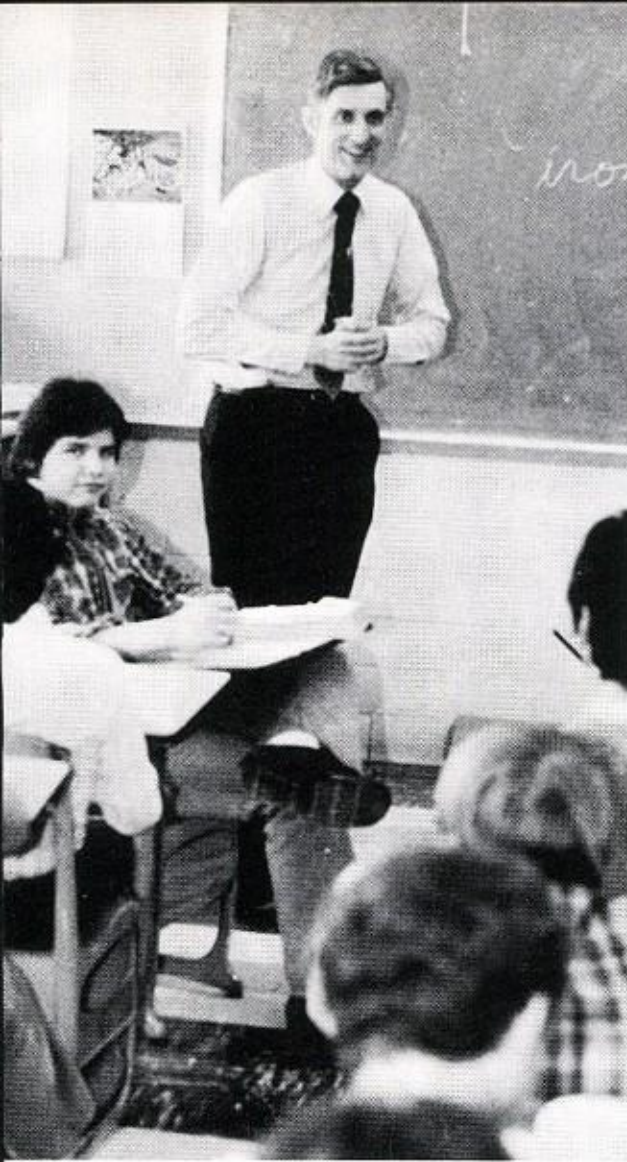

Latin is taught singularly by Br. Mahoney. The ancient tongue that used to be the official language of most of the civilized world is preserved by Br. Mahoney and the Laurence Latin scholars.

Learning the Faith

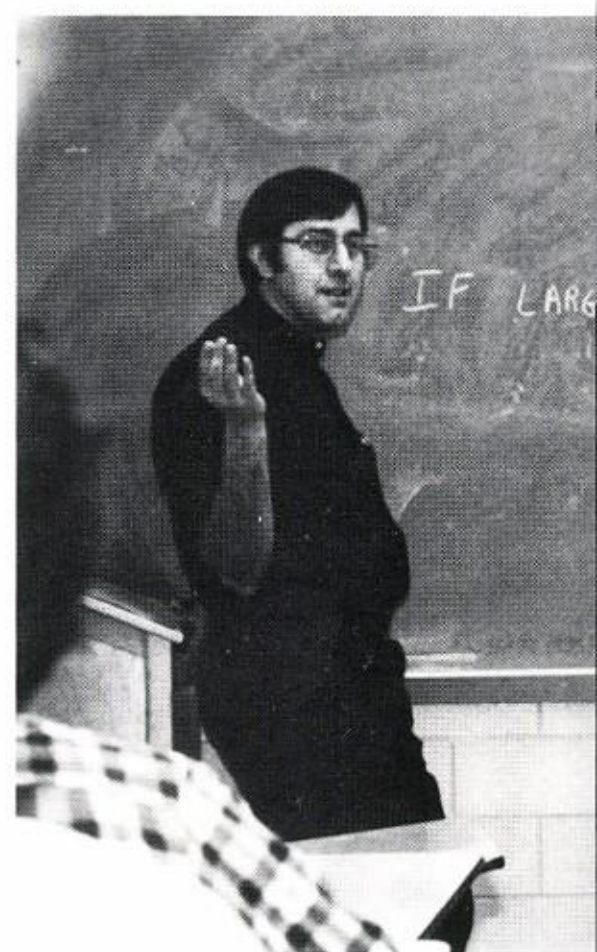

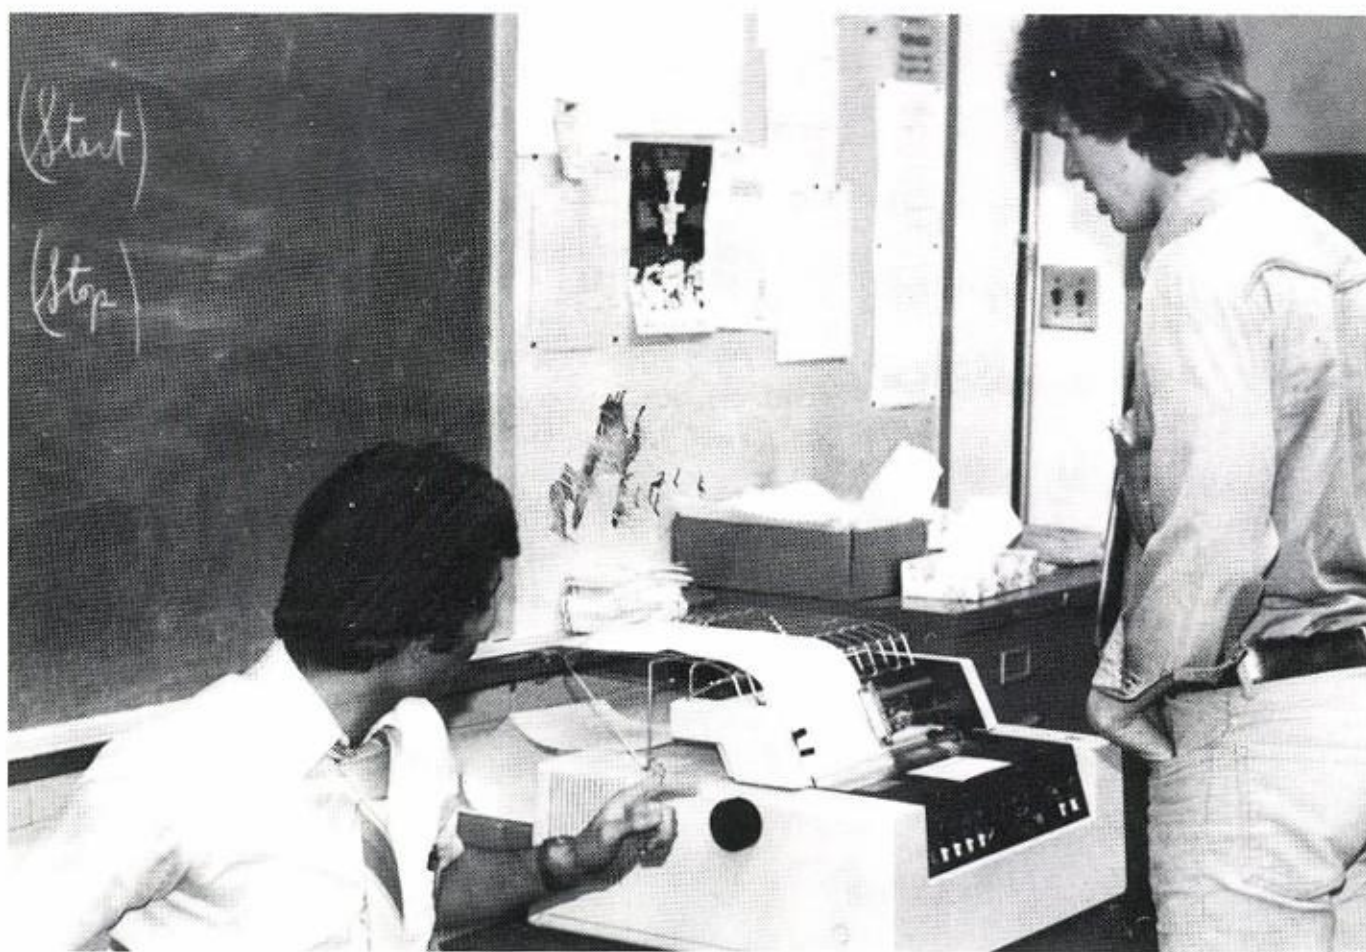

Important and mandatory to the students academia at St. Laurence is the study of theology for four years. Freshmen are introduced with the Old Testament while sophomores are introduced to the New Testament. Juniors take a two semester course that is divided into Church History and Morality. Seniors take a theology course that discusses moral problems and also a look at the aspects of marriage and human sexuality.

The Computer Department experienced very rapid growth. The program expanded to include a second level programming class for juniors. Taught primarily by Br. Verre and Mr. Fowler the program flourished to the tune of great interest and enrollment from the student body. \$200,000 was pumped into the massive budget of the new program to equip the room with the latest possible equipment. The physical look of the room itself was also changed; it was enlarged to accommodate the rapid growth due to the influx of underclassmen. It was a program which inspired unusual interest by those involved, it was not unusual to spot a computer student after school for long hours working diligently to complete a program.

Learning to Build Things

Fundamentals of Drafting, taught by Mr. Engler, open to all Juniors and Seniors, introduced the students to the basic principles involved in Drafting. The course was aimed toward usage of instruments, geometric construction and orthographic and pictorial projection.

Advanced Technical Drawing provides students with a more in depth study of Drafting. The class focused around two main areas, pictorial drawings and architecture (especially the drawings of blue-prints for a house.)

Learning Music Theory

One of the courses we are truly lucky to have at St. Laurence is Music Theory. Although Mr. Henning is Band Moderator at two other schools, he chooses only to teach this fine survey of the intricacies of the art here at St. Laurence.

Any Junior or Senior could take the course which dealt with all types of music along with the basics of harmony, tone, melody, and texture. Recently Music Theory II has been added. This delved greater into the areas discussed in Theory I.

Typing Instills Skill

Typing may have actually have been one of the more valuable courses that was taught at St. Laurence. It was important because it can be used for any subject. The course was primarily taught with the use of film aids which enabled the student to get professional advice on learning the skill.

Many of the students at St. Laurence took the course and said it helped them immensely.

Teachers

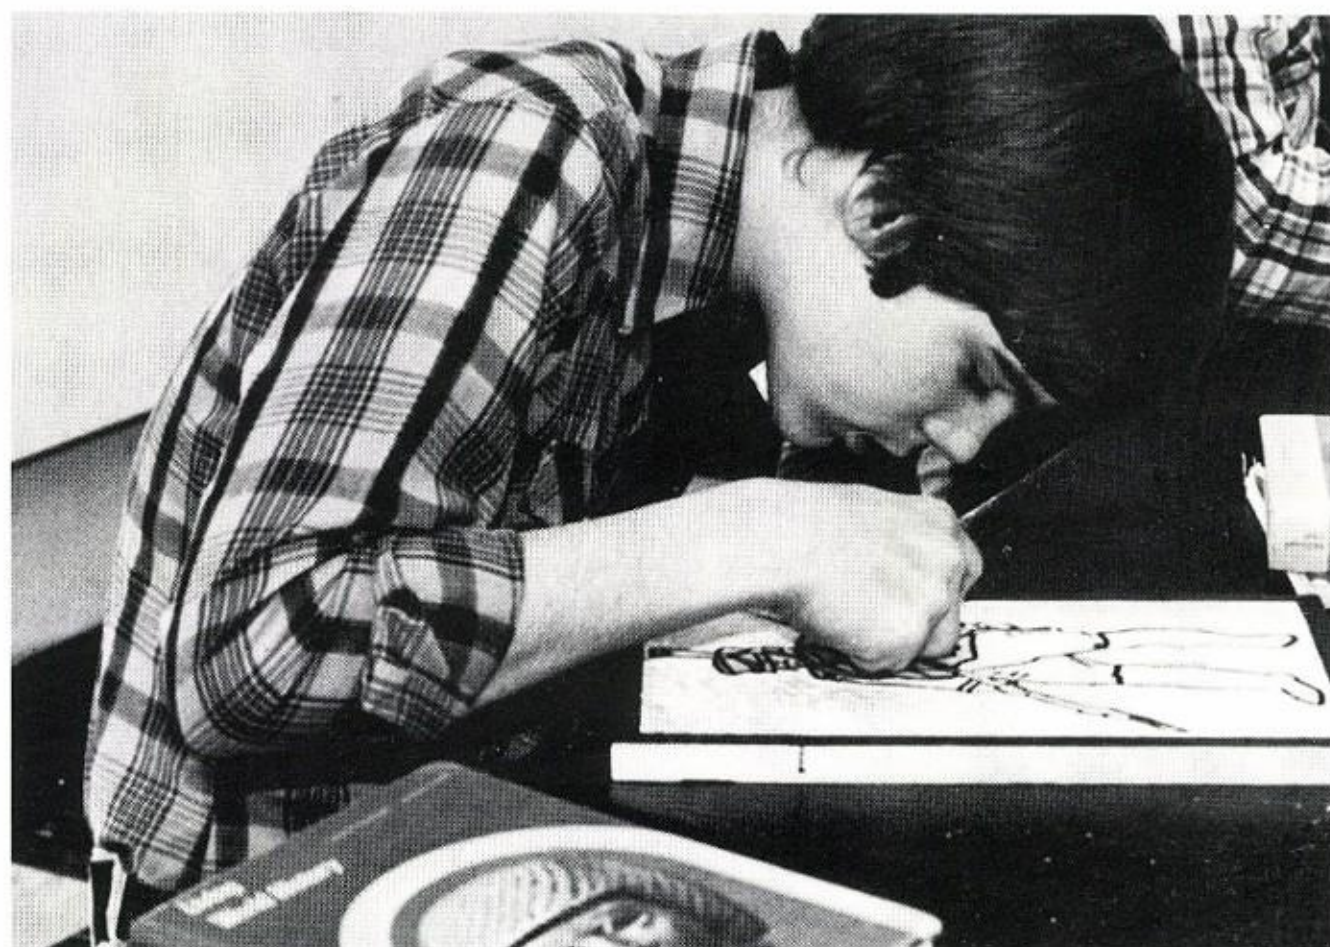

Guys Get Fit

Attempting to educate the whole man, the St. Laurence Curriculum offers not only courses for intellectual stimulation but also stresses physical growth. Physical Education courses are held daily.

The activities during the course of the year include football, soccer, basketball, speedball, and softball. Also included is a weight program during the Winter, which takes advantage of the weight rooms.

Vikings '82: the State of the Art

Art is a subject at St. Laurence that truly gives the student the chance to express himself creatively.

There were three art teachers. Mr. Smerz, Mr. Scott, and Mr. Martinez who all shared the task of developing the creative abilities of the many students at St. Laurence who have chosen the Art electives offered.

Freshmen are introduced to Art in the

Art Foundations course. That is followed Sophomore year with the course Art II. This course is for those who wish to increase their knowledge on the more intricate parts of art. The highest level of art taught at the school is Commercial Art. This course helps familiarize the student with more Art techniques, color separations, layouts and other aspects.

Wiking Physical Science

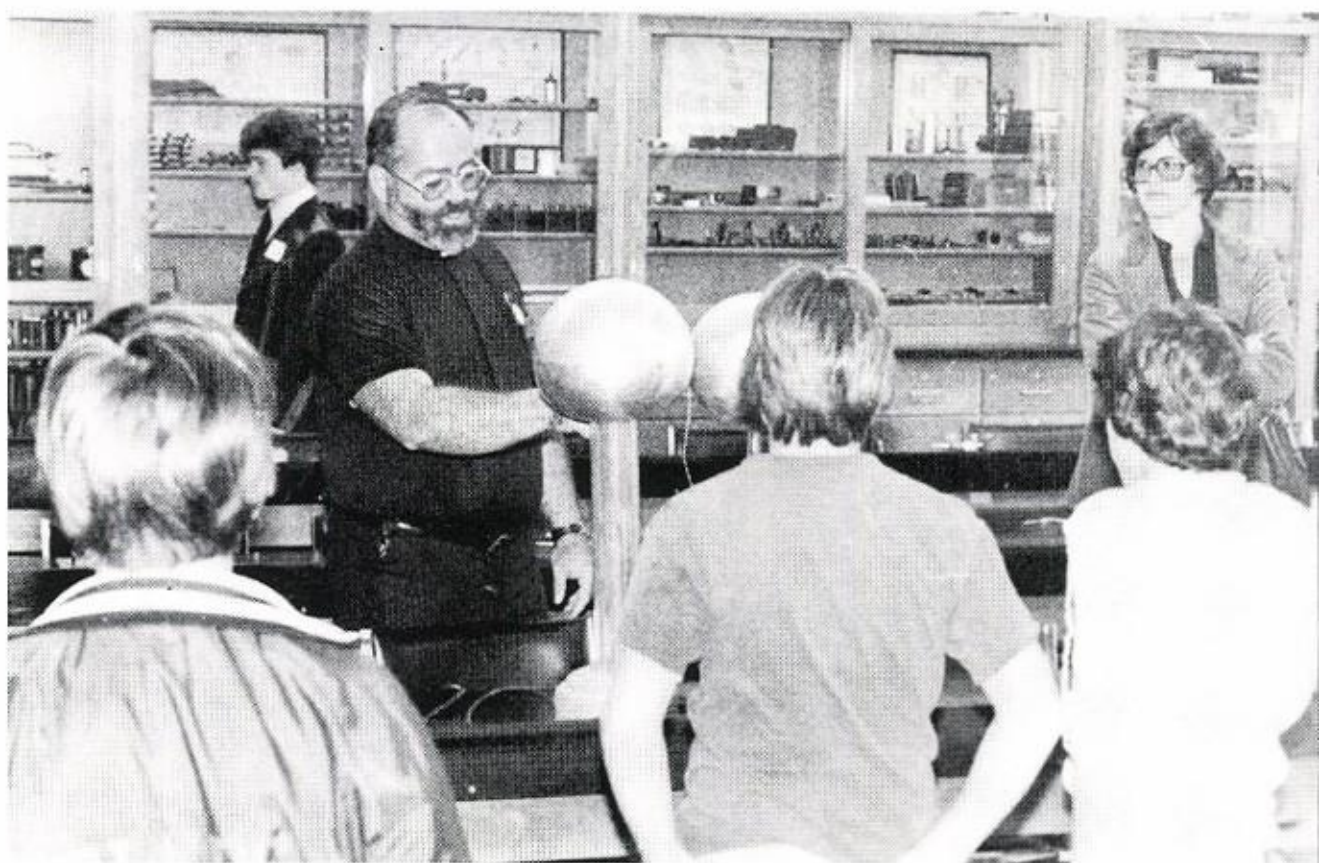

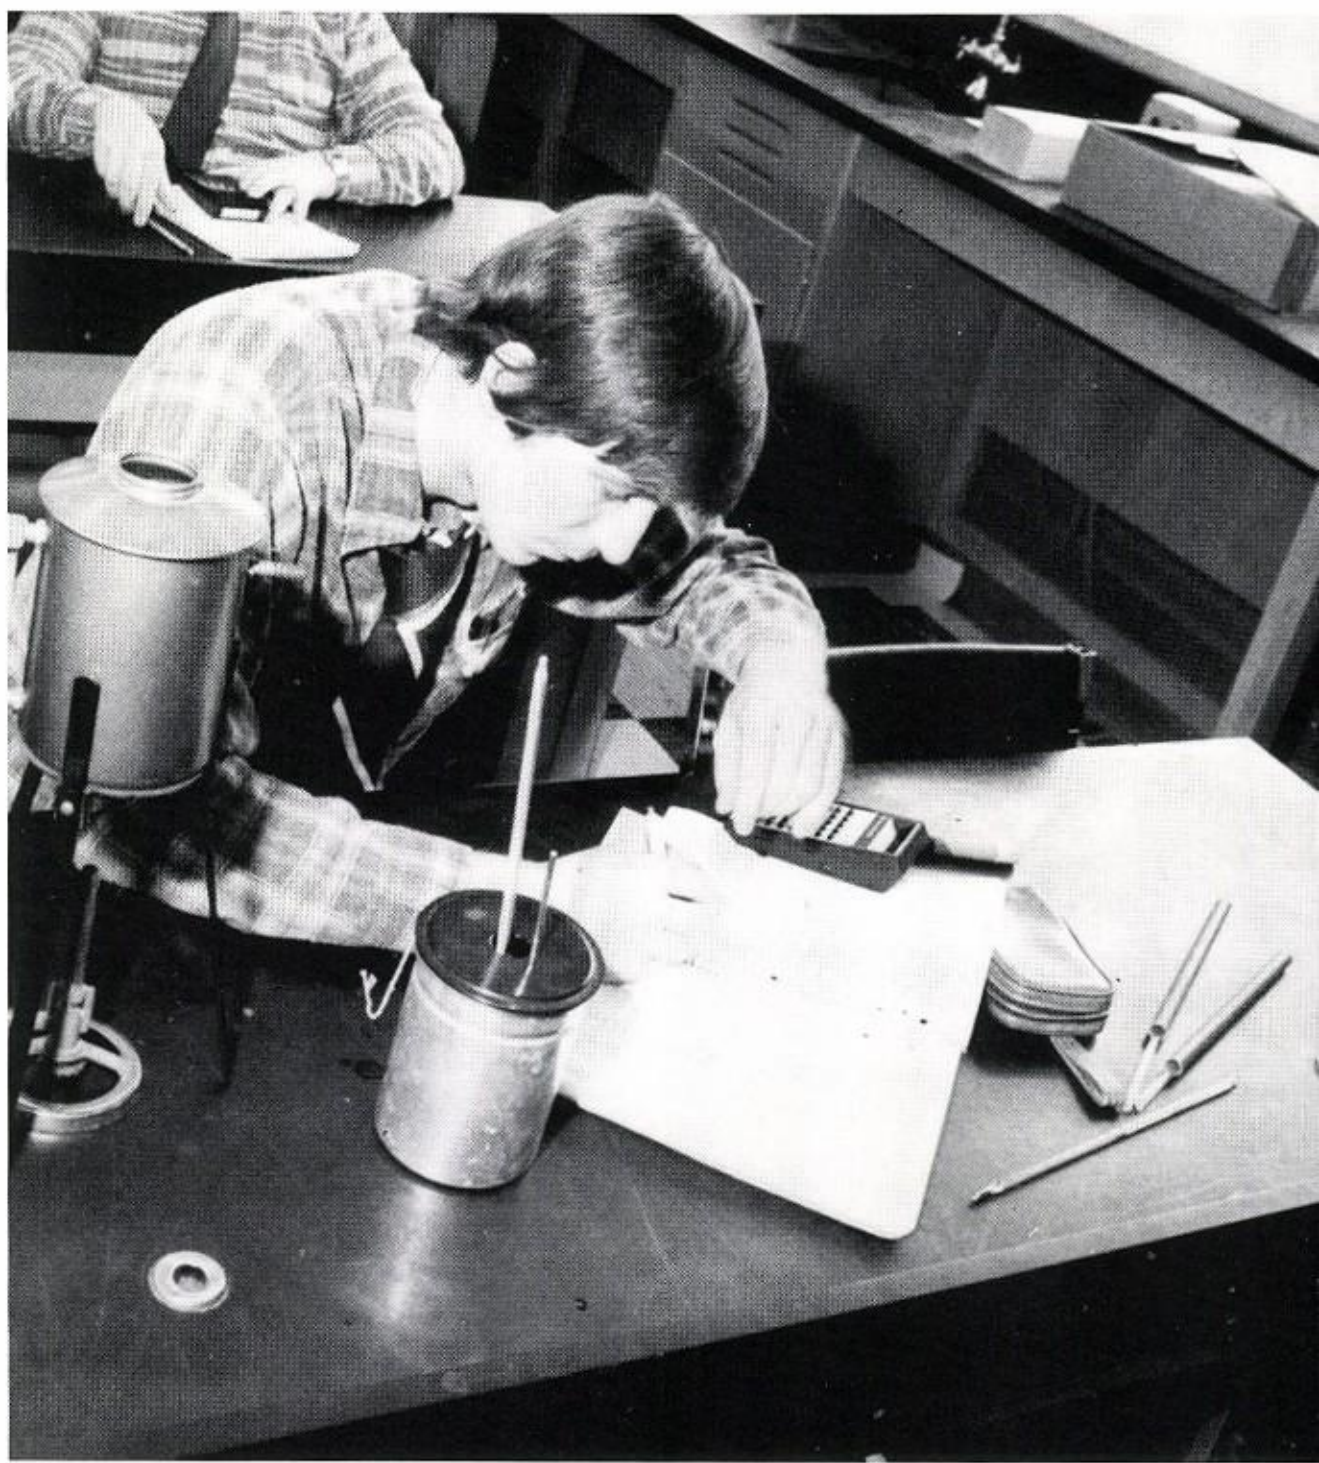

Like Chemistry, Physics emphasized the practical importance of the discipline in everyday situations. Learning the fundamentals involved in the science were the items of prime concern at the beginning. Observation and understanding what had actually taken place were the goals to be achieved.

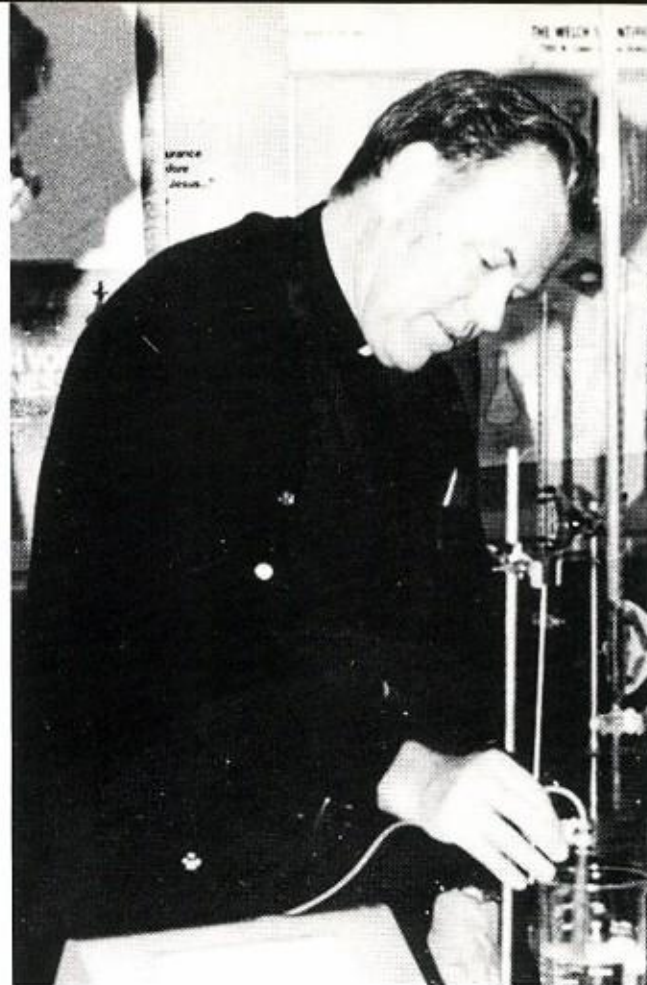

Under the direction of Br. O'Donnell and Br. Reilly, a great deal of time and emphasis was spent on the area of mechanics. After a thorough examination of this topic, students moved on into such advanced subjects as optics, heat, light, and atomic theory. Knowledge of each of the topics was reinforced through problems assigned to develop an inquisitive attitude within each student. Labs were frequently done which forced the Seniors to use the knowledge they had gained through lectures and assigned problems.

Practical applications of Physics was the highlight of the year as students were pushed to their limits in an attempt to build bridges made of balsa wood. To achieve the project required the utilization of the rules dealing with stress, as well as equilibrium.

As in years past, Physics has remained one of the most popular Senior electives. Students have regularly taken it in preparation for further studies in engineering and science.

Wikes Learn From Experiments

Attempting to provide a practical knowledge of why and how events take place, Chemistry gave an indepth view of the world of reactions and solutions. Relating insight into current chemical industry topics, classes were presented through lectures, films, demonstrations, and labs which gave an understanding of how chemists solve problems in todays industry.

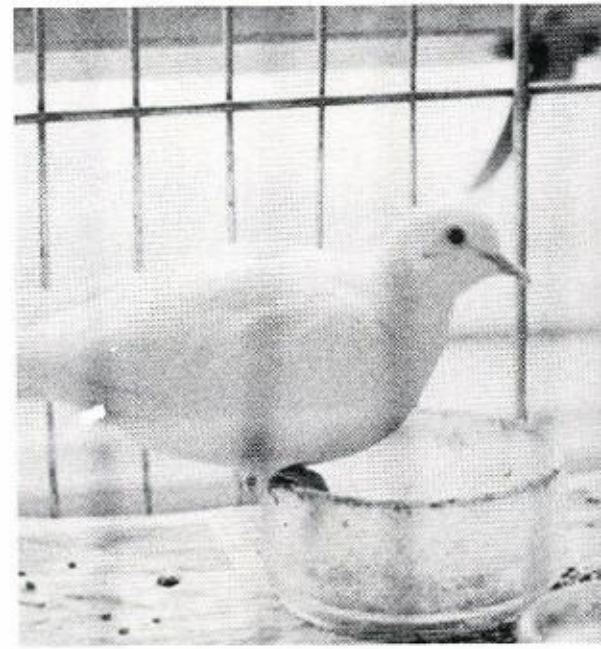

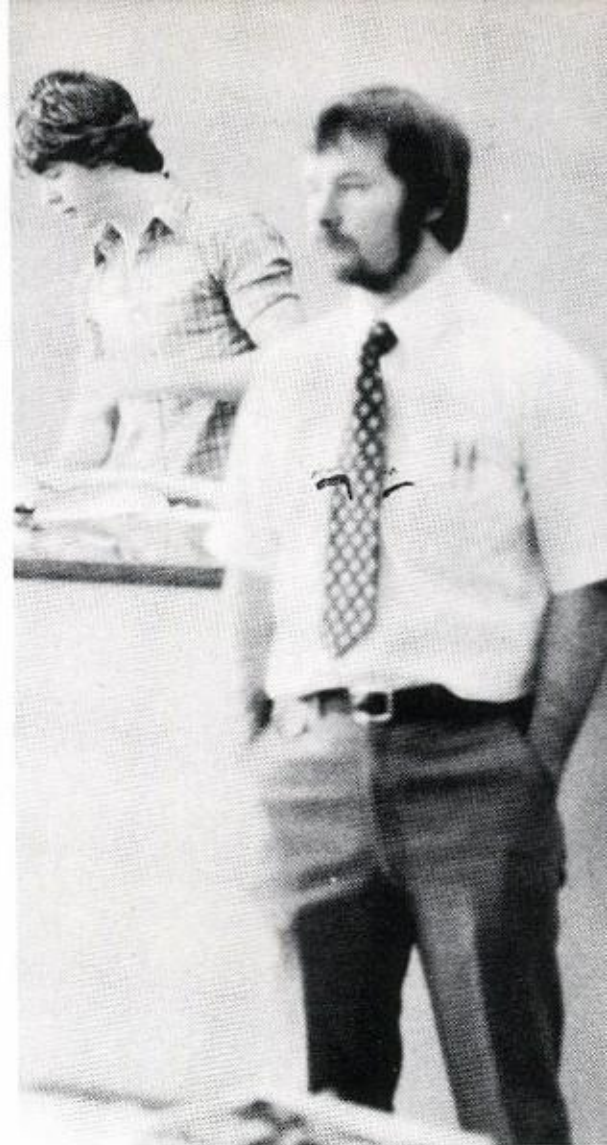

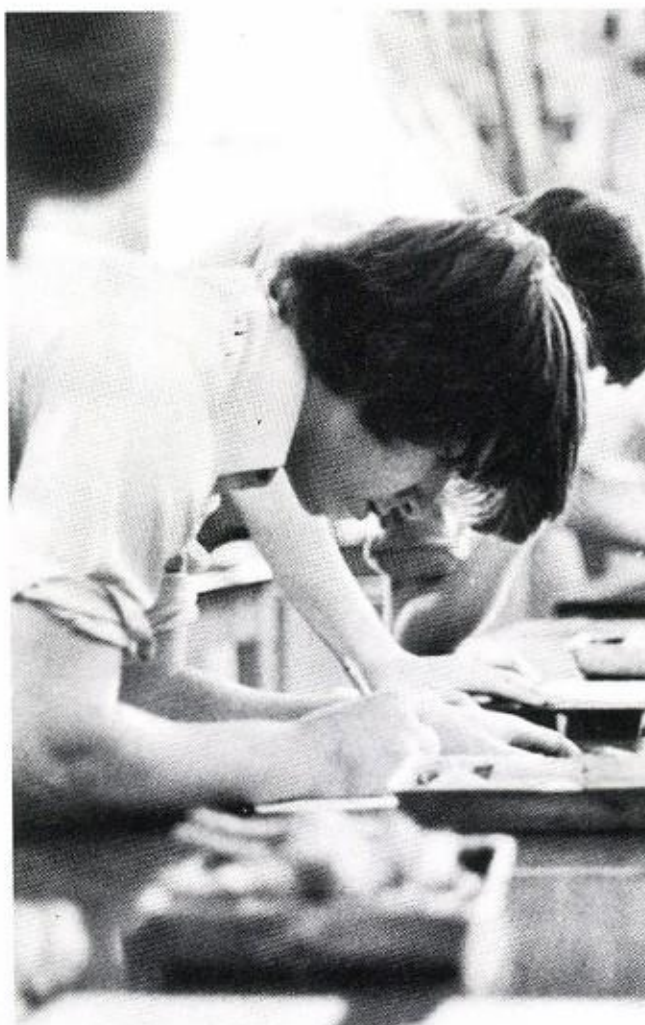

Items of discussion included such mind boggling topics as Avegado's hypothesis, the Gas Laws, balancing chemical equations, and chemical equilibrium. Special interest was given to the chemist's and physicist's all important device, the red, white, and blue Periodic Table of elements.

Labs allowed a first hand experience as to the work of chemists and chemical engineers. With an emphasis always placed on the practical uses of chemistry, Juniors learned the basis of theory along with its everyday application. Ranging from such fundamentals as acid-base titrations and pressure-volume relationships to deoderant production and the synthesis of nylon, student labs covered all the bases.

Throughout the year, Br. Wielatz, Br. Fagan, and Br. Mooney, attempted and managed to relate an understanding and interest for the practicallity of chemistry in everyday life.

Learning About Life

Biology, the study of life, is the only compulsory science at St. Laurence. All sophomores must take the course. It has a classroom study and lab work. Dissecting a fetal pig is usually the high point of the Biology year.

Warriors

Sophomores Take Catholic League

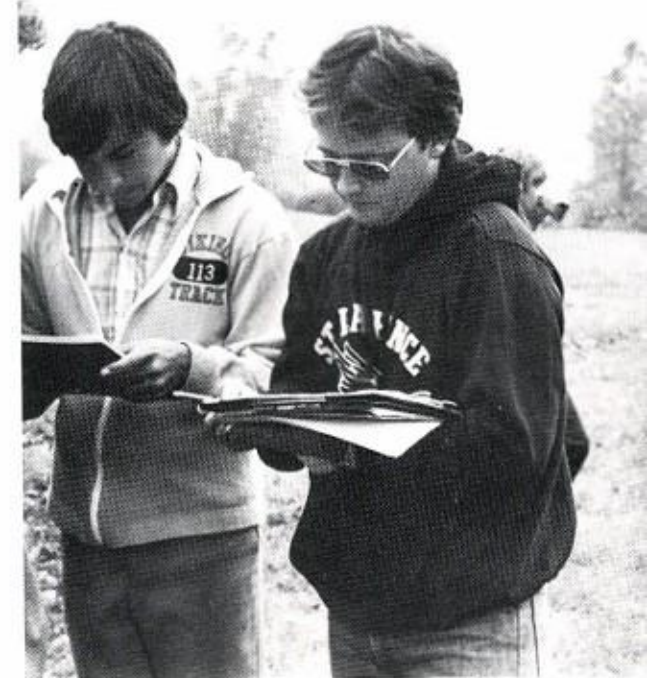

The sophomore cross country team had one of the most successful running seasons in the school's history. The team had a 10-2 dual meet record, and did well in the following invitational meets: Oak Park, third place; LaGrange, 2nd place; Reavis, 2nd place; St. Ignatius, 2nd place; Argo, 2nd place. The highlight of the 1981 season was when the sophomores won the Catholic League Championship. Many outstanding performances occurred that day, but the most impressive were registered by Chris O'Donnell and Pat Tierney who lead their team to victory by finishing 1st and 2nd respectively in the Catholic League. Chris O'Donnell also set a new school record on St. Laurence's home 3 mile course at Bullfrog Lake with a time of 15:56, just missing the course record by 1 second.

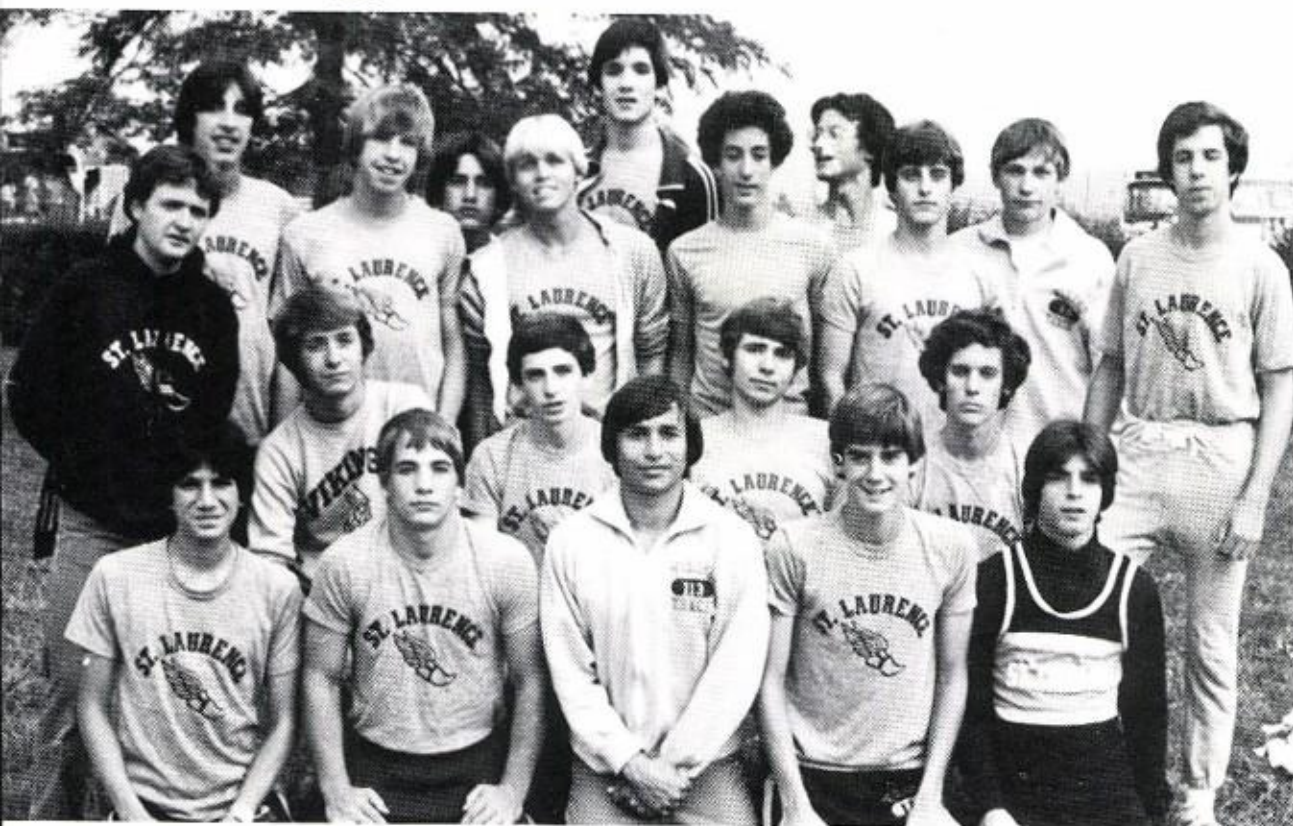

The freshman team also had a good start with a dual meet record of 3-5. The team finished 7th in Catholic League, and are expected to do well as sophomores next year.

Varsity Hares Well

Lead by co-captains Ken Schum, Bruce Meiner, and Jim O'Brien, the Varsity Cross Country Team advanced to the Sectionals meet for the 6th year in a row. The team, coached by Mr. Murphy, work hard all season, and had a dual meet record of 9-3. The team finished 8th in Catholic League, and advanced to the Districts meet, held at Bullfrog lake, where they took 3rd place. This qualified them for sectionals, where, unfortunately, they encountered tragedy upon tragedy, but finished a respectable 16th place.

The team was largely composed of underclassmen, and looks forward to a strong team next year, which will be lead by co-captains Jim Moran and Jim Roach.

Soccer Reaches New Highs

The freshman soccer team got off to a good start under the coaching of Br. Verre and Mr. Gagner. The team did well despite the fact that a majority had never played soccer before. The members of the team learned the fundamentals of soccer, and will definitely be a credit to the sophomore team next year.

The sophomore soccer team had an outstanding season this year, compiling a record of 10-5-3. Many players improved greatly since freshman year, as a result of hard work put in by both the players and much time and effort from Coach William Miller.

The team was lead in scoring by Peter Perisic who had 14 goals and 10 assists

which set the Sophomore Scoring Record.

At the end of the season, the team worked its way into the Catholic League Championship game, which, unfortunately, they lost. The team finished a respectable third place, behind Br. Rice and Gordon Tech.

The Varsity team too had a good year. Led by Coach Mr. Kearney, in his first season ever, the Vikes cruised to a 9-7-5 record.

Bob Lahey and Mike Reilly led the Vikes on the field. Lahey received the 1981 MVP and All-Catholic and All-Sectional honors. Reilly got All-Sectional and Catholic as well as being the leading scorer.

Viking Golfers

The varsity golf team shot well this year, finishing with a 6-4 record.

The team did very well in competition, taking the following places in various tournaments: Second place, Quigley North Invitational; Third place, Catholic League; Second place, Districts; Fifth place, Sectionals. Some outstanding individual performances were as follows; Ed LaBuda, third, Catholic League; Fred Formas, 7th, Districts; Marc Caifano, 10th, Sectionals.

Though the Vikes fell short of their expectations throughout the season, support and enthusiasm were seldom lacking from neither the students nor the team itself. The squad had gotten off to a bad start with a defeat handed to them by long time rival, Joliet Catholic. From that point on the team was plagued with costly injuries and strong opponents. Yet even in such difficulties, the team was able to make impressive showings such as a 41-0 victory over Julian and an exciting 21-20 Homecoming win over St. Francis de Sales.

Unquestionably the game of the season, the Homecoming game with St. Francis provided both excitement and cheers for everyone. An exciting and relatively close half was followed by an exceptionally good half-time show by the Gold 100. The second half ended in the Vikes favor who held a small, one point advantage over their opponents.

The Vikings ended the troubled season with an overall record of 3 wins and 6 losses.

Frosh and Soph Off to Good Start

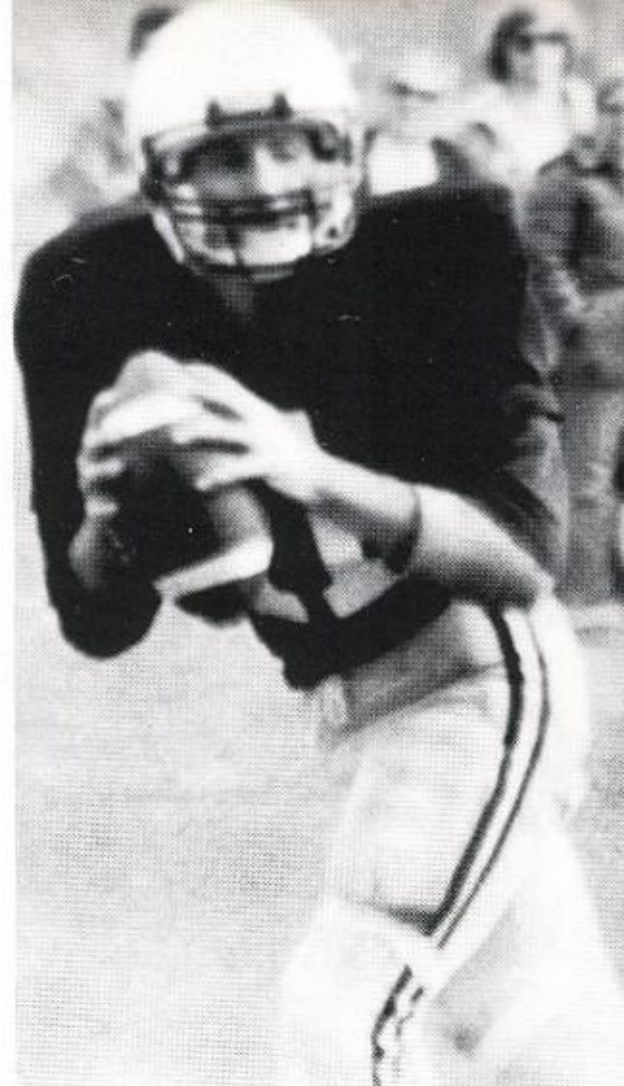

The Freshman and Sophomore Football teams at St. Laurence are not noted for their great performances, it was not different this year, but a usual much promise was shown on the field and great talent began to develop.

Though the Sophomore record was a poor 3-5 on paper, things were looking a lot better for the young Vikes in the future. They will no doubt be of great aid to the promising crop of Juniors going to be seniors next year.

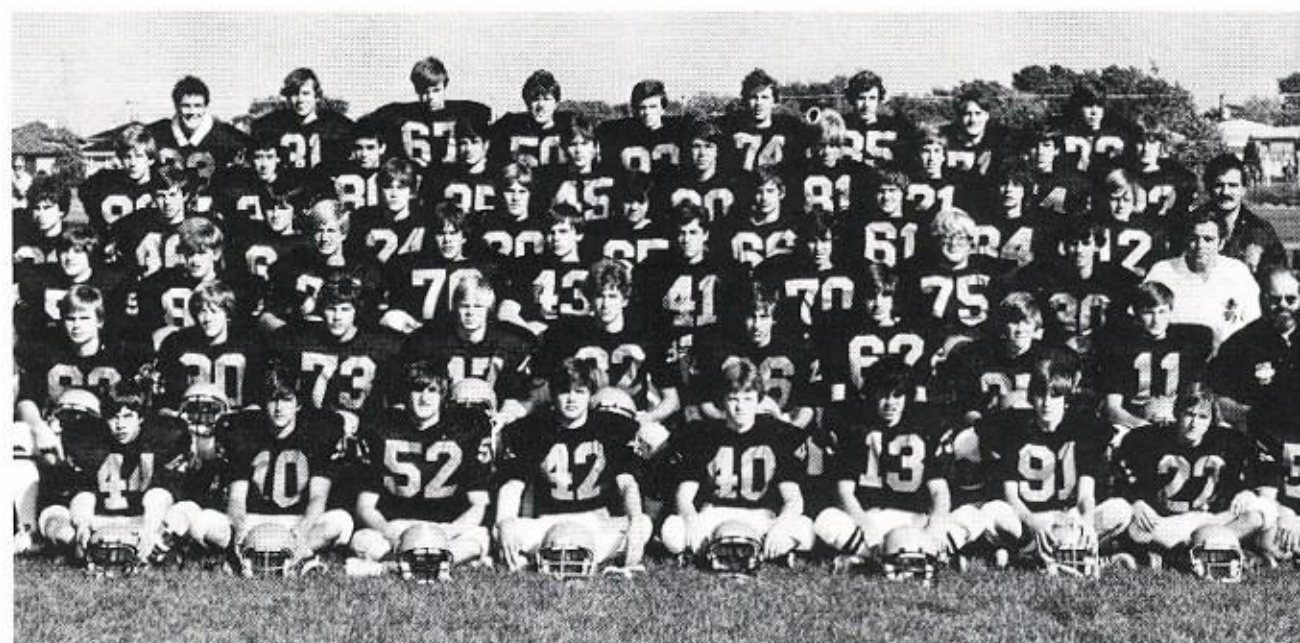

The Freshman team too showed great development individually, but just could not pull it together on the field. Their record reflected it but not their spirit and determination. There is much hope for both these teams of young promising

Vikings.

The swim team, coached by Mr. Caliendo, had a good season this year, finishing with a record of 8-5. The team took 4th place in Catholic League, and for the first time took third in Districts. The team also did well in invitationals, taking home a third place trophy in both the Leyden Invitational and the Shepard Relays.

Records set this year are as follows: 200 Medley Relay — 1:48.19 — Steve Wasowicz, Stan Widlacki, Mark Kenkel, and Chris Norville; Diving — 110.20, 6 dives, and 183.5, 11 dives — Barry Nelson; 100 Backstroke — 1:02.38 — Steve Wasowicz; 100 Breaststroke — 1:07.17 — Stan Widlacki; 400 Free Relay — 3:30.85 — Chris Norville, Craig Pelligrini, Paul Rathman, and Dave Krueger. Other outstanding performances were by Chris Norville, who was Catholic League Champion in the 50 yard freestyle, which was a first for St. Laurence. Some special awards were the High Point Award — Chris Norville, and the M.V.P was Dave Krueger.

Vikes Perform Well

The Viking Hockey Club performed well as usual.

The club, coached by Coach Mr. Kurzawski, went into the state quarterfinals although only finishing 7-7 in the Catholic League.

Senior Joe Fowler was in particular a standout for the Vikes on ice. He was voted M.V.P. overall and on defense. Junior Mark Nutile led the Viking scoring attack as he led the Vikes in goals.

Basketball Vikings Provide Thrills

The surprise team of the year for everybody at St. Laurence, except them of course, was the Viking Basketball stars.

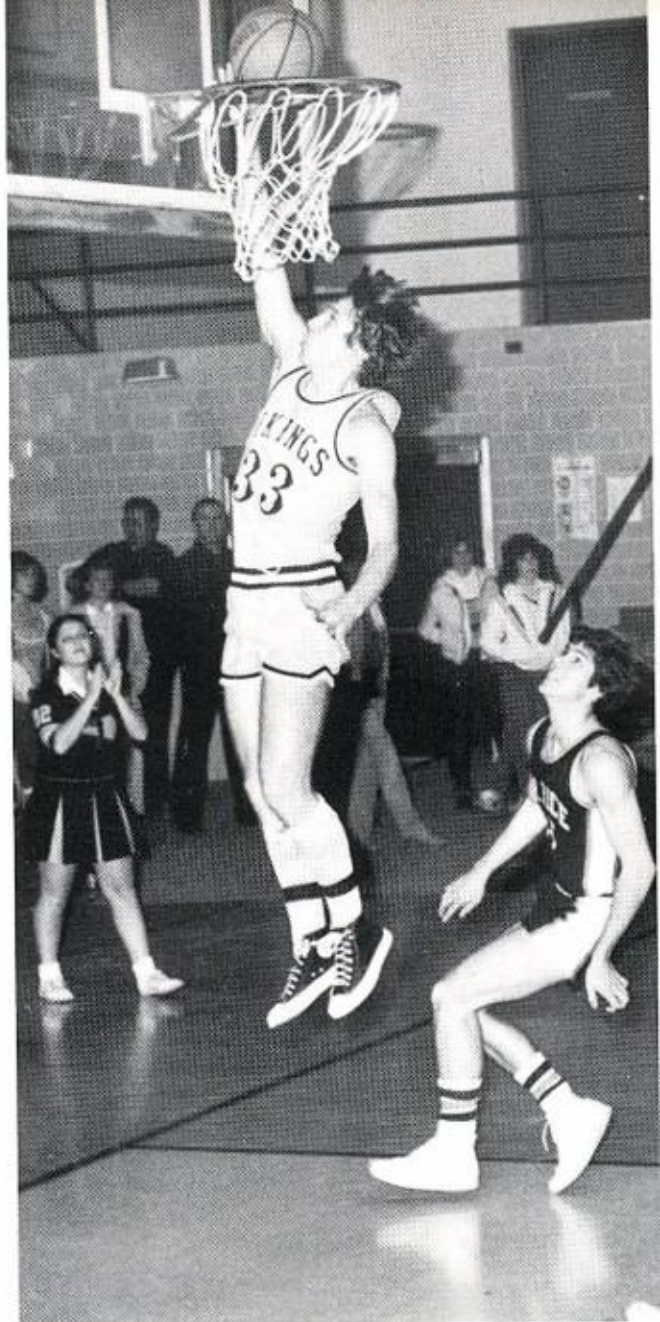

Led by Coach Prestinario on the bench and Brad Blokell and Bob St. Clair on the court, coaches Mr. Kruska and Br. Krammer helped the Vikings whip themselves into good shape for the IHSA tournament. After a mediocre regular season, the Vikings surprised everyone in taking the Richards Regional after being considered a long shot at best to win.

Perhaps the most memorable moments of the year came at the expense of the St. Rita Mustangs in the Thornridge Sectional, where the Vikings with the constant play of 6-6 Brad Blokell and inspired shooting and play-

making of Craig Gaska burned up the court. The fans went nuts.

They were there in numbers too as the Vikings advanced to play Mendel after being embarrassed by them earlier in the season. The game was close all the way but Mendel emerged victorious. Although there seemed to be the air of victory even in the midst of defeat. The Vikings, true to Viking tradition, turned a good year into a great one and provided thrills for all.

Sophs Finish Well

The Sophomore Basketball Team had what could best be called a productive season.

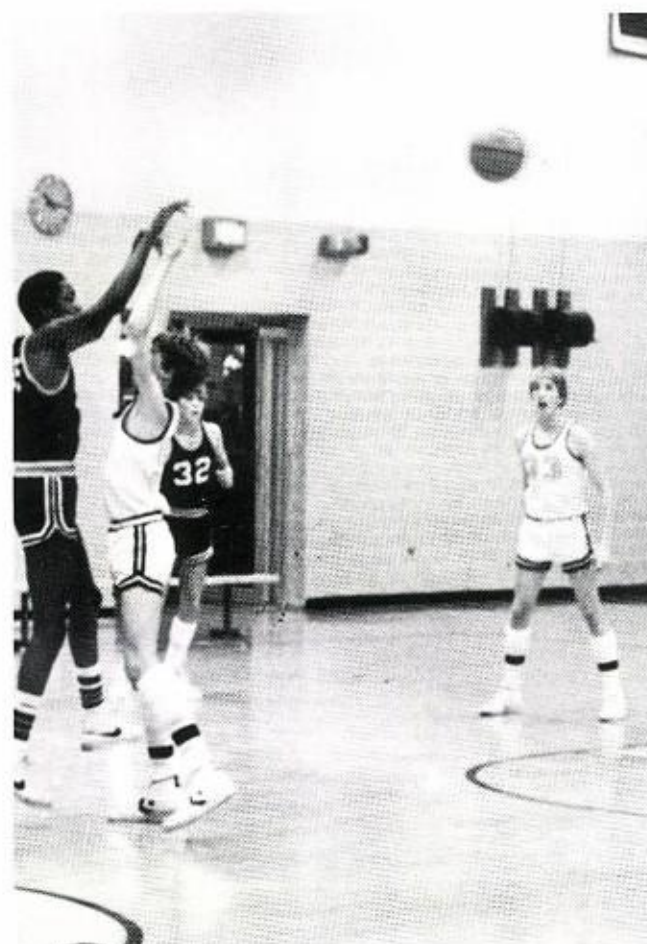

Under new Head Coach Mr. Kruska the sophs pulled together to have a near .500 season.

Without the services of Varsity standout Mark Jenner, the team functioned surprisingly well. The sophs appear ready to fight it out with the big guys in Varsity next year.

Frosh Get Good Start

The Freshman Basketball Team broke ground early in the season with a couple of tough losses and impressive victories.

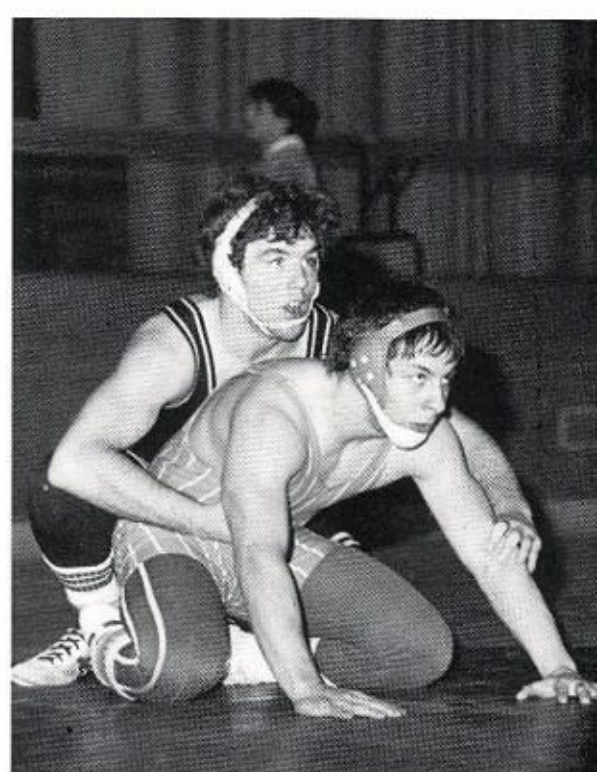

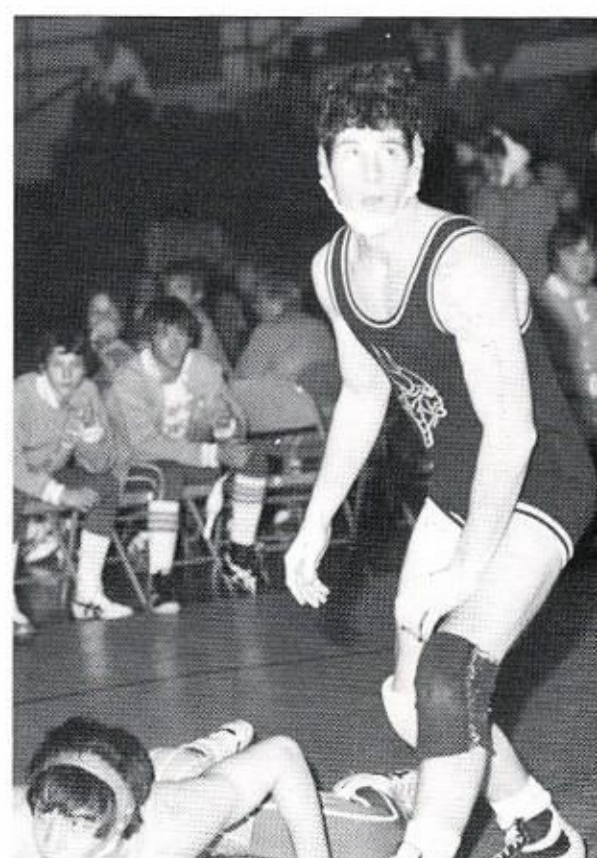

But as usual more important than winning they knew they were building a solid future with such young prospects as Denis O'Donnell, Tom Demagala, Ray Schoenfeld and Mykl Roach.

The 6-13 A-Team record did not accurately reflect the Vikes hard fought performance on the court.

An especially talented Viking squad accomplished what no other team in St. Laurence history had done, captured the District Championship. Riding their third consecutive Catholic League Championship, the Vikings entered the IHSA district tournament with a regular season record of 17 and 1 and an equally impressive fourth ranking in the State. The team dominated the tournament which was held here at St. Laurence. It succeeded in sending ten Vikes on to the Sectional Championship at Richards. Two Vikes, Keith Healy and Tim Cocco, emerged victorious and journeyed down to the State Championship in Champaign where Keith placed second among all wrestlers in state.

Vikes Win Big

St. Laurence had one of it's best years ever. The Varsity and the Frosh Sophared well and still came out with a strong team for next year.

The Frosh Soph team coach by Coach Mr. Tarjan weathered a couple of early setbacks to emerge with a respectable 16-3 record. The team really worked well as a unit and that is crucial to having success at this difficult game.

The Varsity trully had one of it's finest years ever. With a veteran squad, Coach Mr. Fabrizio led the team to a 27-12-1

record. The record does not speak for itself, the team ended up among the top in the state.

On the field the Vikes were led by All-State Center fielder Dan Grunhard, and All-Catholic Bob Zeeb, Don Bestwina, and Bob Stakenas. Also the efforts of several Junior standouts comtributed greatly to the success of the team, among them pitcher Tony Lewis (12-1).

The Vikes carried into sectional plat before losing heroicly to Thornridge.

Vikings Play Tennis

The Tennis team went into a rebuilding process. The sport, which had in the past never really been pushed as a major sport in St. Laurence, began to gain new people and attract a larger group of people to it.

Amel Mariano led the Viking attack with his consistent play as a Junior on the Varsity squad. Amel was backed up with the steady play of his brother Russel and several other young Viking underclassmen.

Mr. Draski and Coach Pivarunis led a well rounded physically fit squad that accepted the challenges of superior opponents with the courage of Vikings.

Top: Amel Mariano, the Filipino Wonder, delivers a smashing return. **Bottom:** The Varsity Tennis Team: (Front Row) Amel Mariano, Noel Teodoro, Jim Chico, Joe Boland, Russel Mariano, (Back Row) Bob Shatkus, Chris Wetke, John Quak, Ron Kuzlic, Coach Mr. Draski.

This year's track team had a fairly decent season, the Frosh/Soph team took second place in Catholic League, and the Varsity also performed well.

One of the highlights of the season was, for the 1st time St. Laurence sent pole vaulter Bob Junkrowski down state, where he took an overall 12th.

Arrival

On June 4, after three vigorous days of finals, the Viking ship reached its destination as another year came to a close. Though it is hard to fathom all the homework assignments that had been done and copied as well as all the jugs that had been served by so many Vikes, the time spent here had on the whole been an interesting experience.

Academically, the Vikes had pushed themselves to their limits in such demanding courses as film studies.

Though the Vikes fell short of their expectations in Football, they did achieve considerable success on the wrestling mats, the basketball court, and the baseball field.

Coach Trombetta showed that St. Laurence is a true state power in Wrestling as Coach Prestinario and his Big Gold thrilled everyone by taking the Richard's Regional. Likewise, Baseball made a big name for the Vikes in state play.

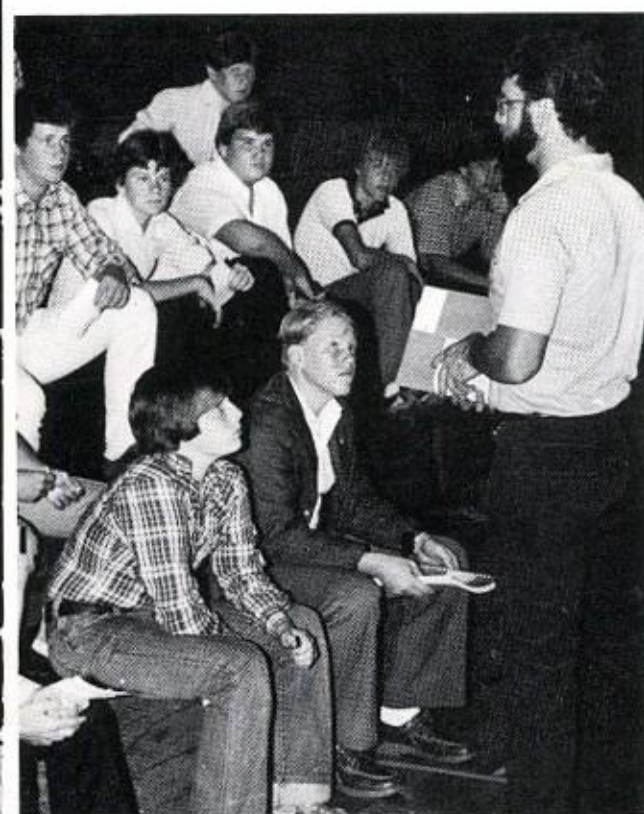

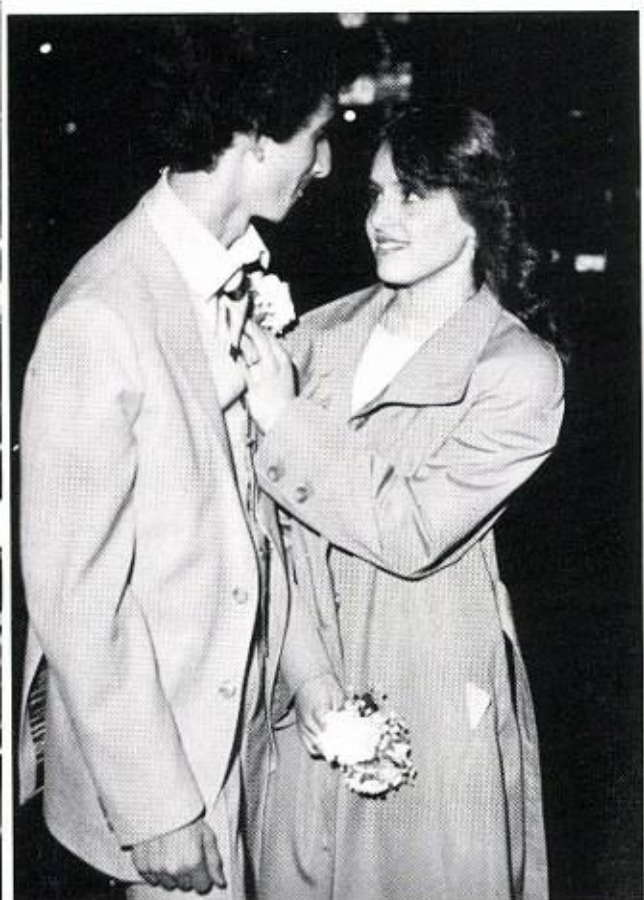

Once again the Vikes demonstrated their usual qualities of leadership, performance, and spirit as everyone had a great time at Home Coming, Junior and Senior Prom, and the Sophomore Date Dance. The students demonstrated social awareness by electing a non-traditional Student Council President.

The year showed the Vikes to be different and challenging.
